

# art's Delight's Great elcome to Opposition Candidates.

Opposition candidates arrived Saturday afternoon, April 20th, and were met by a host of people. As the train pulled into the station they were met by a host of people, young and old, to welcome the team, Bradley, Hodder and the Hon. Mr. Bannister. Cheers were given for the Hon. Mr. Bannister and party. After a short greeting by all they proceeded to the boarding house. Long before the hour appointed for the meeting people assembled at the Hall to see the Opposition candidates, and long both seats and standing were occupied. Mr. J. G. Stone was the first speaker, and when he spoke the whole audience was wild with enthusiasm. Mr. Stone, having addressed us for about an hour, gave the idea of the way the country's good was wasted, and then not half the outrageousness of the waste. Mr. J. G. Hodder, the next speaker, gave a hearty welcome. He gave account of the waste of money on roads, etc., again reminding of the Road de Luxe, Badger and Lake Roads. Mr. F. G. Bradley, the gun of the team, was then called upon. He dealt with some of the brilliant lecture was quite frequently punctuated by a familiar quotation, "By Their Deeds Shall Know Them." Four questions were asked by supporters of the present Government and readily answered by the Opposition candidates. The question being brought on by Bradley, who offered \$100.00 per cent for the next 20 years to any man in the Hall who would sign his name to an agreement or contract, that he would write the signer not was the agreement or contract. A member of the Government not catching the joke of the subject very quickly replied that it was his friend, "What's the contract?" Mr. Bradley replied that it was his friend, "What's the contract?" The same man is being asked by thousands of Newfoundland voters to-day, to sign the Contract of the Humber? To say the few heeled presences so astonished, they had (Legge) to stand nor need it to lean on. This undoubt-

I had gone to the golf links to meet and accompany my husband home after his game.  
Seeing a player coming toward me from a distance following up his ball, I thought I would assist him and so I picked the ball up off the green and threw it back to him. Then as he and his comrades neared the green an argument ensued as to where the ball had been.  
I am now afraid to visit the links

**West End Electors!**  
Editor Evening Telegram  
Dear Sir—  
Bennett or Squires—A country to live in or quit, is the burning question of the hour and I feel it my duty to give my views as briefly as possible. Three years ago, when Squires and Coaker took charge, our Government and business men were prosperous and happy, with millions of dollars to their credit—To-day our Government is in a deplorable state and a number

of our business men have gone to the be for sale and ten thousand of our wall. Part of our country is said to hardy sons have left our shores. There is not a civilized country, in the world, that has been so mismanaged as Newfoundland has been during the past three and a half years, and yet the Squires Government is offering its services to finish the job. There is no necessity to review those three and a half years of misgovernment; the globe trotting and squandering, of which every Newfoundlander knows to his sorrow. Sir Richard selected St. John's West and got his credentials. It is now up to the electors of St. John's West to make an example

of him for his utter incapableness; in order that we may redeem our country. Electors of St. John's West, I have no doubt in my mind that the verdict of the ballot box will be that Squires is "guilty." Further—if every man viewed the case as I do, there would not be a man in the West End who could have proposed either Campbell or Squires yesterday—as to Fitzgibbon, we can only offer our sympathy for his being identified with such an incapable government. As regards the Humber Deal I have no doubt the stock is genuine but is under offer by one who made 23 promises on the eve of his previous election; but to date he has failed to deliver the goods. Before closing I wish to thank Mr. Monroe for "bearding the lion in his den," and I trust that on polling day, we will see W. F. Coaker a badly beaten man.  
Yours truly,  
T. WALSH.

## Contradiction by a Goulds Voter.

Editor Evening Telegram.  
Dear Sir—An item came to my notice in the Daily Mail of the 17th inst. The glowing headlines were as follows: "Goulds solid for Liberals!" You can take this for granted, it was all a game of bluff. Just imagine a crowd of sensible, industrial men from this place to be supporting the Squires-Coaker Party. No, Mr. Editor, I can guarantee 90 per cent in the Goulds for Messrs. Moore and Cashin. There is a total of 98 voters in here and out of this number there are some 80 solid for the Opposition candidates. I saw by the Mail also that there were upwards of 300 people present to do Hearn and McGuire honor; but, Mr. Editor, if you were to count every man, woman and child in the Goulds you would not get 250 altogether. Only half the voters were present. As regards to the great display of guns that were fired on their departure, it was only a bluff by the boys outside trying to capture a few dollars out of Hearn's grab-bag. Mr. Editor, as regards those names I saw in the Daily Mail, there are some in the Goulds you would not get 250 names there that are not in the Goulds at all to my knowledge; and some were doped to a certain extent, and did not know what their names were being registered for. Probably they thought they were going to get a haul out of the so-called grab-bag. Wait until May 3rd, when the ballots are being polled. Hearn and McGuire will fall flat and they will be lucky guys if they will save their nomination fees. When the Government candidates, Hearn and McGuire were departing from the Goulds for St. John's, they asked for a good send off and the response that they received was cheer after cheer for Messrs. Moore and Cashin and Bennett and Better Times. Now, Mr. Editor, the intelligent voters of the Goulds are anxiously awaiting the return of Messrs. Moore and Cashin from the Southern Shore, where they are making a grand canvass of the district. The whole shore as far as I am aware is joining hands for Moore and Cashin and Bennett and Better Times.  
Yours truly,  
LOWER GOULDS VOTER.

# When YOU Buy Sunlight Soap You Get More Soap For Less Money!

Every bar of Sunlight Soap is guaranteed pure Soap. Sunlight never becomes bad, in fact it improves with age, and is so pure, that it will not injure even a baby's tender skin. Levers 1000 pounds guarantee of purity proves the truth of these assertions.

Sunlight Soap, being ALL PURE SOAP, without the addition of injurious chemicals, will remove the dirt from even the finest clothing, without in any way injuring the clothing.

Cheap, injurious soaps, will injure your clothing and as clothing costs more than soap, it will not pay you to save a few cents on soap, only to lose several dollars on your clothing, therefore, use Sunlight Soap, which is guaranteed, ALL PURE SOAP.

Sunlight Soap in 12 ounce bars costs 15 cents per bar, therefore, a bar of Sunlight costs no more than any 8 ounce bar for which you pay 10 cents or any 4 ounce bar for which you pay 5 cents.

From the foregoing you will realize that an 8 ounce bar of soap for 10 cents is not cheaper than a 12 ounce bar of Sunlight for 15 cents. Don't let anyone fool you into thinking otherwise. Sunlight is the purest and least expensive of laundry soaps.

If you buy Sunlight Soap in cartons containing 3 bars of 12 ounces each, the cost will be less than for any 8 ounce soap at 10 cents, but as Sunlight is the best and purest of soap, you will really get more soap for less money.
