GRAND TRUNK SETTLED.
The Grand Trunk Railway has settled with Mrs. Ward, whose husband was killed on the Wellington street crossing last February. An action was entered against the company by Solicitor J. C. YOUNG PEOPLE'S SERVICE.
The Young People's Society of Willing Workers of All Saints' Church were very successful last evening in the service of praise that they gave. It was also under the auspices of the choir of which the choirmaster, Mr. E. Gardener, and the organist Miss Josie McBride. Those who took part, outside the choir, which gave a number of excellent selections, were: Miss Lank, Miss P. Wright, Mr. P. Barton, Mr. Edward Webster and the Kenwick Male Quartet, Messrs. J. Trick, J. A. Bowman, J. Gregory and W. Spence.

WEDDING IN WOODSTOCK.

At the wedding yesterday afternoon at old St. Paul's Church, Woodstock, of Miss Edith Leila Peers, to Dr. Andrew H. Montgomery, of New York, the wedding march was played by a former schoolmate of the bride, Miss Ethel Brock, of this city, who returned last evening to her home here. The bride is a daughter of Mr. John Peers, of Woodstock, and both she and the groom are graduates of Toronto University. The marriage was quite a brilliant event, the church being beautifully decorated for the occasion, as well as the home of the bride, where a reception was afterwards held. Brock played Lohengrin's march as the bride party entered the church, which was crowded with guests and friends. The bridesmaid was Miss Jessie Fraser, of St. Thomas, and the bridesmaids were of Hamilton, performed the ceremony.

SOUTH WESTMINSTER CONCERT.
The Harold Jarvis concert at St. Andrew's Presbyterian Church, South Westminster, Monday evening, was a magnificent success, notwithstanding the downpour of cold rain and the bad condition of the roads. The night altogether was one of the worst of the season. Yet an audience more than double the size of what was expected filled the church. Mr. Jarvis was at his best. Every number was enthusiastically received and enjoyed. His rendering of "The Holy City," and other sacred numbers was superb. Miss Wynifred Logan, of London, elocutionist, was heard for the first time by a Westminster audience, and her numbers were well received. Miss Logan has a fine presence on the platform, a voice of great sweetness and purity and is entirely free from affectation. The programme was of a high order and gave universal satisfaction. Such concerts have an educative influence which is of great value in any community, and the Presbyterians of St. Andrew's are to be heartily congratulated on their success in this direction.

Love Song Left Unsung.

Dr. Charles H. Zimmerman, the leader of the college choir at Battell Chapel, New Haven, Conn., and Yale's ex-champion golf player, surprised his pupils in the Hill House high school, where he is professor of Latin, by singing a love song to them.

The occasion was the closing exercises in the old high school building, which has been in use for 30 years. Professor Zimmerman's part on the programme was a song of the sea which he sang with a dash and abandon that pleased his youthful audience. For an encore Dr. Zimmerman started "Oh, Promise Me," the impassioned love song from "Robin Hood." Dr. Zimmerman had only proceeded a little way in his musical love-making when the young women began to titter. The thought of Mr. Zimmerman, who had always been associated in their minds with Latin roots, in the role of an impassioned lover, was too much for their self-control, and before the professor had gotten half through the song the room was in an uproar. Rising from the piano, Dr. Zimmerman said: "I hardly expected such a reception, and I shall be obliged to continue."

TALBOT STREET CHURCH
IS DECIDEDLY PROSPEROUS

Past Year Has Been One of Success and Progress.

Much Credit for This Is Given to Dr. Sowerby.

The members of the Talbot Street Baptist Church feel gratified at the excellent reports that were presented at the annual meeting, which was held last evening.

The outlook for paying off the debt of the church during the next year was considered very bright, it being stated that \$1,300 had been paid on the mortgage during the past year.

The receipts had been, according to the treasurer's report, \$6,140 51, or an increase of \$1,517 10 over the previous year. The balance of cash on hand was \$372 21. The amount received for missions had been \$663 21.

The clerk made his annual report, in which he stated that the present membership of the church was 480, a total increase of 80 and a net increase of 53 over the previous year. It was pointed out that interest in the work of the church had materially increased. The attendance and collections at the Sunday school had also increased, while excellent reports were had from the various church organizations, the Young People's Union, the Ladies' Aid.

MR. SAYER'S FAREWELL
Resignation as Y. M. C. A. Secretary Takes Place at Once.

The board of directors of the Young Men's Christian Association met last night and accepted the resignation of the secretary, Mr. C. R. Sayer, which was placed in the hands of the board some two weeks ago. At the request of Mr. Sayer the resignation takes effect immediately. The appointment of Mr. Wm. Spence as temporary secretary has been made. It is understood that Mr. Frank Holman also has resigned.

The meeting of the association's Bible class for closing the members presented the leader, Mr. Sayer, with a gold watch and an illuminated address, while Mrs. Sayer and Miss Ware, the president of the Women's Auxiliary, were made the recipients of bouquets of roses. The address was read by Mr. W. C. Benson, and the presentation was made by Mr. T. A. Bryan, the secretary, and Mr. Sidney Ash, the treasurer of the class. The address read as follows:

"We are met here tonight under both pleasing and painful circumstances—pleasing because of present surroundings under skies through the heavy clouds which have brooded the sunlight and more, reminding us again that the darkest clouds wear a silver lining; painful because we must say goodbye to our teacher and leader as general secretary of the London Young Men's Christian Association."

"We are reminded that the thirteen years of faithful service which you have rendered to our official capacity and some of us here remember almost as many years with you as leader of this class, which you were the founder of in old Victoria Hall. We are also reminded of the many pleasant times we have spent in the hall, and the many strong friendships formed among the members whose friendship is always worth having, for we have always been mainly, Christian fellows—unlike the milk and water individuals which you are so often accused of being. But more to be remembered is the fact that you have been a faithful servant of the Lord."

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, escaped surgeon's knife, by taking Lydia E. Pinkham's Vegetable Compound.
"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. 'I felt so weak and sick that I felt sure that I could not survive the ordeal. The following week I read an advertisement in the paper of Lydia E. Pinkham's Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, and in the end I was cured by it. I had gained eighteen pounds and was in excellent health.' —Miss ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

MUSIC AND DRAMA
Lewis Morrison's Faust Attracts Small Audience.

An undeservedly small audience greeted Lewis Morrison, "the only Mephisto," last night, when he appeared in his production of "Faust." Mr. Morrison seems to improve each year, and his artistic portrayal of Mephisto is well worth seeing. Rosabel Morrison made a delightful Marquise, and the balance of the support was fairly good. The audience were treated to a picture of the lower regions made very realistic by the adequate scenic effects that Mr. Morrison carries.

the offering at the Grand Friday, Saturday and Sunday matinee. As a scenic production this play ranks second to none, and there are many new effects particularly novel. "The James Boys in Missouri" is a new play interwoven with a romantic love story.

TOLSTOI'S RESURRECTION.
Tolstoi's masterpiece, "Resurrection," the American production of which will be given at the London, matinee and night, on Saturday next, is an intense study of the human emotions. "Resurrection" is such a faithful picture of the horrors of prison life in Russia and Siberia that its publication was forbidden by the Czar. This play is a change from the regular run of plays at the London, and should be well patronized. Seats will be on sale tomorrow.

RAIN HAD NO TERRORS
Members of W. C. T. U. Turned Out Well Notwithstanding Weather.

Rain has, of course, no terror for true members of the W. C. T. U., and yesterday some 30 or more of them proved this by coming out in the very disagreeable weather to attend the meeting that was held in Somerset Hall.

Routine business was transacted and then the new anti-cigarette legislation was talked over. The speaker's expressions were made to the Dominion Government for favoring the anti-cigarette bill that is before the House this session. The first thing that occurs to the course events had taken recently in this regard.

Three letters were read from lumbermen missionaries in Muskoka, Algonoma and the Rainy River district, all expressing the great need of more missionary work among the lumber camps of the north, and also in the new settlements that are being laid in New Ontario.

Evangelists Crossley and Hunter addressed the union for a few minutes, promising to come again and give the ladies a whole afternoon before they left the city.

ACCEPTED THE PLANS
And Tenders Will at Once Be Called for New Sunday School.

The congregation of the First Presbyterian Church met last night and decided to fill a long felt want by erecting a new building for the use of the large and growing Sunday school. The plans prepared by Mr. H. C. McBride were approved of, and contracts will be awarded for the work at an early date. The new school will likely be occupied some time before the end of the year, as six months is considered ample time for its completion.

At last night's meeting the congregation did not discuss the question of the need of the new school—that is acknowledged on every hand—but there were other matters to be considered. The cost of the school will not exceed \$15,000. The following building com-

Fish Ejected by Volcanoes.

The stories of dead fish thrown out by volcanoes have been revived by the recent West India catastrophe. In particular, great quantities of them are reported to have been cast into the sea from the Island of St. Vincent. It is pointed out by a French expert, M. Girardin, that these fish are simply the denizens of the lakes formed in the craters during their long periods of inactivity. A crater first becomes clogged, then fills with water, and the water is in time peopled with fish that find access to it through subterranean channels. When volcanic activity is resumed, the first thing that occurs is an explosion that blows the lake-water, fish and all—into the air, and distributes it over the neighboring land and water surface—Success.
