**DID NO BUSINESS TODAY**

**Central National Bank of Boston**  
Closed Its Doors.

**Official Examiner Takes Charge—De-**  
posits Amount to \$3,500,000.

**Boston, Nov. 14.**—The Central  
National Bank of this city did not open  
for business today, the comptroller of  
the currency having ordered the bank  
examined to close its doors and take  
charge of its business. The closing of  
the bank is said to be due to excessive  
loans and a lack of quick assets. An  
appeal for aid was made to the Boston  
Clearing House Association, but the  
committee did not deem it advisable  
to assist the bank.

The bank was organized in 1873 with  
a capital of \$500,000. Its deposits ag-  
gregate \$3,500,000, and it is believed  
that this amount can be paid in full  
without an assessment on the stock-  
holders. O. H. Luke is president and  
J. Adams Brown cashier.

**UPHELD BY LAW**

**A Man in Kansas Has the Right to**  
Bury His Wife Alive.

**Emporia, Kan., Nov. 14.**—Judge Mad-  
den, in the district court last night,  
decided that a man had the right to  
bury his wife alive. The case asked for  
and was refused an injunction to  
prohibit a "professor" giving an ex-  
hibition of hypnotism by burying his  
wife for six days.

**THE DEADLY PARLOR MATCH**

**Must Not Be Sold After January 1 in**  
Greater New York.

**New York, Nov. 14.**—Fire department  
officials of this city have decided to  
stop the sale of parlor matches in  
Greater New York. They have given  
warning that after Jan. 1, matches  
for storage or sale of matches (except  
the sulphur variety), which can be  
lighted on other than a prepared sur-  
face, will be issued by the bureau of  
combustibles. This notice is the be-  
ginning of an effort to enforce an  
ordinance adopted some time ago. Ac-  
cording to the ordinance, matches of the  
bureau mentioned, 1,500 fires last year  
which cost eight lives were traced to  
parlor matches.

**Monopoly Wins.**

**London, Nov. 14.**—The London Wells  
provided on the opening day of the  
present season, the first municipal  
telephone service in this country, and  
now it has decided to sell its system  
to the National Telephone Company.  
This decision gives a great shock to  
the long-desired scheme for combating  
England's great telephone monopoly  
by means of a competitive municipal  
undertaking.

**Reciprocity With Canada.**

**Springfield, Mass., Nov. 14.**—Senator  
Chauncey H. Depew and Congressman  
Frederick H. Gillett were guests of  
the Springfield Board of Trade at a  
banquet here. Senator Depew, in his  
address, advocated some scale of reci-  
procity with Canada, immediate action  
on the Cuban proposition and stimula-  
tion of commercial relations with the  
South and Central American Repub-  
lics, and with Mexico. The proposed  
treaties with European Governments  
he pronounced too radical, and called  
for 10 per cent. when the patent of in-  
vention is granted. He predicted the  
Isthmian Canal within ten years, and  
said America should be ready for it  
whether by subsidies or otherwise,  
saying it is in the interest of sub-  
sidies to propose some practical plan for  
the rehabilitation of the American  
mercantile marine.

**Two Deserters Recaptured.**

**Kingsford, Ont., Nov. 13.**—Corporal  
Abba has returned to barracks with  
two deserters, captured near Trenton.  
They had been arrested some time  
ago, but escaped, being subsequently  
retaken. Trial by court martial awaits  
them.

## UNDER VOLCANIC ASHES AND DEBRIS

**Four Guatemalan Towns Were**  
**Buried—Great Loss of Life**  
**and Property.**

**San Francisco, Nov. 14.**—Particulars  
of the recent eruption of Mount Santa  
Maria, in Guatemala, have been re-  
ceived by the steamer Newport from  
Panama. According to the officers of  
the Newport, the destruction of life and  
property has been immense. Coffee  
plantations in the districts of Costa  
Cuaca, Chuava, Reforma, Palmar,  
Costa Grande and Keltutz have been  
buried 7 feet deep in volcanic ashes  
and debris. Thousands of cattle have  
been destroyed, and the loss of life is  
thought to be large.

The steamship Acapulco, bound  
south, arrived at Champerico while  
the volcano was there, and carried to  
San Jose, De Guatemala, all the pas-  
sengers that could crowd aboard. De-  
tails from the scene of the greatest  
damage were hard to get. One firm  
offered \$2,000 to any person who would  
go to their Miramar plantation in Costa  
Cuaca and bring news of conditions  
there.

The towns of Palmar, San Felipe,  
have been completely buried. Relthuleu,  
Mazanango and Quezatenango so  
far have escaped with little damage.

**OTHER VOLCANOS ACTIVE.**

**Rome, Nov. 14.**—The volcano on  
Stromboli (off the north coast of Sicily)  
has commenced a terrible eruption. A  
colossal fire is arising and incandescent  
stones are being emitted from the  
crater. Many houses on the island  
have been destroyed.

**Auckland, Nov. 14.**—According to ad-  
vices received here from Apia, Samoa,  
a violent eruption has broken  
out in Samoa, and the volcano is  
the largest of the Samoan group.  
Craters are reported to be emitting  
smoke and flames. One village in the  
vicinity is covered with two inches of  
ashes.

## GREAT COLONIZATION SCHEME; AMERICAN SYNDICATE IN IT

**Fifty Thousand Settlers Prom-**  
**ised for New Ontario**

**A DRAFT AGREEMENT PREPARED**

**Some 2,000,000 Acres To Be Settled**  
**in Ten Years—Government Likely**  
**to Adopt the Plan.**

**Toronto, Nov. 14.**—As a result of the  
conference on Wednesday between rep-  
resentatives of the Government and of  
the American syndicate who are seek-  
ing lands in New Ontario, a general  
understanding has been reached, and  
a draft agreement is being prepared  
to carry out the greatest colonization  
scheme which has ever been floated  
in this country.

In a general way the Americans un-  
dertake the colonization of 2,000,000  
acres of land within ten years, which  
means the location of 12,500 actual set-  
tlers, or probably 50,000 people. They  
will pay the Government 50 cents an  
acre, as in the case of ordinary set-  
tlement, and in all cases will comply  
with the ordinary settlement regula-  
tions now in force, the patent to issue  
direct to the settler, the company hav-  
ing the right to sell their right to the  
land as they see fit, but not to exceed \$3  
per acre in any case.

At the conference on Wednesday  
the Government was represented by  
Hon. E. J. Davis, Commissioner of  
Crown Lands, and Mr. Thomas South-  
worth, Director of Colonization, while  
the syndicate was represented by Mr.  
J. F. Egan, of Rock Island, Ill., and  
former Judge W. H. Utt, of Chicago,  
both of whom have been very active  
throughout the negotiations. Mr. Davis,  
in speaking yesterday of the negotia-  
tions, said the project had been dis-  
cussed very fully, that Mr. Egan and  
Judge Utt had met his views on many  
points that were being raised, and that  
a draft agreement was being prepared  
for submission to council, which, if  
approved, would be formally ratified  
within two or three weeks.

**A GOOD PROPOSITION.**

"The proposition seems to be an ex-  
cellent one for the purpose of coloniza-  
tion," said Mr. Davis. "The Govern-  
ment have absolute control as to the  
class of settlers to be brought in to  
be placed upon the land, which may be  
handed over each season, and while the  
maximum amount of land is stated to be 2,000,000  
acres, the agreement is from the Govern-  
ment that the Government may dis-  
continue giving land when it seems to  
be in the public interest so to do. They  
agree to construct certain lead-  
ing roads, and to afford other advan-  
tages for the opening up of the coun-  
try. The land will be paid for at the  
usual Government price to settlers of  
50 cents per acre, the patent only to  
issue when the usual settlement con-  
ditions are complied with, and only to  
the settler, and in no case to the com-  
pany, and each settler gets the usual  
amount of land provided for in the  
act, 160 acres. The company bind  
themselves to pay the settler's trans-  
portation to his location, loan him  
money to help in the erection of build-  
ings and improvements, and will have  
the right to sell to the settler at such

## A BRAVE RESCUE AT NIAGARA FALLS

**Woman Prevented From Com-**  
**mitting Suicide—Lost Life**  
**by a Runaway.**

**Niagara Falls, N. Y., Nov. 14.**—Mrs.  
Helen Costello, of Bugalo, was rescued  
from the brink of the American Falls  
yesterday by employees of the state re-  
servation. Word was received at the  
reservation office that a woman had  
attempted to commit suicide, and was  
floating down stream towards the falls.  
Superintendent Perry secured a  
quantity of rope, and hurried to the  
bridge which connects Green Island  
with Goat Island. The woman was  
seen clinging to a submerged log at a  
point a few feet below the bridge. A  
noose was fitted about the body of  
John Marshall, a reservation employe,  
and he was lowered into the rushing  
waters. He succeeded in reaching the  
woman's side and placed a rope about  
her waist. The two were then slowly  
hauled to the shore by a team of horses.  
The woman was landed safely. She will re-  
cover. Domestic troubles caused the  
woman to seek death. Perry secured  
Quebec, Nov. 14.—Thos. McNally,  
from Manchester, England, attempted  
self-destruction here last night, by  
jumping into the river from the Lower  
Basin, and was rescued from a watery  
grave, despite his exertions to drown  
himself.

**FATAL RUNAWAY ACCIDENT.**

**Niagara-on-the-Lake, Ont., Nov. 13.**  
A runaway which occurred here  
this afternoon, Walter Follett, aged  
35 years, lost his life. Deceased was  
in a lumber wagon holding a pair  
of spirited horses, when they sud-  
denly took fright and ran away. Fol-  
lett, who was not a very strong man,  
fainted and fell to the bottom of the  
wagon, in which were a couple of  
heavy planks. When the horses were  
caught he was found lying face down  
in the wagon, with the planks on top  
of him, badly bruised and cut about  
the face and head. Medical aid was  
summoned, but he died shortly after-  
ward.

## RICHER THAN UNITED STATES

**A Rosy Picture of the South**  
**African Country Drawn by**  
**a Traveler.**

**London, Nov. 14.**—The Cape Town  
correspondent of the London Times  
says that Benjamin Kidd, author of  
"Social Evolution," has returned to the  
Cape Colony capital from a tour of  
the Transvaal and Orange River  
Colonies and Natal. Mr. Kidd considers  
South Africa to be a richer country  
than the United States west of the  
Mississippi, and believes its future is  
assured. He thinks the leading ques-  
tions in the future will be of an  
economic character. He describes the  
country at present as being "without  
entrails." The principal problem be-  
fore the politicians, in the opinion of  
Mr. Kidd, is the creation of a middle  
land as fast as it was available, and  
population settled on the land, and  
class of well-paid white workers.

**TO TAKE OVER RHODESIA.**

The Daily Express this morning  
asserts that the principal object of  
American Secretary Chamberlain's visit  
to South Africa is to make arrange-  
ments for the British Government to  
take over Rhodesia.

**BRITISH TOO SLOW.**

Purchase by the Government of  
American locomotives for the Uganda  
railroad again has come up, and the  
House of Commons. Lord Cranborne  
stated, in reply to a question, that the  
locomotives had been ordered because  
they were urgently wanted, and be-  
cause English firms could not guar-  
antee delivery within reasonable time.

**Indian and White Girl Elope.**

**Chicago, Nov. 14.**—The elopement  
of Col. Robert Panther, a full-blood  
Ojibwa Indian chief, with Belle Lawson,  
a 16-year-old white girl, has caused a  
sensation in Pawhuska, O. T., and may  
lead to the murder of Panther by his

accompanies her on the search.
