Sir William Howard Russell, who without his knighthood would still be Dr. Russell, is 84 years of age. He is a war correspondent who won his spurs in the Crimea, giving some of the most remarkable campaign letters ever written. He was also present at the siege of Lucknow, another grand opportunity that he did not fail to make the most of. The Italian campaign of 1859, the American Civil War, the Danish War, the Franco-Prussian struggle and many campaigns in Africa he also witnessed.

Recently an old woman in Clichy, France, was told that she had won \$20,000 in a spanish lottery. Later she found she had been hoaxed, and the shock of the disappointment killed her instantly.
