Chihuahua, Mexico, Dec. 28.—Chihuahua is the saddest city in Mexico. Beautiful homes that, last year, were alive on Christmes eve with good cheer, are now scenes of gloom, with sober-faced soldiers standing guard over them. I came to Chihuahua a day or so ago to find out for myself just the condition of affairs here, I found Pancho Villa, the notorious bandit, in a new setting. Instead of sleeping with a rock for a pillow as he was forced to do for years, he was installed in the palatial mansion confiscated from Francisco R. Prieto and known as the "El Palacio de Lagrimas"—Palace of

Seventeen other beautiful homes, the owners of which had to flee for their lives when it became known that Villa was about to occupy Chihuahua, were confiscated for use of Villa's officers and men. Six large Spanish stores, with all their goods and wares, have been taken over by Villa, as all Spaniards that dared remain in the city after Villa entered, were fored to leave town and were not permitted to take anything with them.

Villa's excuse to me for the treatment he imposed on the Spaniards was that they have aided the Huerta regime in every way possible and that the Terrazza family especially have financed traitors to fight against him, and he says that he intends holding all the Terrazza's property, and is putting it up as security for the millions of paper money he is floating through northern He says he will not permit the Spaniards to stay in the State of Chihuahua, but will give protection to all other foreigners.

Luis Terrazzas, Jr., is still in custody at the governor's palace, where was taken after his capture at the British consulate. His wife and four children, who are still in Chihuahua awaiting the outcome of his fate, are allowed to visit him each day, and Villa allows him every consideration except his liberty. Villa is holding him for \$259,000 ransom.

I was received in state a few days ago by all the remaining women of the Terrazzas family and it was an unusual sight. If I had called on a queen, it could not have been more formal. The wife of General Don Luis Terrazzas presided, with her three daughters acting as ladies in waiting. I was shown into the state reception room, where I was given the seat of honor, and the family, consisting of children and grandchildren of the famous Don Luis talked with me for half an hour, and told me they would not leave Lincoln's rule for living: "Don't Mexico until they knew the fate of Luis, Jr.

I was treated very courteously by Villa and his men and gave no thought of danger only while on the military train going down from Juarez. I am the only newspaper man that has made the trip since Villa took Chihuahua. steer clear of biliousness, exercise, go I heard of only four executions since Villa took the city, and he declares they were necessary for the good of the country.

SIX OF THESE FRUIT LIVER TABLETS FOR EVERY MAN, WOMAN AND CHILD IN THE DOMINION.

In seven short year, "Fruit-a-tives" has become the most OPENED AT WASHINGTON famous and the most widely used medicine in Canada that has ever been introduced to the people of the Dominion. Even those who take "Fruit-a-tives" regularly and recommend these famous fruit juice tablets to their friends, probably have no idea of the enormous number of "Fruit-a-tives" that are being used by those wishing to regain their health.

Last year over eight thousand gross boxes of "Fruit-a-tives" were sold. As there are one hundred and forty-four boxes in a gross, this means that over one million one hundred thousand boxes were sold in 1912. And this year, the number will be still further increased.

This means a box of "Fruit-a-tives" for every six persons in Canada, or six tablets for every man, woman and child in the

"Fruit-a-tives" are sold in every section of the Dominion. On the rugged Atlantic coast, throughout the Maritime Provinces, among the French in Quebec and the English in Ontario, all over the great Prairie Provinces, and on the shores of the Pacific, "Fruit-a-tives" is the best selling medicine in stock.

This is true because "Fruit-a-tives" gives results. For chronic Constipation, Indigestion and Stomach Trouble-for Bad Blood, Skin Eruptions and Eczema-for Rheumatism, Sciatica and Lumbago-for Kidney, Bladder and Urinary Troubles-"Fruit-a-tives" cures when nothing else will.

In the head office in Ottawa, are hundreds of letters and photographs from grateful men and women who have been cured of sickness and suffering by "Fruit-a-tives." Many of these letters and photographs have been published by permission and have induced other sufferers to try "Fruit-a-tives." This is one of the factors in the demand for "Fruit-a-tives," which is now sold in every city, town, hamlet and crossroads store.

If you know someone who is troubled cut out this formula and hand to them, and you will have been the means of saving some poor sufferers perhaps from total deafness. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. Official records of New York state show that the Munsees, who are closely related to the Delewares, with the latter entered into a treaty with Sir William Johnston at Johnson Hall, following the Pontlac outbreak in 1765 This would seem to indicate that some time between 1765 and 1793 the Munsees moved westward towards Ontario. The treaty is signed with the names of the Munsee and Deleware leaders, and bears the totems of the wolf and turkey clans of the Munsees, and the tortoise totem of the Delewares the liberty of the Church, he accepted
