HOW TO VOTE!

"THAT IS THE QUESTION"

Men and women must come to a decision. Men and women are asked on Saturday to vote for or against prohibition and at the same time to vote for or against the sale of light wines and beers. It is universally allowed that all men and women are in favor of prohibition and how could they be otherwise? The slightest interest in the welfare of humanity, will disclose the fact that a sober, absolutely sober people are happier, wiser and richer. It is conceded that the vote for prohibition will be heavy. The act may not have been as well enforced as its friends would like, but as the days go by and men become wiser, the act may be and will be better enforced. Why disturb it? It was considered a good thing in wartime. It ought to be equally as good in these times of restoration and rebuilding. As above stated, it is conceded that it is a good thing, then why will men dally with it or for a little selfishness or indifference or for whatever reason will they vote to give us the sale of light wines and beers. Such an act, will completely destroy the effects of prohibition. Dallying with light wines and beers, must familiarize the person so doing with alcohol and a system more or less saturated with alcohol, will, as determined and made known by science, seeking for more and more light wines and beers until the day comes when the appetite and the drinker will seek for strong liquors. It follows as the night the day, that a man or woman who habitually drinks light wines and beers will come to a state demanding wines and beers is a damaging vote, a vote that will spoil the good effects of the vote for prohibition and we call upon all the electors of Restigouche County, intelligent men and women, men and women brought up under the influence of the churches, to vote FOR prohibition and AGAINST the sale of light wines and beers. Doing this, we can face the issue squarely as a people who have done their duty to themselves, their constituency and to the generation that follow.

CAMP—CHALMERS.

A very pretty wedding was solemnized on Wednesday afternoon, June 30th at the home of Mr. and Mrs. James Chalmers, Belledune, when their daughter Lena Jean was united in marriage to Malcolm Kenneth Camp of St. John son of the late Dr. George R. Camp of Maugerville. Rev. A. W. Archibald pastor of St. Luke's Church, Bathurst officiating. The bride who was given away by her father, looked very attractive in a travelling suit of navy tricotine with large picture hat of beige crepe. She wore a corsage bouquet of pink roses and white sweet peas. Mrs. George Chalmers, sister of the bride, rendered Lohengrin's Wedding March very effectively. The house was nicely decorated for the occasion with cut flowers and ferns. After the ceremony the guests repaired to the dining room where a dainty luncheon was served, after which Mr. and Mrs. Camp, motored to Bathurst and took the Ocean Limited for Montreal, where they will spend their honeymoon. They will make St. John their place of residence when they return.

Vote FOR Prohibition

Saturday, July 10th

ELECTION INFORMATION

The Act in Brief

The present Prohibition Act legislates against the sale of intoxicating liquors for beverage purposes, and only allows it for manufacturing, Sacramental and medicinal purposes.

The Act also provides for enforcement of the law and penalties for violation.

This Act was a war-time measure and the Government now wish to know from the electors whether they want Prohibition continued or not.

We Know Its Faults

The Act is weak in that it allows too much latitude in the case of doctors, druggists and vendors who have practically the dispensing of liquors within their own hands.

Further Legislation Depends on You.

Application has already been made by the Temperance people to have the Act amended in regard to the recognized weaknesses and the Government is sympathetic—BUT NOTE THIS—the Government put off the granting of these improvements to make the Act more effective,

until the result of this election PROVES that the people want Prohibition, and by the majority of the vote the Government will know just how badly the Electors do want it.

You Vote at this Election may have very important influence on the future action of the Government.

Are You Aware of This?

In 1919 an Act Passed the House, providing that the Government shall take over the entire liquor business within the Province, for the three purposes contained in the Act, and also giving them more stringent control over the sale of extracts, essences and tinctures—BUT MARK YOU, the Government has refused to take action on this amendment, until the voice of the people has been heard at the coming election.

top Importation Our Next Move.

Authority to Prevent the importation of Liquor into the Province does not rest with the Provincial, but with our Dominion Government, which has already stated that a vote may be taken on the question in New Brunswick, on the recommendation of the Legislature. If the result at the coming election satisfies them that the people actually want Prohibition—we are sure to get it.

WHAT YOUR BALLOT CAN DO JULY 10th

FIRST—Provide the way for necessary Amendments to the Act that will make it really effective.

SECOND—Show the Government that the people demand Prohibition, and want the laws enforced.

THIRD—Hasten the election that will shut out the importation of liquor into the Province.

REMEMBER! You are Voting for Prohibition as Against a Return to the Bars.

Don't Fail to Do a Man or Woman's Part July 10th.
