FERGUSON & WALLACE

CAMPBELLTON HAS NEW TOWN HALL

New Building Credit to Town and Will Provide Needed Facilities.

Except for a few minor details, Campbellton's new municipal building on Town Hall street is complete. The building, which is situated on Roseberry Street East about the corner of the town and at a convenient point for the appearance and entrance of the town and its residents, is a credit to the town and its residents. The building is of concrete with a steel frame. It is a two-story building, with a total area of 1,200 sq. ft. It is a credit to the town and its residents.

The new Town Hall occupies a site immediately next to the town hall, which is a credit to the town and its residents. The building is of concrete with a steel frame. It is a two-story building, with a total area of 1,200 sq. ft. It is a credit to the town and its residents.

The Council Chamber on the second floor is probably the chief feature of the new building. This hall is a credit to the town and its residents. The building is of concrete with a steel frame. It is a two-story building, with a total area of 1,200 sq. ft. It is a credit to the town and its residents.

MASS MEETING AT OPERA HOUSE

Rev. W. D. Wilson and Mr. Donald Fraser Address Audience.

A fairly well attended meeting of citizens was held in the Opera House at 8:30 Sunday evening for the interest of the prohibition law.

His Worship Mayor McKay acted as chairman and introduced the speakers. In Mr. McKay's speech he said that the prohibition law was a failure. He said that the law was a failure because it was not strictly enforced.

Rev. W. D. Wilson was the first speaker. He said that the law was a failure because it was not strictly enforced. He said that the law was a failure because it was not strictly enforced.

Mr. Donald Fraser of Fraser's Limited, who told many interesting experiences, both in his own home and in the town, went to show that prohibition was anything but a failure.

The following resolutions were read by Rev. E. E. Boothroyd and adopted unanimously by standing vote:

1. This mass meeting of Campbellton citizens hereby expresses its appreciation of the reported declaration of the Premier, Hon. P. J. Veniot, to the effect that the N. B. Prohibition Law shall be rigidly enforced.

2. We recognize, however, that in the business of the liquor expert, houses there exists a severe handicap to the adequate enforcement of the law. We therefore believe that it is the duty of the town to support the Premier and others concerned in such urgently needed, added effort towards law enforcement.

3. In the matter of the recent appointment of the Chief Inspector of the National Railways for this town, we must and do protest most strongly. These appointments were made in the face of vigorously expressed disapproval of the town.

4. In our opinion, the appointments were made either to more conveniently supply the permitted sale of liquor as medicine, etc., or they were made to encourage the sale of liquor for revenue purposes and under the camouflage of medical requirements.

5. We therefore believe that it is the duty of the town to support the Premier and others concerned in such urgently needed, added effort towards law enforcement.

6. We therefore believe that it is the duty of the town to support the Premier and others concerned in such urgently needed, added effort towards law enforcement.

LOCAL AMATEURS SCORE A SUCCESS

Sparkling Comedy Ably Presented by Local Players on Monday Night.

The Lyric Dramatic Club scored another decided success on Monday night when that sparkling comedy "The Private Secretary" was presented at the Opera House under the direction of J. J. Bernier.

The occasion was the big gas producer which supplies gas for the large engine, was being badly clinkered up. Despite all that the staff could do this grew gradually worse, until Tuesday noon this production was being used.

After working all night the crew at the power house were able to cut the slag out of the big producer and power was back to normal last evening.

Two carloads of coal shipped twenty-four days ago have not yet reached the American line, but it is hoped they will arrive here shortly.

The fact that our plant here is now carrying a constant overload, and also that Campbellton is weekly demanding more current, should spur the local authorities along to arrange for additional current for next fall.

Mr. and Mrs. A. C. Belle-Isle, who were married on Monday night, were the guests of honor at the wedding ceremony.

The wedding ceremony was held at the home of Mr. and Mrs. A. C. Belle-Isle, who were married on Monday night.

POOR COAL MAKES TROUBLE

Electric Light Plant Only One Engine Running.

Because of conditions in the United States, and poor railway deliveries, the electric light plant has been seriously handicapped during this week.

On Monday it was found that the big gas producer which supplies gas for the large engine, was being badly clinkered up. Despite all that the staff could do this grew gradually worse, until Tuesday noon this production was being used.

After working all night the crew at the power house were able to cut the slag out of the big producer and power was back to normal last evening.

LOSE GAMES FOR ARCHER CUP

Local Rinks Win Out by Two Points Only—Last End Kept Cup.

Two rinks of Chatham curlers under skip Irvine and Burke arrived here on the Ocean Limited last evening and met two Campbellton rinks, the skipper by Rev. Mr. McNair and J. T. Mowat in the Archer cup games.

The result was one of the closest games ever played for this trophy. Campbellton started off with a big lead, having sixteen points before the Chatham rinks steadily out-curled the local rinks until at the conclusion of the second last end Chatham was leading by four points.

In the last two ends Campbellton scored six points and won out by two. The score was as follows:

Chatham: Irvine, 14; Skip, 12; McNair, 15; Mowat, 26.

After the games the visitors were entertained by the local club. The Archer cup is a handsome silver trophy donated by Mr. Peter Archer of Chatham in 1913. It was won from Chatham by Newcastle and in 1915 was won by Campbellton from Newcastle and has been held here ever since.

It is open to play by rinks from any of the North Shore Clubs members of which have played in the McLellan cup or Bonspiel rinks.

A resolution placing the Alliance on record as being unalterably opposed to the administration of the prohibition law for the purpose of raising revenue for the province was also adopted.

Messrs. Watson and Alexander will show real professionalism in "Triss" or "Beyond the Rockies" at the Opera House on Monday night next. Come and enjoy a treat.

James McMillan of Chatham, who is working in Flaherty and Harrison's mill at Digman's, about 12 miles out of Chatham had a narrow escape from death last Monday.

The injured man was taken to the hospital at Chatham on Monday night. With deductions for bond interest, depreciation, etc., there remains a balance at credit of surplus account of \$523,759.

Montreal, Feb. 21.—The annual report of the Fraser Paper Companies, of Edmundston, N. B., shows a net profit from operations for the year of 1922 of \$804,614, as compared with \$1,001,460 for 1921. With deductions for bond interest, depreciation, etc., there remains a balance at credit of surplus account of \$523,759.
