THE \$5000 GRANT.

The City Fathers Much Meditated About Its Legality.

The Dominion Day Celebration Committee met in the Mayor's office yesterday afternoon. A letter from Mr. Costly was read, in which he stated that the appropriation this year for reception purposes was \$5000, none of which was as yet expended. The \$5000 grant for the celebration might be paid out of the miscellaneous appropriation of \$50,000 if legal.

The solicitor was called in and stated that as the law stood at present the City Council had no power to vote, one cent for celebration purposes. This difficulty could be got over by having the "distinguished visitor" of the day, the Mayor, and then spending the money for the alleged purpose of entertaining him. This would be under the act in one year.

Acting on this doubtful Treasurer Costly stated that he could place \$5000 at the disposal of the committee, but he afterwards stated that the committee should be informed that the City Council had no power to vote, one cent for celebration purposes. This difficulty could be got over by having the "distinguished visitor" of the day, the Mayor, and then spending the money for the alleged purpose of entertaining him. This would be under the act in one year.

The committee received this with dismay, and broke up after having received a special grant for the celebration.
