

## Collegiate Plays St. Thomas Here This Afternoon

Rugby for the Boys and Soft  
Baseball and Basket Ball on  
Program at Tecumseh  
Park

All that is asked to-day is another  
day of Indian summer like yesterday  
at the London Collegiate and a com-  
plete sweep of victory in rugby for the  
boys and soft ball and basket ball for  
the girls at Tecumseh Park this after-  
noon, the occasion of their return home  
from the St. Thomas Collegiate stu-  
dents.

The girls' matches will precede the  
rugby match. The latter, no doubt,  
is the feature event as the girls suc-  
ceeded in winning their matches in their  
return to St. Thomas, but the boys  
have this opportunity of living down  
the 30-to-1 drubbing.  
To locals have undergone a lot of  
sweating since that one-sided trim-  
ming, and will undoubtedly provide a  
richer stiffer brand of autumnal pas-  
turing. Even if they hold the Rail-  
roaders to a narrow margin it will  
be a fine and Coach Taylor, prone to dis-  
believe that his team is as inferior to  
that of the St. Thomas C. I. as that  
it score would indicate, hopes to  
slay himself this afternoon.  
The same line-up that was used  
against the best team that Woodstock  
could muster for last Satur-  
day's game, will be similar to the  
one in behalf of the local Collegiate,  
though it will undoubtedly prove a re-  
velation to the Saints.  
Banquets will be tendered the boys  
at 7 p.m., respectively, this evening at  
the Y.M.C.A. and Y.W.C.A. and the  
y ends with a theater party at the  
Lyons.

## Ruth Done With Outlaw Games; Goes A'hunting

NEW YORK, Oct. 24.—The base-  
ball activities of George Herman  
Ruth ceased yesterday, in conse-  
quence with Babe's promise made on  
the previous evening to Col. L.  
Huston in Saratoga, Pa. How-  
ever, the four-base hogger did not  
immediately in the directions of  
Chicago to face Judge Landis,  
supreme administrator of baseball.  
The Babe grasped the extended  
hand of Bob Shawkey and fled into  
the night with the end of a  
pitcher for a few days of hunting.  
In the course of time Babe hopes  
to work his nerve up to the point  
of going to Chicago and telling the  
commissioner that he is sorry for  
his acts and is prepared to take his  
punishment.

## LIBERAL LAUDS HON. MR. MEIGHEN

A Great Man, Says Mayor Wed-  
lake, of Brantford

PROUD OF SUCH CANADIAN

Has Followed Premier's Career  
in Parliament

BRANTFORD, Oct. 24.—(By Staff  
Reporter).—Major George Wedlake,  
a lifelong Liberal, in tendering a civic  
welcome to Premier Meighen and Sen-  
ator Robertson at the big meeting here  
to-night, paid a high tribute to the  
prime minister.

"They asked me what I, a lifelong  
Liberal, was doing welcoming a Con-  
servative premier," said Mr. Wedlake.  
"It is true, I have been a lifelong Lib-  
eral, but I cannot help it, because I was  
born a Liberal. I think we do not ap-  
preciate as much as we ought to the  
service given by our public men. In  
days gone by I used to think a Con-  
servative was the personification of  
everything dishonest and crooked, and  
that to be a Liberal was just the op-  
posite. But as I grew up and got rub-  
bing shoulders with these men I learned  
differently."

A GREAT MIND.

"During the session of Parliament I  
read with interest the speeches of  
one man of public questions, and that  
was Rt. Hon. Arthur Meighen, the in-  
terior, and as I read I saw the grasp of  
the mind that was giving utterance to them  
I said 'there is a man who will make  
his mark here.' While I don't count  
myself a great prophet, it is coming  
true. (Applause.)

"I believe the Unionist party chose  
wisely and well when they chose the  
premier we have here to-night."  
"There were mighty men at the im-  
perial conference, headed by the great  
man, Lloyd George, but, Liberal as I  
am, I was proud of the man who repre-  
sented Canada. Our premier was just  
an inch or two taller than the tallest.  
(Applause.)

"I was in the home town of the pre-  
mier a month ago and heard some fine  
reports of him. I found he was not  
only interested in the things of state  
here in Canada, but in the better things  
of life, which every man and woman  
ought to be interested in.

"Let me say this is a crucial time in  
the history of Canada right now, and  
we want a captain who is filled with  
the best seamanship, who can stand  
upon the bridge and make no mistake.  
We want to try no experiments."

## MEANS B.N.A. ACT IS REPUDIATED

If Ontario Fails to Give Separate  
Schools Share of Taxes

ARCHBISHOP McNEIL'S VIEW  
Addresses Toronto Canadian  
Club on the Situation

TORONTO, Oct. 24.—(Canadian Press  
Dispatch).—Archbishop McNeil, of the  
Roman Catholic Diocese of Toronto, ad-  
dressing the Canadian Club here to-  
day on "The Question of Increased  
Financial Support for Separate  
Schools," claimed that the Province of  
Ontario was not carrying out the British  
North America Act in the matter of  
apportioning taxes for the separate  
schools, whereas they were to be ex-  
empt from this by the School Act of  
1867, which was part of the Act of 1867.  
"We are paying taxes to the public  
schools through the Canadian Pacific  
Railway Company, the Canadian Na-  
tional Railways and the Ontario Hydro  
Power Commission," said Archbishop  
McNeil. The C.P.R. Company, the  
Hydro-Electric Power Commission, he  
said, were anxious to divide the taxes  
so as to give the separate schools their  
share thereof, but they could not do so  
because the Assessment Act made no pro-  
vision for this.

He claimed that the Assessment Act  
should be changed so as to provide that  
taxes paid by Roman Catholic members  
of companies and corporations could go  
to the separate schools, not to the public  
schools, as at present.

CARDINAL HELPS.

"Cardinal Begin is paying taxes to  
public schools in Toronto," the arch-  
bishop said, and he added that many  
shareholders of the C.P.R. were doing  
the same thing.

"If Ontario really refuses to consider  
our claim," Archbishop McNeil said, "it  
means this: That Ontario decides to  
repudiate the British North America  
Act of 1867."

The archbishop said the separate  
schools were really public separate  
schools, not Roman Catholic as they  
were under the regulations of the On-  
tario educational department and the  
same textbooks as the public  
schools, except books of religious  
teaching. He said the separate schools  
were here to stay, and even if every  
law were torn out of the statute books  
they could not be abolished.

It was announced that H. C. Hocken,  
M.P., would, on November 8, speak on  
"the other side" of the question before  
the Canadian Club. Mr. Hocken was  
present and heard the archbishop's ad-  
dress.

## TORONTO ARENA ROW TO COURTS

Mayor Church Says Live Stock  
Association Must Pay

TORONTO, Oct. 24.—(Canadian Press  
Dispatch).—The City Council to-day  
decided to proceed with the installation  
of a temporary heating plant in the new  
live stock arena, at a cost of about  
\$18,000, in order to fulfill a contract  
with the Royal Winter Fair Associa-  
tion.

The association claim to have ex-  
pended about \$30,000 in preparing for  
a live stock show, which was to open  
in November, but were obliged to call  
the show off because the building was  
not ready. They have now announced  
that the show will not be held this  
year and that they will not pay the city  
a rental of \$40,000 annually, which they  
are committed to under contract. There  
are rumors that the real reason for  
dropping the show was the lack of en-  
tries.

Mayor Church announced in Council  
to-day that the matter would be taken  
to court to force the association to live  
up to their contract.

HIS EYE GORED OUT

William Pelton, of Listowel, Struck By  
Horn of a Cow.

LISTOWEL, Oct. 24.—William Pelton,  
a well-known resident of this town,  
sustained a painful injury to-day when  
a cow which he was leading from the  
stall knocked out his eye with her horn.  
Mr. Pelton was taken to the hospital  
at Guelph.

## THREE ON TRIAL FOR CONSPIRACY TO ROB

Man Who Informed Police Chief Witness  
Against Former Toronto Street  
Railway Employees

TORONTO, Oct. 24.—Charged with  
conspiracy to rob a substation of the  
Toronto Railway Company last May,  
Percy Hill, Clifford Currie and H. W.  
Held appeared before Judge Widdi-  
field and a jury in the county court  
criminal sessions to-day.

The main witness for the crown was  
Carl Sharrow, who, according to his  
evidence, had been asked to take a  
hand in the robbery. After getting all  
the details he informed the police. The  
scheme progressed to the point where  
the men actually approached the build-  
ing, when the police swooped down on  
them.

They were all employees of the To-  
ronto Street Railway Company. The  
case is proceeding.

## LEFT ESTATE OF \$252,519

Will of Late General Manager of Im-  
perial Bank is Probated.

TORONTO, Oct. 24.—Edward Hay,  
former general manager of the Im-  
perial Bank of Canada, who died in this  
city on July 9 last, left an estate valued  
at \$252,519. His will, which was pre-  
pared to-day, provides for legacies to a  
number of nieces and friends and the  
bulk of the estate goes to two daugh-  
ters of the testator after the death of  
the widow, whose income from the es-  
tate during her lifetime is not to be less  
than \$10,000 per annum.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain  
—How To Treat.

Medical authorities state that nearly  
nine-tenths of the cases of stomach  
trouble, indigestion, sourness, burning,  
gas, bloating, nausea, etc., are due to  
an excess of hydrochloric acid in the  
stomach. This acid is necessary to the  
digestion of food, but an excess of it  
causes the disagreeable symptoms which  
every stomach sufferer knows so well.  
Artificially digestive acids are not needed in  
such cases and may do real harm. Try  
laying aside all digestive aids and in-  
stead get from any druggist a few  
ounces of Bismuthated Magnesia and take  
a teaspoonful in a quart of water after  
each meal. This sweet-  
ness of the stomach and there is no  
sourness, gas or pain. Bismuthated Mag-  
nesia (in powder or tablet form—never  
liquid or milk) is harmless to the stom-  
ach, inexpensive to take and is the  
most efficient form of magnesia for  
stomach purposes. It is used by thou-  
sands of people who enjoy their meals  
with no more fear of indigestion.

Notice to Water Consumers

A recent house-to-house inspection  
carried out by the Water Department  
resulted in the discovery that a  
large number of fixtures had been  
installed and additions made to pre-  
existing without proper report of same  
being made by either owner or plumber,  
and in violation of the by-laws of the  
Department.

The Department has thereby been  
deprived of a large amount of revenue  
to which it is justly entitled. Con-  
sumers are requested to advise the  
Commission of any alterations or addi-  
tions made which will affect the water  
rates.

## Science Proves the Danger of Bleeding Gums

Medical science proves that unhealthy gums cause  
serious ailments. People suffering from Pyorrhea (a  
disease of the gums) often suffer from other ills, such  
as rheumatism, anaemia, nervous disorders, or weak-  
ened vital organs. These ills have been traced in many  
cases to the Pyorrhea germs which breed in pockets  
about the teeth.

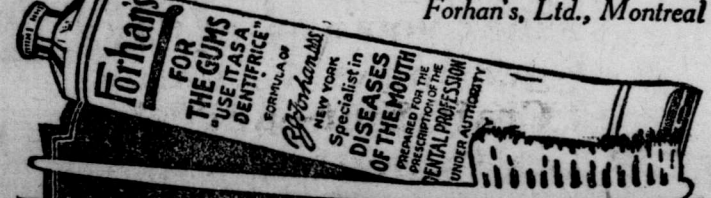

Four out of five people over forty have Pyorrhea.  
It begins with tender and bleeding gums. Then the  
gums recede, the teeth decay, loosen and fall out, or  
must be extracted to rid the system of the infecting  
Pyorrhea germs.

Guard your health and your teeth. Keep Pyorrhea  
away. Visit your dentist often for tooth and gum in-  
spection, and make daily use of Forhan's For the Gums.

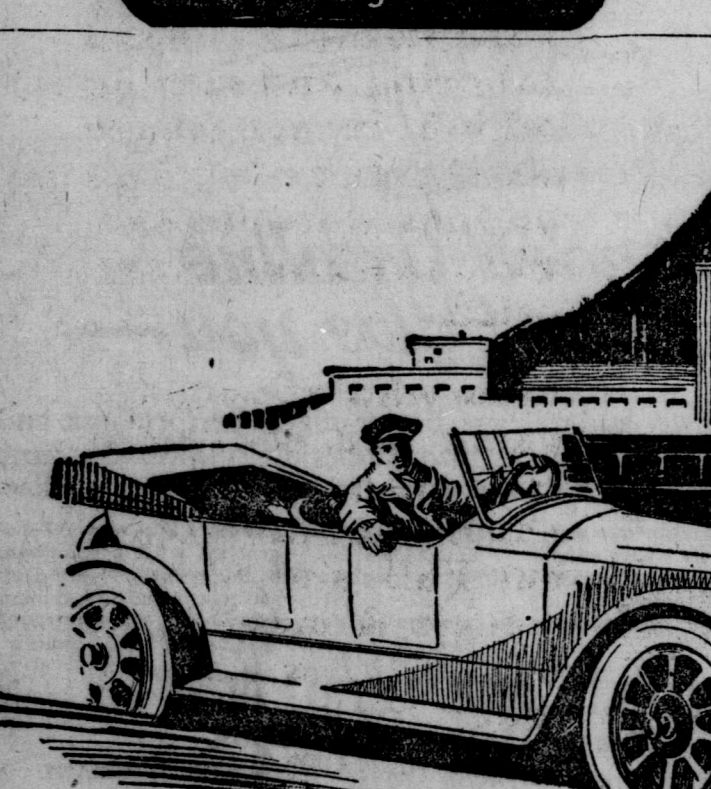

Forhan's For the Gums will prevent Pyorrhea—or  
check its progress—if used in time and used consistently.  
Ordinary dentifrices cannot do this. Forhan's will keep  
the gums firm and healthy, the teeth white and clean.

druggist cannot supply you, send price to us direct and
