D. McNAB. November 1, 1854-xw p

AYER'S PILLS,

sors, and Patients, has shown results surpassing anything hitherto known of any medicine. Oures have been effected beyond belief, were they not substantiated by persons of such exaited position and character as to forbid the suspicion of untruth. Among the eminent gentlemen to whom we are allowed to refer for these facts, are Frop. VALENTINE MOTT, the distinguished Surgeon of New York City.

Dour. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

geon of New York City.

Door. A. A. Haves, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

Ika L. Moore, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. Southwick, Esq., one of the first merchants in New York City.

C. A. Davis, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.
Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but agadence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the prasent state of medical acience can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner so insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with unror or less of ahmonious and injurious qualities; by this, beach individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of such substance employed are left behind, the curative virtues only being retained. Hence it is self-oxident the effect should prove agthey have proved more purely engeneral and the Pills a surer, more powerful antitote to disease than any other medicine knew to the world.

As it is received the world.

As it is mind the world.

As the should be taken if the world in the property indige of a remedy without knowing its couposition. I have supplied the accurate Formula by which both my precional and Fills are made to the whole body of P

Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic ments. The Cherry-Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many emant Physicians have declared the same thing of my Pills, and even more confidently, and are will-mig to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscous to puny to-obout and simulate it into healthy haden—runwer the obstructions of the woods. However, and other regard to the contractions of the second lower place and other regard to the contractions of the second.

CARD.

To Profsssor Holloway,
Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged pareut has derived from the use of your Pills. My mother was afflicted for provards of four and twenty years with asthma and spitting of blood, it was quite agony to see her suffer and hear her cough: I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. A-bout three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did, the result was marvelious; by slow degrees my mother became bett r, and after persevering with your remedies for nine works she was perfectly cured, and now persevering with your remedies for nine weeks, she was perfectly cured, and new enjoys the best of health, although seventy-
