Oddfellowship.

We are in receipt of copies of the daily papers of Portland, Oregon, a copy of the Oregon Oddfellow and a beautiful souvenir presented to the numbers of the Sovereign Grand Lodge, kindly forwarded to our office by Mr. H. M. Beckwith, formerly of Nictaux.

The papers give a full account of the reception given the members of the order, daily devoting columns recording their proceedings during the week of their visit on the Pacific coast. Every state and province on the continent except Alaska was represented in the immense procession which passed through the streets of the city where they were welcomed by state and city. We quote part of the address of welcome delivered by the governor of the State:—

"Grand Sire and Representatives of the Sovereign Grand Lodge of Oddfellows: Under the provisions of our state constitution, the governor of Oregon is fully authorized to repel any invasion which may be made upon its sacred soil by an alien force. But coming as you do, not bearing in your hands the hateful implements of bloody warfare, and not intent on evil to your neighbor, but marching rather under the white ensign of peace and good will to all, and intent only on benefitting all, I cordially welcome your invasion, and extend to you the freedom of the whole state and the heartfelt greetings of its generous people.

"The humble mechanic of Baltimore, who 73 years ago organized American Oddfellowship, builded far wiser than he knew. The institution then so unostentatiously founded has girded a world with its blessings. It has been successful because of its merits, and it has been beneficial because it appeals to the higher and holier aspirations and emotions of mankind. It has been the faithful handmaid of religion, the earnest promoter of morality, and one of the highest conservators of our social and governmental institutions. Engaged then as you are in the promotion of the great work of your organization, I again bid you a hearty welcome here; I wish you a most pleasant session, and I trust that your deliberations will result in lengthening the cords and strengthening the stakes of your worthy order, so that its blessings may become as widespread as civilization, and as enduring as the ages."

Addresses were also delivered by the Mayor of the city and Judge Walton on behalf of the Oddfellows of Oregon. The reply to these addresses was made by Sovereign Grand Sire C. M. Busbee, the highest officer in the order of 800,000 members.

The above is timely, in view of the fact that a Subordinate lodge of this Order is to be instituted in this town, if we mistake not, on Wednesday evening of next week, when it is expected that a large number of Oddfellows from Halifax and other places along the line will be present to assist in the organization.

McCormick's Hall (formerly Dennison's) is being neatly fitted up for the meetings of the order, which begins its career with the promise of a prosperous future. All interested in the organization are requested to meet at the office of Oliver Miller, Esq., next Monday evening to make final arrangements for organization.

The King's Daughters.

Persons who have travelled in the United States or Canada within the last year or two, cannot fail to have noticed large numbers of women of all ages and all occupations, rich and poor, wearing a small silver maltese cross, bearing the initials "I.H.N." This silver cross is the badge of the wonderful organization known as "The King's Daughters," and is worn by some two hundred thousand or more on this continent. The letters "I. H. N." are the initial letters of the words "In His Name," and denote consecration to the service of the Lord Jesus Christ. It was on the morning of January 13th 1886, that a few earnest christian women met at the residence of Mrs. Margaret Bottome, New York, for the purpose of binding themselves together in a sisterhood of service, hoping by this closer union to increase their usefulness, but little dreaming of the vastness of the organization's future growth and the wonderful blessing to be outpoured upon their work. A circle has recently been formed in this town in connection with St. James church, under the name of "St. James Circle," having for its motto the words "Faith without works is dead," and for the text "Be ye doers of the word and not hearers only, deceiving your own selves." Meetings are held fortnightly at the residences of members, the next one being appointed to be held at the residence of Mr. Knight, on Friday evening, Nov. 4th. This meeting is free and open to all comers, and persons who are at all interested in the organization are invited to attend. The Rev. F. P. Greatorex hopes to be present and will give information in regard to the order. Applications for membership should be addressed to the President, Miss Ruggles, Queen Street.

Granville Ferry to Have Water Works.

A public meeting was called at Granville Ferry, Oct. 27th, 1892, for the purpose of taking into consideration the supplying of the village with water. The meeting was called to order by appointing J. E. Shafner, Esq., chairman, and H. M. Irvine, secretary. After some discussion about the supply of water, a committee was appointed to see if a sufficient supply could be had to warrant the undertaking and report as soon as possible. The meeting adjourned, subject to the call of the committee.

On the 28th the committee proceeded to examine the springs; and they found that a sufficient supply could be had, and they called another public meeting on the evening of the 28th.

After receiving the report of the committee, it was moved, seconded and passed unanimously that we proceed at once to take the necessary steps for an act of incorporation, and the following committee was appointed: W. H. Weatherspoon. A. D. Mills, S. W. W. Pickup, J. E. Shafner, and Capt. Samuel Groves. The meeting adjourned subject to the call of the committee.

Anniversary Celebrations.

A very pleasing and yet somewhat strange celebration is to take place at the residence of Hugh M. Irvine, Esq., Granville Ferry, next Monday evening, 7th inst. On that date Mr. Irvine and his estimable wife will not only celebrate the twenty-fifth anniversary of their wedding day, but also that of their birth days, both being born on the same day in the same year, and consequently of the same age. Not only will the social position of Mr. and Mrs. Irvine have the effect of drawing together a very large circle of friends, but when it is considered that an excellent programme of music will be rendered in which Miss Fannie Knowles and Miss Alice Young will take part, together with other interesting amusements, and that the proceeds are to go towards repairing and painting the Methodist parsonage, we are safe in saying that a most liberal attendance will be present.

Latest intelligence announces a slight change for the better.

—An aged lady of over seventy years, writes an Annapolis Valley correspondent to the *Wesleyan*, got *her soul saved* at the Berwick Camp Meeting this year. This great transaction was effected through the blessing of God under Bro. Teasdale's sermon on Cornelius of the Italian band. A few weeks ago she united with the Methodist Church at Middleton near her home.

—His Lordship Bishop Courtney, assisted by Rev. V. E. Harris, consecrated the Church of the Good Shepard at Tidnish last Wednesday morning. In the afternoon he administered the rite of confirmation. Took Second Prize.—A barrel of Gravensteins sent to Dr. Fuller of Yarmouth by Mr. Bartlette C., son of Capt. Isaac Goodwin, of Granville, were from their handsome appearance and size, placed on show at the late Yarmouth exhibition, and awarded a second prize. The apples were forwarded as a slight token of esteem in consideration of the kindness and attention shown Mr. Goodwin by the Dr. during a severe sickness he passed through in that town a few months ago.

The electors, chosen by the people in the several states on Tuesday, the 8th November, will, on January 9th, declare the result in each state. The houses of congress will, on the date in February named, canvass the electoral vote, and announce the grand results. However, we shall know beforehand who is successful, Harrison or Cleveland.

Kentville's New Church.—The services connected with the laying of the corner stone of St. Joseph's Roman Catholic church at Kentville were duly solemnized last Wednesday. The dedication ceremonies commenced at 2 p. m. His Grace Archbishop O'Brien preached a special sermon. Other speakers were also present and addressed the large assemblage. The stone was laid at the north-west corner and a sealed box, containing records of the event with other papers, was placed in a receptacle underneath the stone. In the evening a bazaar and tea meeting was held in the basement, and a handsome amount realized.

Thomas Greenway, Minister of Agriculture and Immigration for the Province of Manitoba, together with a number of other good illustrations. *The Home Magazine Department* is of great interest to the family. On Oct 12, at Derry Park, he won another purse of the same amount and made a record of 2.25. He sold Lucy Derrick to a Montreal horse dealer, Frank Bale, for a good price.

Change of Time.—Commencing last Monday and continuing till the end of December, the steamer *City of Monticello* leaves St. John every Monday Wednesday and Saturday at 7.30 a.m. local time, returning same days on arrival of express train from Halifax. The steamer reaches St. John in time to connect with night trains for Boston, and has close connection with steamers of International line for Portland and Boston.

Reception.—The reception advertised in our last issue to take place in the reception room of the Baptist Church, was held as announced, and passed off very successfully. A large number of people came together to do justice to the well-supplied tables, and we doubt whether tables, upon a similar occasion, were ever more tastefully and bountifully supplied. The receipts amounted to upwards of $40.00. A similar entertainment, with the addition of a fancy sale, is to be given the week before Christmas.

—In a private house in Upper Granville, the other morning, a few persons had the pleasure of listening to the lecture on the demise of the Rt. Hon. Sir John A. Macdonald and Hon. Alex. MacKenzie, read by Collingwood Young. The essay was well written. The language and thoughts, without gainsay, were very appropriate, and many of the expressions were well calculated to touch the finest chords of sentiment and arouse the nobler feelings of patriotism; and the composition, as a whole, would have done credit to a large audience and more encouraging circumstances.

—The Springhill coal company has decided to construct three barges of about 1,000 tons capacity, to be run in the Bay of Fundy. These barges will likely be employed between Parrsboro and St. John. They will be towed by a powerful tug, which is to be constructed. The barges have become an important factor in transportation out the New England sea board, and it is believed that freight rates will be reduced to a minimum when the barges enter into competition with the schooners now in the business. The experiment will be watched with interest by those interested in the coal trade throughout the provinces.

Mrs. Schofield, who left the child in care of elder members of the family, had gone to her day's work, under the impression that the sufferer was somewhat better. Shortly after her departure, however, the child was taken with a fit of strangulation from which she never rallied.

Burglars at Granville Ferry Secure $200.

From week to week there has hardly been an issue of the Monitor that has not contained a report of some trifling or daring robbery committed within the borders of our own county or those adjoining it. So common have these announcements become that the occurrence is passed over with considerable unconcern, and though some slight efforts have been put forward to capture the thieves, up to the present hour nothing satisfactory has yet been accomplished. The boldness and daring of the gang has again been brought most forcibly to the attention of residents by the fact that on Saturday night last the Carribean store at Granville Ferry was entered, the safe drilled and blown open, and some $200 in cash obtained therefrom. In addition to that store, the burglars entered Troop & Irvine's in the same locality, and took away a collection of old coins, besides some edibles, etc. As these robberies are so frequent, and peoples' property, If not their lives endangered, a prompt and universal effort should be made to secure these desperate men, and there is no better way of doing so, than by residents taking particular notice of questionable looking characters and strangers and notifying the proper authorities at once.

Suggestions to Apple Buyers.

Mr. Editor,—From time to time we hear of the carelessness and dishonesty of farmers in packing apples. Buyers often complain about this, and suggest many remedies, yet they, or most of them, will go over the country and give the same price for apples of a poor quality, carelessly packed, as for the best lotsput up by careful and painstaking men. Even after they have lost heavily on some of these poor lots, they will go back and do the same thing again. Is not this placing a premium on carelessness and dishonesty? If buyers would give the small price for the poor apples and the good price for the good apples, and the man who packs dishonestly pass by altogether, the thing would soon cure itself. When honesty pays best, rogues become scarce. Farmers are not so thick-headed but they can see dollars when placed in their reach. Inspection would only be an additional tax on the farmer, already taxed for all he is worth, and afford new opportunities for dishonesty. Inspection thorough enough to prevent fraud would injure the fruit besides. Yours,

Apple Grower.

—Harry Lydiard, the Kentville horseman has always been among the best known drivers, but this year, by his clever work, he has brought himself into greater prominence than ever before, being the only driver in the three Provinces to give three horses a record of 2.35 or better during the past season. He gave Eric Morgan a record of 2.34½ in the last heat of the 2.45 class at Halifax; he reduced Resolution's record to 2.35 in the fifth heat of a race at Charlottetown; but the crowning triumph was in the free-for-all race at Charlottetown, where he drove Israel without any previous handling in 2.27½, the fastest mile ever trotted in the Maritime Provinces. This is a record he should feel proud of, and his services will no doubt be in demand next season.

—Mr. Israel Slattery, a much respected citizen of Gabarus, died on the 18th inst. under peculiarly sad circumstances. Mr. Slattery having removed to Glace Bay about a year ago to fill a position as bookkeeper in a business establishment there, was sent for by his family from Garbarus on account of the dangerous illness of one of his children. The little one died shortly after her father's arrival, and Mr. Slattery on the same day scratched his thumb on the brass tag of his shoe lace. As a matter of course so trifling a wound was not given a thought at first, but in a few days it became evident that a serious case of blood poisoning had set in, and in less than a week the poison had been carried through the blood vessels and death ensued. He was highly respected and much regret is felt at his death.

—Harrisburg, Pa., is in danger of a water famine. Forest fires are raging in the mountains near, and men are battling with the flames day and night. More than 200 acres have been burned over in the vicinity of Lamb's Gap and much timber has been destroyed near Linglestown and Miller's Gap. The mountains enclosing Huntingdon, Pa., are ablaze for miles and the air is thick with smoke. The fire is spreading rapidly on the east of Henderson Township. The forest fires now cover the public roads, leaving no outlet to the farmers. The farmers in many sections of the county have been fighting the flames for days to save their buildings and fences. The fires originated through the carelessness of gunners.

—The salvation army in England has just made an interesting little departure. The damsels with the tambourines who have gone in procession have appeared in a startling, coquettish dress, which is henceforth to be their summer costume. Its principal feature is a hat as lightly designed as though intended for a lady of fashion at the seaside. Hitherto they have had the somewhat unattractive poke bonnet, but now the salvation lassies appear in procession under open worked, large flapped, very showy straw hats, not unlike those commonly in use, and prettily garnished with flowers and stalks of corn. These attractive ornaments come from some of General Booth's Darkest England workships.

To the Electors of Ward 2.

Gentlemen,—I have been requested by a large number of electors representing both sides of politics and all sections of the Ward to allow myself to be nominated as a candidate for councillor at the coming municipal election. Although not at all anxious for the position, I have, after carefully considering the matter, decided to accede to the request. If honored with the confidence of the electors I shall endeavor to serve the Ward to the best of my ability, distributing all public moneys and making all appointments without regard to party lines. I also pledge myself, if elected, to oppose all unnecessary expenditure. I am entirely opposed to the new Road Act, believing that a law which would tax the ratepayers of this county from $6000 to $12,000 yearly, and then deprive the people who pay this tax of direct control over its expenditure, is unjust to the taxpayer, unsuited to the times, and a direct violation of the principles of responsible self-government.

Soliciting your support on the 15th inst., I remain, your obedient servant,

N. F. MARSHALL.

Respectfully yours.

George Holland.

To the Electors of Ward 11.

Having been solicited by a large number of the electors of Ward No. 11 to again allow myself to be a candidate at the ensuing Municipal Election, I hereby accede to your request, and shall strive, if elected, to guard the best interests of our county.

I shall resist the adoption of the Road Act, to which I am strongly opposed.

Yours respectfully,

WESTON A. FOWLER.

To the Electors of Ward No. 4.

Gentlemen,—

At the request of many of the ratepayers in Ward 4, I have decided to comply with their wishes, and will, at the approaching Municipal Elections on the 15th of November next ensuing, ask the support of those who are desirous of seeing me returned as representative of the Ward. Should it be my good fortune to be returned, you may rest assured that I will do the utmost in my power for the best interests of all, and will use every effort to protect the people against all extravagant and unnecessary taxation, too much of which is now strikingly apparent.

Respectfully yours,

T. A. BALCOM
