THE Weekly Fruit Grower

MARKET GARDENER AND POULTRYMAN

The only weekly paper in Canada devoted entirely to Fruit Growing, Market Gardening and Poultry Raising.

It deals in its season with every phase of **COMMERCIAL FRUIT GROWING** and **MARKET GARDENING**.

Pruning, Spraying, Thinning, Fertilizing, Cultivating, Picking, Packing, Shipping, Marketing and Storing discussed by men of experience and writers of ability.

Subscription Price, \$1.00 per year.

SPECIAL CLUBBING PRICE

Clubbed with The Canadian Horticulturist only **\$1.20 a year** for both papers. Regular price \$1.60.

If your subscription expires this month take advantage of this offer when renewing. Send orders to

The Canadian Horticulturist

PETERBORO

ONTARIO

Tree Protected by Wooden Veneer and banked up with earth to prevent entrance of pests at bottom.

PROTECT YOUR TREES

Against Rabbits, Mice and other Vermin

Many young orchards are greatly injured each year by these pests. Wrap the trunks with

WOODEN VENEERS

and damage will be prevented. These veneers will protect also against sun-scald.
