Weiland Canal Enlargement.

Notice to Contractors.

SEALED TENDERS addressed to the undersigned, and enclosed "Tenders for the Weiland Canal" will be received at this Office, from mechanical, skilled practical contractors, until the arrival of the Eastern and Western mails on 11th FEB. 1896, the NINTH day of MARCH next, for raising the walls of the locks, weirs, &c., and increasing the height of the banks of that part of the Weiland Canal between Port Dalhousie and Thorold.

The works throughout will be given in sections. A map showing the different places together with plans and descriptive specifications can be seen at this office on and after Tuesday, the 23rd February instant, where printed forms of tender can be obtained. A like class of information relative to the works will be supplied at the Resident Engineer's Office, Thorold.

Parties tendering are requested to examine the site and bear in mind that the works are to be done under which the works have to be done, tender some of them of an exceptional nature.

Tenders will not be considered unless made strictly in accordance with printed forms and in the case of firms, except those are attached the actual signature, the nature of the contract, and place of residence of each member of the same; and further a bank deposit receipt for the sum of Ten Thousand Dollars only for the sum of Ten Thousand Dollars only for the purpose of guaranteeing the tender, which sum shall be retained if the party tendering declines entering into a contract for the work at the rates or prices stated in the offer submitted. The amount required in each case will be stated on the form of tender.

The deposit receipts that seal in will be retained to the respective parties whose tenders are not accepted.

This Department does not however, hold itself to accept the interest of any order.

FOR SALE

Valuable Phosphate and Farming Property,

In the Township of Templeton, County of Ottawa, Province of Quebec, adjacent to the celebrated phosphate mines of McLaurin and Blackburn, Jackson, Lee, J. H. Post, and others, consisting of

LOT 13, RANGE 13 AND K2 14, RANGE 9, CONTAINING 333 ACRES.

Well-drained, fertile, rich and productive, in good order, on the property, in proximity to good phosphate mines from which several tons of high-grade phosphate have been raised, and where mining operations can be at once started.

The property has been partially prospected and several promising outcrops of phosphate have been exposed. It has been pronounced a valuable phosphate location by miners working in the vicinity, and satisfactory reasons can be given for offering it for sale.

The owner, Messrs. Pearson, who hold a clear title to the lot, will sell them in fee simple, or the mining rights only.

Cost of transportation from the property to point of shipment will not exceed \$2 per ton. For terms and full information apply to the premises, or to

THE INSTRAMSTER,

East Templeton, Prov. Que., Canada.

GRAND COLONIAL

Exhibition in London, Eng.

1886.

FIFTY-FOUR THOUSAND FEET RESERVED FOR CANADA.

First Royal Exhibition Commission Since 1862.

THE Colonial and Indian Exhibition to be held in London, England, commencing May 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of the various of the British Empire with each other.

In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1862, and His Royal Highness, the Prince of Wales has been appointed President by Her Majesty.

The very nice space of 4,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.

This Exhibition is to be purely Colonial and Indian, and no competition from the United States or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.

The greatest opportunity ever offered to Canada is thus afforded to show the distinctive place she occupies, by the progress she has made in Agriculture, in Horticulture, in the Industrial and Fine Arts, in the Manufacture of Industries, in the Newer Improvements in Manufacturing Machinery and Instruments, in Public Works by Models and Diagrams, also in an adequate display of her vast resources in the Fisheries and in Forest and Mineral wealth, and also in Shipping.

All Canadians of all parties and classes are invited to come forward and vie with each other in endeavoring on this great occasion to set Canada in her true place as the premier colony of the British Empire, and to establish her power and pre-eminence to the world.

Every farmer, every planter, and every mechanic ever, has to exert in assisting, it having been after long wars of the extension of trade always follows such a course.

By order,

JOHN LOWE,

Secy. of the Dept. of Agricul. and
 Ottawa, 15 Sept., 1886.
