GALVANIZED STEEL BUCKETS

Improved Pattern

Improved Pattern

Something entirely new, and superior to old style Buckets.
made in three sizes.
They are superior to the ordinary Flaring English Bucket,
being of greater capacity.
They are stronger in shape, consequently more durable.
They will not slop over or tip over, owing to the wide bottom.
They nest very close and firm, which protects them in shipping.
The rim is in one piece with the body, consequently cannot get
knocked off.
They are Galvanized and not lead coated.
