THE TIME FOR CLOSET PRAYER.

Monx is the time to pray, Before the cares of day Steal on the hours; Just when the satiron hue Tinges the eastern blue, Spangling the early dew On fragrant flowers.

Noon is the time to pray:
'Mid busy scenes of day
We need it more; Tis then the Heavenly Dove May test our plighted love-His snowy pinions move, And from us soar.

Eve is the time to pray, Just when the tints of day Die in the west, When the violets sweetly weep, And weary zephyrs sleep, Upon the weary deep, In quiet rest.

How sweet is closet prayer! We breath the balmy air Of heaven's clime; Dews from celestial flowers, And odoriferous bowers, Fall on us in these hours Of holy time.

DEAR SIR-I am enabled to farnish you with a most extraordinary cure effected by your invaluable Outment and Prils, which has assonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummus, of Saltney Street, in the town, was terown from his horso whereby he received very serious injuries; he had the best medhad advice at the time, and wasanterwards an inmate of different infirmatics yet he grew worse, and at length a madginant running intersectited in his hip, which so completely crippled him, that he could not move without criticles for nearly ten years, recently he began to use your Omment and Prils, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest case, and with rehewed health and vigous.

To Professon Holloway,

To Professor Holloway,

Sir-Some time since, one of my chillied was afflicted with dreading cruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Phils, and without exaggeration, the effect was miraculous, for by persevering in their use, all the cruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY, AND GENERAL ILL HEALTH. Copy of a letter from Mr. J. M. Clennell, of Neurastle-on Tyne, dated September 20th, 1812.

TO PROFESSOR HOLLOWAY.

To Professor Hollowar,

Dear Sir.—I am authorised by Mrs. Gibbon, of 31 dailey Street, in this town, to inform you that for a consigerable period she had been a sufferer from deblity, and seneral ill health, accompanied with a disordered stomach, and great derangement of the system. In addition to this he was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her asual work. In this distressing condition she adopted the use of your Pills and Olintment, and she states, that in a wonderfully short time, they effected a perfect cure of her legs, and restored her constitution to health and strength: and that she is now enabled to walk about with case and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully,

AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG-Copy of a Letter from Messes. Walker and Co., Chemists Bath.

TO PROFESSOR HOLLOWAY.

To Propessor Hollowal,

Dear Sin,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, wo may mention that of an old lady living in the Village of Prestor, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to dely all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Uniment and Pills, and by the assistance of her fainds, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished in the effect upon so old a person, she being noove 50 years or age. We shall be happy to sausiy any enquiries as to the authenticity of this really wonderful case, either personally or by letter.

A private in the liath Police Force, also, has been perfectly cured of an old scorbuite affection in the face, after all other means had failed. He states that it is entirely by the use of your Ontment, and speaks loudly in its praise, We remain, Dear Sir,

Your's faithfully

THE Colonial Life Assurance Company

I has been established for the purpose of affording to
the Colonies of Great Britian the advantages of Life Assurance, and its regulations have been so framed, as to
attain that object in the most efacient manner under the
most liberal covenants. The progress of the business has
been attended with complete success, and the Company
has obtained the entire confidence of those whose patron
age it was its object to seek.

From the wide basis of 1's constitution, and the extent
of its resources, the Company affords advantages which
no local institution can confer and it has good ground
for asking public preference and support over other British Offices doing business in the Colonies, not only with
reference to the facilities which it affords, by receiving
premiums and paying claims in any British Colony where
its Policy Holders may reside, but on the ground that, in
seeking business out of Great Briadin, it does so not as an
after thought, its Colonial attangements not being mere
extensions of or additions to a home business, but as part
of its original reheme and intention.

The Properts of the Company for the period
from 1816 to 1834 fail to be divided as at 25th May 1854
and parties who Assure Curing the present year will
participate.
