

a. One of these sections or departments shall be appropriated to the use of the sick, and shall be the hospital department.

b. The next or central section or department shall be devoted to the use of passengers not having had cholera, but from infected vessels.

c. And the third or healthy section or department, shall be appropriated to the use of the healthy, who have been removed from the central section or department, after having performed quarantine there.

A. In the first section or department there shall be three separate and distinct hospitals, besides a convalescent shed or hospital.

a. The one for confirmed cases of cholera to be called the "Cholera Hospital."

b. Another for cases of choleraic diarrhœa, or other premonitory symptoms of cholera, or suspected cases of cholera, to be called the "Hospital for Cholerine."

c. The third for all other diseases not cholera or cholerine, but coming from on board infected vessels, or vessels having had cases of cholera on board, to be called the "General Hospital."

B. The next or central section, or department, shall be the primary quarantine department, and shall be appropriated to all persons who are not sick, but come from vessels having had cholera on board, and where, in every case, on landing, shall undergo inspection, washing, cleansing, and purifying, both of persons and personal effects. There a quarantine of four days shall be performed, at the end of which period of time, all such persons as continue in sound health shall be removed to the Final Quarantine Department, and any that may fall sick, or be threatened with sickness, during the four days of probation, shall, as soon as detected, be removed to the proper hospital in the Hospital Department. Here all the healthy inmates shall be removed daily to a new locality, thus occupying four different habitations during their sojourn.

C. The third, or healthy department, shall be the Final Department, and shall be for all cases coming from the Primary Quarantine Department, after having been cleansed, washed, and disinfected, and after having undergone the *four days* quarantine, and here a further quarantine of *six days* shall be performed, (excepting in cases coming from the convalescent hospital or shed hereinafter provided for); making, in all, ten clear days of quarantine, when all persons continuing healthy shall be discharged from quarantine, and be removed from the station. If any premonitory symptoms or other cases of sickness occur in this department during the six days of quarantine, they shall, as soon as discovered, be removed to the proper hospital in the Hospital Department.
