These fine new steamers sail **Weekly** to Liverpool from Montreal, calling at Londonderry.

The steamers are amongst the largest and finest in the Transatlantic Lines, and are excelled by none in the accommodation for all classes of passengers. The Saloons and Staterooms are amidships, where least motion is felt, and bilge keels have been fitted to all the steamers, which has reduced the rolling motion to the minimum. The vessels are also fitted with Marconi's system of wireless telegraphy.

Electric lights are in use throughout the ships, and the cabins have all the comforts of modern first-class hotels. Cuisine is unsurpassed.

The hour of sailing is arranged to make connection with trains arriving from the West and South. No expense for transfer of baggage.

The distance on the Atlantic is almost 1,000 miles shorter via this route than it is from United States ports. The scenery in the River and Gulf makes this the picturesque route between America and Europe.
