

Underwood Bookkeeping Typewriters

Save Time
Save Money
Save Labor

A LARGE manufacturing concern says,

"We consider our Underwood Condensed Biller, and the system you devised to go with it, the best investment we ever made. The machine has saved its cost every four months since it was installed."

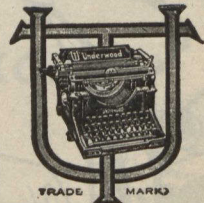

Two special Underwoods and a unique system devised by our experts save another firm \$5,000 a year.

In Toronto there are nearly 7,000 typewriters, representing more than thirty makes. Of this number 4,200 are Underwoods.

FOR suggestions as to how valuable an Underwood system would be in your business, write our Special Service Dept.
