lief and comfort. Astor House, NEW York CITT, March 5, 1866. DOCTOR ATER, LOWELL: I feel it a duty and a pleasure to be-form you what your CHERK PERIONAL has done for my wife. She had been five months laboring under the dangerous symp-toms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herstmulk. Yours, with gratitude and regard. ORLANDO SHELBY, or SHELSYNIL.

This sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most porfect purgative which is known to man. Innumerable proofs are shown that these Prize have virtues which surpass in excellence the ordina-ry medicines, and that they win unprecedentedly upon the extense of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate slaggish or disordered or gans into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every dry complaints of every body, but also formidable and danger-ous diseases that have baffied the best of human skill. While they produce powerful effects, they are, at the same time, in di-miniahed doses, the asfeet and best physic that can be employed for children. Being sugarcoated, they are pleasant to take; and being purely regetable, are free from any risk of harm. Cures have been mode which surpass belief were they not sub-stantisted by men of such exaited position and character as to forbid the suspicion of untruth. Many aminent clergymes and physicians have lent their names to cartify to the public the re-liability of my remedies, while others have sent me the assur-mensely to the relief of my afflicted, suffering fellow-men.
