MURRAY & LANMAN'S FLORIDA WATER. Ladies who wish to move in an atmosphere fresh with fragrance should always use this article at their toilet. A dash of it in the bath, or in a glass of water, if an odoriferious toothwash is required, will be found eminently refreshing, and a sprinkle of it on the lace handkerchief before an evening party, will cause the fragranbe of the fabric to attract more attention than even its rare embroidery. Thos who are subject to faintness or sick head ache in crowded rooms. will find the aroms of the Florida Water a sure preventive; but to be sure that is genuine see that the words "Murray & Lanman's Florida Water" appear on the wrapper and label.

Sick unto Death. - When the sick die everybody can tell us what they died of. Is it not right, then, that when the sick unto death recover, all the world should know what cured them? And yet thousands are cure cured of deadly ills by Bristol's Sarsaparilla of whom the public never hear. Cases that approach the sublimity of miracles—such as that of the boy James Wyckoff, who was literally wrenched from the jaws of death, when more than half devoured by scrofula-of course find their way into print. Perhaps a hundred such have startled society through the columns of leading journals and medical periodi-cals. But Bristot's Sarsaparılla has wrought thousands, ay, tens of thousands of cures, after physicians had shaken their heads and said, 'No hope. Everywhere, at all seasons, it is silently working wonders. Would that, for the sake of humanity, the whole truth in relation to its properties were universally

Hostetten's Bittens.—Reware of Incewater.—The chill given to the circulation by large draughts of simple ice water is decidedly dangerous—not that the cold and grateful fluid may not be imbibed without peril, it a wholesome medicated stimulant be incorporated with it. n fact, a small wineglass of Hosteller's Celebrated Stomach Bitters, taken before or with the ice-water, the whole difficulty will be obviated. This genial preparation is the purest and most healthful tonic which the regetable kingdom has yet contributed, under the manipulations of science, for the use of man. It converts the refrigerated beverage into an invigorant, and causes it to assimilate healthfully with the fluids of the body. In all the range of medicines there is nothing so sure as a preventive of malarious fevers as Hostetter's Bitters nothing that so completely defends the seeds of deadly disease. Take Hostetter's Bitters with your ice-water, and you are not only safe from the effects of the shock which the unqualified beverage is calculated to produce on the circulation, but fore-armed against all the causes of fever.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes in-AVERS competent to sustain the vital forces in men vigorous action, and leaves the system to fall into disorder and decay. The scrofulous

contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indirection dynamics and live comduce indigestion, dyspepsia, and liver com-plaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tu-berculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspensia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases. Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aven's American ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is com-posed of ingredients, some of which exceed the hest of Sursaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lark within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sursapavilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by Dr. J. C. AYER & Co.,
