

CIRCULAR.

MONTREAL, May, 1867.
 THE Subscriber, in withdrawing from the late firm of Messrs. A. & D. Shannon, Grocers, of this city, for the purpose of commencing the Provision and Produce business, would respectfully inform his late patrons and the public that he has opened the Store, No. 443 Commissioners Street, opposite St. Ann's Market, where he will keep on hand and for sale a general stock of provisions suitable to this market, comprising in part FLOUR, OATMEAL, CORNMEAL, BUTTER, CHEESE, PORK, HAMS, LARD, BERRINGS, DAIRY, FISH, DRIED APPLES, SHIP BREAD, and every article connected with the provision trade, &c., &c.
 He trusts that from his long experience in buying the above goods when in the grocery trade, as well as from his extensive connections in the country, he will thus be enabled to offer inducements to the public unsurpassed by any house of the kind in Canada.
 Assignments respectfully solicited. Prompt returns will be made. Cash advances made equal to two-thirds of the market price. References kindly permitted to Messrs. Gillespie, Moffatt & Co. and Messrs. Tiffin Brothers.

D. SHANNON,
 COMMISSION MERCHANT,
 And Wholesale Dealer in Produce and Provisions,
 443 Commissioners Street,
 opposite St. Ann's Market.
 12m
 June 14th, 1867.

A DOWN TOWN MERCHANT,
 Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home, and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night a hands bright well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change and although at first offended at the deception practised upon her, has continued to use the Syrup and suffering, crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. 25 cents a bottle. Sold by all Druggists.

Be sure and call for
"MRS. WINSLOW'S SOOTHING SYRUP."
 All others are base and dangerous imitations.

**MOTHERS
 SAVE YOUR CHILDREN!**
 NO MORE VERMIFUGES,
 NO MORE POISONOUS OILS,
 NO MORE NAUSEOUS POWDERS,
 The sight of which causes such horror and dislike to children suffering from worms.

Are now acknowledged to be the safest, simplest and most effectual preparation for the destruction of worms in the human system.
**THEY ARE PURELY VEGETABLE,
 THEY ARE AGREEABLE TO THE TASTE,
 THEY ARE PLEASANT TO THE SIGHT,
 THEY ARE SIMPLE IN ADMINISTERING,
 AND SURE AND CERTAIN IN THEIR EFFECT.**
 In every instance in which they have been employed they have never failed to produce the most pleasing results, and many parents have, unsolicited, testified to their valuable properties. They can be administered with perfect safety to children of most tender years.
CAUTION—The success that these Pastilles have already attained has brought out many spurious imitations; it will be necessary therefore to observe when purchasing that you are getting the genuine. The genuine VEGETABLE WORM PASTILLES are stamped "DEVINS," and are put up in boxes containing thirty pastilles, with full directions, and are never sold by the ounce or pound. They can be had from any of the principal Druggists in the city, and wholesale and retail from

**A CARD FROM
 THE AMERICAN WATCH COMPANY
 OF
 WALTHAM, MASS.**

THIS Company beg leave to inform the citizens of the new dominion of Canada that they have made arrangements to introduce their celebrated Watches to their notice. They are prepared to prove that their watches are made upon a better system than others in the world.
 They commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the watches sold in the United States up to the present time, it has been impossible for them to do more than supply the constantly increasing home demand; but recent additions to their works have enabled them to turn their attention to other markets.
 The difference between their manufacture and European, is briefly this: European Watches are made almost entirely by hand. In them, all these mysterious and infatigable organs which when put together create the watch, are the result of slow and toilsome manual processes, and the result is of necessity a lack of uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Accres, Lepins and so-called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, by the rough separate parts of these watches from various factories, push and put them together, and take them to the nearest watch merchant. He stamps and engraves them with any name or brand that may be ordered—whether London, Paris, Geneva or what not; and many a man who thinks he has a genuine "M. F. Tobias, of Liverpool," (whose only fault is, that he can never regulate it to keep ver. good time), is really carrying a cheap and poor Swiss imitation.
HOW AMERICAN WATCHES ARE MADE.
 The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All their operations, from the reception of the raw materials—the brass the steel, the silver, the gold and the precious stones, to the completion of the Watch, are carried on under one roof, and under one skillful and competent director. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust a hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it. If any part of any American Waltham Watch should be lost or injured, the owner has only to address the Company, stating the number of his watch and the part wanted, whether it be spring, pinion, jewel, or what not, and by return mail he would receive the desired article, which any watchmaker would adjust to its position.
 The Company respectfully submit their watches on their merits only. They have fully succeeded in overcoming popular prejudice in the States in favor of European watches, and solicit a thorough examination and fair trial for their manufactures elsewhere. They claim to make
A BETTER ARTICLE FOR THE MONEY
 by their improved mechanical processes than can be made under the old-fashioned handicraft system.— They manufacture watches of every grade, from a good, low priced, and substantial article, in solid silver hunting cases, especially adapted to the wants of the farmer and lumberman, to the finest chronometer for the navigator; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them
ARE FULLY WARRANTED
 by a special certificate given to the purchaser of every watch by the seller, and this warranty is good at all times against the Company or its agents.

**Ayer's Sarsaparilla,
 FOR PURIFYING THE BLOOD.**

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Incurable cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed that it is in most cases a specific and absolute remedy. Heredity is a mistaken notion in one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of epidemic or fatal diseases, without exciting a suspicion of its presence. Again, it becomes a breeding infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or in the interior. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla as a preventive, advisable.
 It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its insidious agency, as actually to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious use of Ayer's Sarsaparilla, are peculiarly liable to it. Yet the robust, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition is exempt from its attacks, and it is too feel insensible to the importance of an effectual remedy.
 In St. Anthony's Fire, Ross or Erysipelas, for Tetters, Salt Rheum, Scald Head, Ringworm, Sore Eyes, and Ears, and other eruptive or visible forms of the disease caused primarily by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, Head affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.
 The Sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, and so efficacious in its action, that persons afflicted with the various and numerous diseases cured by it, though a long time is required for subduing these obstinate maladies by any medicine. Leucorrhoea or Whites, Uterine Discharges, and Pains in the Female, are commonly soon relieved, and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gout, often dependent on the accumulations of acridous matters in the blood, are their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abscess, etc., caused by ranking poisons in the blood, we unhesitatingly recommend the Sarsaparilla.
 This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Languid, listless, Despondent, Sleepless, and afflicted with Nervous Agitations or Fits, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for General Debility, have written us of the youthful vigor imparted to their nervous system, and that it was beyond what that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Nervous Agitation, Periodic or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.
 As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance, wherever it is now to be had, it is perfectly safe. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.
 Unacclimated persons, either resident in, or travelling through malarious districts, will be protected by taking the AGUE CURE daily.
 For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.
 Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all over the world.
PRICE, \$1.00 PER BOTTLE.

 GLASGOW DRUG HALL,
 Notre Dame Street, Montreal.

CHOLERA.

**A CERTAIN CURE FOR THIS DISEASE
 MAY BE FOUND IN THE USE OF
 DAVIS' PAIN KILLER.
 VEGETABLE PAIN KILLER.**

MANHATTAN, Kansas, April 17, 1866.
 Gentlemen:—I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.
 Yours truly,
A. HUNTING, M.D.
 * * * I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. It taken in season, it is generally effective in checking the disease.
REV. CHARLES HARDING,
 Sholapore, India.
 This certifies that I have used Perry Davis Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine.
REV. JAS. O. BOOMER.

Messrs. Perry Davis & Son:—Dear Sirs:—Having witnessed the beneficial effects of our Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy.
REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:—
 At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear.
 Should the diarrhoea and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours.
 N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one.
 The Pain Killer is sold every where by all Druggists and Country Store-keepers.
PRICE, 15 cts., 25 cts. and 50 cts. per bottle.
