What Sixty Years Have Accomplished

Since 1847 the changes and improvements in every phase of life are almost inconceivable. The silver plating industry, like all other lines, has been completely revolutionized, but the original brand of silver plated ware is still recognized as the world's standard.

"1847 ROGERS BROS."

ware has, for three-score years, ably maintained the title of "Silver Plate that Wears." Artistic patterns, correct style, brilliant finish and enduring quality form the perfect combination that has made spoons, knives, forks, etc., marked "1847 ROGERS BROS." the choice of the majority.

Sold by leading dealers everywhere.

"I make up every year quite a number of Floor Mats and many yards of Rag Carpet from Cotton Rags which I color with your Diamond Dyes prepared specially for dyeing Cotton and Mixed Goods. All your Cotton dyes give me the brightest and most even colors. Your Diamond Dyes are the best dyes in the world."

Mrs. J. B. Spenard, Quebec, P.Q.

Remember These Facts

Diamond Package Dyes for Cotton, Linen, or Mixed Goods will color wool, silk, cotton or linen in the same bath better than any dyes ever produced by other manufacturers. Mixed Goods are generally understood as being wool and cotton combined, and as our Dyes for Cotton, Linen, or Mixed Goods will color these materials when combined, it is apparent that they will color each when separated. For the best results, however, different strengths are needed for animal products and for vegetable products, therefore special Diamond Dyes are made for Wool and Silk, and special Diamond Dyes for Cotton, Linen and Mixed Goods.

DO NOT BE DECEIVED!

It is impossible to make a dye that will Color Silk and Wool, (animal material) and Cotton and Linen (vegetable material) equally well. Any competent color chemist will tell you this is true.

Send us your name and address (be sure to mention your merchant's name and tell us whether he sells Diamond Dyes), and we will mail you free of cost our new Direction Book and 50 samples of dyed cloth.
