Dr. F. G. Pedley,
Institute of Public Health,
Columbia University,
New York City.

Dear Dr. Pedley:-

Thank you for your letter of the 18th of February intimating to me that you are coming to us at McGill. This gives us great pleasure and I am sure you will find the work congenial and the opportunities many.

I am leaving to Dr. Martin the making of all arrangements as to the assumption of your duties.

With all kind wishes, I am,

Yours faithfully,

Principal.
