Fine Wilton Rugs

Woven Entirely Without Seam
The acme of perfection has been reached in the weave of these beautiful seamless rugs. The prices are only slightly in excess of the better qualities in the ordinary seamed makes. The designs and colorings are the finest that have yet been produced in any Jacquard fabric, and the range of sizes in which they are made makes it possible to meet almost every demand.

A wonderful reproduction of an old Ghiorde Prayer Rug. This particular design has been made in a quality which comes at the same price as many of the seamed rugs. The design is the typical seamed rug effect, plain centre, in a beautiful soft grey green, with an intricate border, exemplifying the Ghiorde characteristics, in shades of tans, soft yellows and dull old coppers—a truly wonderful effect, at very low prices.

4 7 x 6 7 \$11.50 5 7 x 7 10 16.50
6 7 x 9 10 24.00 7 10 x 11 1 30.00
9 0 x 12 6 42.00

In the finer quality perfect examples of the following well-known Persian Rugs will be found faithfully reproduced: Suruk, Gorvan, Ghiorde, Faraghan, Isphahan, Khorassan and Kashan.

The extraordinary color effects attained in many of these types are quite impossible of description. We have displayed around the Rug Department a number of styles, which will give some idea of their unusual beauty. The following sizes are all carried in stock in this one quality, and at these prices represent values not to be found easily elsewhere:
