ment of Toronto is to command the
new Queen's Own Overseas Battalion,

under Lt.-Col. Vaux Chadwick. The

HAS PROSPEROUS YEARSTAYNER, Dec. 30.—After balanc-
ing the Stayner books of the Hydro-
Electric for 1915, the auditors found
that after paying the Hydro debt
and allowing 5 per cent. for deprecia-
tion of the plant, \$400.00 appeared as
a surplus. The year closes without
one cent of arrears for either light or
power. This is said by the authori-
ties to be the best showing made by
any municipality in Ontario.VOTE
WINBERG
FOR MAYOR

To the Electors of Toronto:

To you I want to convey the
message of my ability and integrity
as far as the administration of our
City's affairs is concerned. My
motto will be a careful business
administration, equal rights to all,
and no privileges to anyone. As
the interests of our city require
that the Chief Administrator
should use sound business judg-
ment, I would ask you to give me
your support to fill the position
that has been for a number of
years mismanaged. Remember, it
is the highest position that any
man who seeks Civic Office can
achieve. I realize the responsibility,
and feel confident that I will
administrate the same to the sat-
isfaction of the citizens at large;
therefore, if the above meets with
your approval,

FOR TRADING WITH FOEHundred and Two Steamers
Banned for Use by British
Interests.LONDON, Dec. 30.—The blacklist of
neutral shipping issued by the govern-
ment for the guidance of British
shippers who are advised not to char-
ter ships appearing on it, as they are
suspected of actual trading with Great
Britain's foes, of other unneutral ser-
vice, or as representing German capi-
tal, now shows the names of 102 steam-
ers. The gross tonnage of these ves-
sels is 80,000, which means a carrying
capacity of 200,000 tons unavailable to
British shippers and neutral charter-
ers in any way dependent on British
shipping.Neutral nations represented on the
list now brought up to date, with the
number of ships of each nation, are
as follows:
United States 11, Norway 38, Swe-
den 27, Denmark 8, Spain 1, Holland 4,
and Brazil 2.The list shows a considerable in-
crease over the first blacklist issued
two months ago.
Neutral shippers expect that the ef-
fects of the blacklist will even extend
to neutral trade which does not touch
at any belligerent port.They explain that under the licens-
ing plan for British bottoms operating
between foreign ports these ships can
be withdrawn at any time from this
service. Many neutral shippers depend
for the bulk of their carrying trade
on British ships, supplemented by neu-
tral ships. Should these shippers at-
tempt to charter any vessels on the
blacklist, their trade, it is argued,
could be ruined by the withdrawal of
British bottoms, for with the prevail-
ing shortage of tonnage it is declared
it would be impossible for them to se-
cure sufficient neutral vessels to keep
up their shipments.CHURCH UNION VOTE
IS NOT COUNTED YETResults Up to Date Give Over
Fifty Thousand Majority
for Union.Rev. Dr. Somerville has not yet re-
ceived the full result of the vote on
church union by the Presbyterian
membership, but the result to date
gives 142,466 and 90,335 against.
The congregations give a total of 1566
for and 463 against. The minority is con-
sidered to be too strong for union with
the Methodists and Congregationalists
to go into effect.
