TWO GOOD THINGS TO DRAW TO! Marlborough

CIGAR Will Just Suit You!

For your own sake try one of these unusual cigars to-day. Give it the most thorough test possible. Cut one open from end to end and see the beautiful long Havana filler. Hold the tobacco to the light and see how clean and wholesome it is. Apply a match to the wrapper and see how evenly it burns, and inhale the rich fragrance from

the burning leaf, then you will agree with us that MARL-BOROUGH simply hits right off with every pleasant idea you ever could have about a cigar. The tobacco is seasoned naturally and sweetly to a ripe, mellow, perfect flavor; the true

Havana flavor, no "dope" in it; only pure tobacco blended to produce one uniform result, a cigar that is full flavored, yet mild; a rich, satisfying cigar, yet never over-strong.
