

Special Sale of— American Children's Clothing Samples on Wednesday.

These suits were bought by our designer in the leading clothing centres of the United States. They are the very latest novelties in children's suits as worn in New York, Boston, Philadelphia and other large cities.

Many of these styles have been re-produced by us for this fall's trade in Canadian and imported fabrics.

These sample suits cost us on the "other side" from 6.50 to 12.00 each, but as they have answered our purpose, on Wednesday morning we offer you your choice of these fine suits [ages 4 to 10] for—

3.50.

Oak Hall Clothiers,

115 to 121 King Street East, opp. St. James' Cathedral.

DUTIES WILL BE PERFORMED

Ald. Dunn Will Present His Bylaw To-Night.

Hamilton's Engineer and Street Commissioner Will Then Know Where They Are at—Board of Health in Session—Revision Court Strikes Off a Large Amount—Verbal Transfer People a Struck a Snag—Hamilton News.

Hamilton, Nov. 7.—(Special.)—At a meeting of the Board of Works, to be held to-morrow night, Ald. Dunn will introduce a very important bylaw regulating the duties of the City Engineer and Street Commissioner. The important points of the bylaw are: "The Engineer and Street Commissioner will have the power to employ and dismiss employees on such work as the Board of Works may direct. The Engineer and Street Commissioner will be under the control of the Board of Works, and the entire appropriation for the Board of Works and Street Commissioner will be expended in accordance with the recommendations of the Board of Works. The Board of Works will also be under the direction of the Engineer. The city will be divided into four districts, and a forum for each. Each district forum is to be responsible to the Engineer direct."

Board of Health in Session. The Board of Health was in session for over an hour this evening, but transacted little business. A deputation of the Hamilton Police, who were in the city to see the Mayor, but did not do much business as the station master ordered the men off because they did not have a city license to do carriage business.

Police Points. Mrs. Lydia Street, Cannon-street, was fined \$20 this morning for keeping a disorderly house. Nellie Johnson, an inmate, was fined \$10. Lizzie Williams-Shaw, another girl found in the place, was allowed to go. From William Hand was fined \$12.50 for creating a disturbance at the Dog Show. Carpenter's hardware store was broken into last night. A revolver and some clothes were stolen.

Minor Matters. Rev. A. B. Simpson, the noted evangelist of New York, is visiting his daughter, Mrs. H. B. Simpson, Main-street. A fire alarm drum band is being organized in connection with the S.O.E. Society's juvenile branch. "Mickey's Twins" will be the attraction at the Grand Opera House to-morrow night.

The Kind That Pays

Only best work lasts—and only the lasting kind pays.

Only. That's a very lonesome word. No "pretty fair"—no "good enough"—to keep it company.

If you want only good work—and you do—we don't know of any better way of telling you that than by asking you to ask those people whom we have done work for.

NEW RAGE IN CAR STRIKE

President Everett and Vice-President Moore Have Their Say

To the Effect That the London Street Railway Company Have Been Misrepresented and Vilified—Toronto's Sympathy With the Strikers—London Order of Railway Conductors Resolve to Support the Men—Cars Run Without Passengers.

London, Ont., Nov. 7.—The arrival here yesterday of Mr. H. A. Everett, President, and Mr. E. W. Moore, Vice-President of the London Street Railway Company, excited a good deal of interest. The Free Press to-day prints an interview with the president, the points of the conversation being as follows:

"We have been wanting to come over here for some time," Mr. Everett said, "but press of business prevented it. Of course, we have been keeping in touch with the long-distance telephone with Mr. Carr. I understand they have been trying to make out the board. Well, he has been following instructions, simply, as well as he could. The company has been misrepresented and vilified."

Asked if it was correct that the company were having trouble with their men in Detroit, Mr. Everett said the report was untrue.

"Has your company an arbitration agreement in Detroit?"

"Yes, we made that with the men four years ago. It is not a part of our franchise."

"What is the objection to the recognition of the union?"

"We have no objection to any organization for the improvement, help or benefit of the men, but to be dictated by a lot of outsiders is the worst form of despotism. A fellow runs his own business, or else he doesn't."

Not Here to Negotiate.

"Is it correct that you have come here at this time with a view to bringing about a settlement?"

"We did not come here with the idea of opening any negotiations."

Mr. Everett said he had interviewed the Mayor, but only in respect to the preservation of the peace.

"Has anything occurred pointing to a hope of settlement?"

"What do you think, Mr. Moore?" Mr. Everett asked his associate.

Mr. Moore did not reply, and Mr. Everett continued, "That is putting the cart before the horse. We cannot get on until we have a line on the new City Council. A railway paying 10c a mile run cannot pay the wages to the men who employ them per hour, and they worked only a few hours per week, not being required longer, and because their wage bill is too large. The new City Council, in its role of despotism, is to be dictated by a lot of outsiders. The men are only paid what they are demanding here."

Alleged Misrepresentation.

"In what respect has the company been particularly misrepresented?"

In regard to the pay their men were getting, Mr. Everett said that a Kent-street man out of a total of over eighty employed were required to be kept as substitutes or extra men, and these men were paid a line on the new City Council. He said that the men were only a few hours per week, not being required longer, and because their wage bill is too large. The new City Council, in its role of despotism, is to be dictated by a lot of outsiders. The men are only paid what they are demanding here."

WORK HAS BEEN SUSPENDED

On Pier 2 of Inter-Provincial Bridge at Nepean Point.

Owing to a Decision of Chief Engineer of the Railway Department—Mining in Slocan—Reception to Lord and Lady Minto—Mr. Peter Harvey Dead—Supreme Court—Ottawa News.

Ottawa, Nov. 7.—Work on pier No. 2 of the Interprovincial bridge at Nepean Point has been suspended owing to a decision of the Chief Engineer of the Department of Railways and Canals, regarding the placing of concrete in the bottom of the piers.

Mr. Brock, Chief Engineer of the Department, said he did not stop the work, but told the bridge company that if they did not comply with certain requirements of the department regarding the placing of concrete, he would not pass the bridge when completed. It was necessary, he said, that he should be able to inspect the concrete after it had set and with the copper dam in use he would be covered with water. This precaution, he said, was necessary, owing to the height of the pier, which was being placed on a business base, and also owing to the late accident at Cornwall having been caused through the use of inferior concrete.

Returned From Slocan.

Mr. R. W. Brock and Mr. W. L. Leach of the Geological Survey, returned to-day from the Slocan, B.C., district, after a tour of topographical and geological work. The Slocan district has a bad one for their work. Considerable development has been going on in all the camps and in the price of silver and lead has caused great activity in the Slocan district, where the ore is principally silver and lead. Mr. Brock said that the general condition of mining in British Columbia is very good and the prospects bright. The Slocan district is showing steady.

Welcome to Lord and Lady Minto.

The Mayor and Council will publicly extend a formal welcome to the new Governor-General, Lord Minto, and Lady Minto, on their arrival in the Capital. The Mayor has been fixed for City Clerk's office in busy preparing the address for the occasion.

MUST BE GOOD SEOTS.

Lots of Deer Arriving From the West—Railway Committee Met—News of Roads.

The Railway Committee met to-day to consider the question of freight rates. A number of wholesale merchants and business men were present. The committee was informed that the freight rates on deer from the west were being lowered. The committee was also informed that the freight rates on deer from the west were being lowered.

THE HONESTED ENTRIES.

The Honested Entries, which usually give a pretty fair gauge of the prosperity and depression of the country, are showing this year double those of last season.

For the first seven months of the current year the Honested Entries were 23, as against 12 for the same period of last year.

A program has been issued for the reception of Earl Minto and his family on their arrival in the Capital. The Earl will be received by the Mayor and the Premier and other Ministers of the Crown.
