

CANCELLATION OF LICENSES OF RIVER CRAFT MAY RESULT

Investigation of Rum Running At Border Reveals Serious Danger.

WINDSOR, July 22.—Collector of Customs Montreuil today declared action had been taken following a thorough investigation of activities of rum runners on the river, and evidence was now being prepared for the department at Ottawa, which would probably result in the cancellation of licenses of several tugs and other crafts now operating on the river.

The great danger from the use of these boats for smuggling liquor across to Detroit, he said, was in their running at high speed in the darkness without lights. As these vessels were built for speed and with great power, in the event of a collision with a ferry or pleasure excursion boat the results would be disastrous and many lives would be lost.

"I don't intend to wait for any such calamity," Collector Montreuil declared tonight, "and that is why I am taking action right now."

Most of the tugs engaged in the traffic are in the western section of Windsor, he said.

SEE HUGE RUSH OF IMMIGRANTS TOWARD CANADA

Soldiers' Settlement Officials Predict Biggest Trek in Years.

[Special to The Advertiser.]
OTTAWA, July 22.—A highly optimistic report regarding the possibilities of heavy immigration from the United Kingdom to Canada is being made back by W. E. Scott and Russell Wilson, who, for the past six months, have been overseas in the selection of immigrants under the plan of the soldiers' settlement board.

Messrs. Scott and Wilson declare that Canada is looked upon overseas as a land of promise, and that demand for berths to the Dominion far exceeds the transportation facilities available. In fact, they declare that Canada is in for the biggest immigration rush which she has had for many years past.

As a direct result of their efforts on behalf of the settlement board, 600 carefully selected settlers will be added to the communities of the Dominion. All have seen active service, and all are considered fit for agricultural pursuits. Each man is required to have a capital of at least \$1,000, and transportation is paid by the imperial authorities. The majority are of the officer class.

Many of them have capital far in excess of the minimum required, and sufficient to establish them on substantial farms or ranches.

While on his way there he leaped from the automobile and shoved his heels to such good effect that he has not yet been found.

TROOPS SHOOT IRISH RIOTERS; THREE KILLED

DEBATE IN COMMONS

Some Heat Felt When O'Connor Hurls Grave Charge At Carson.

BELFAST, July 22.—Brother Michael Morgan, a Redemptorist, was shot dead tonight in Clonard Monastery. Falls road, during the course of a serious engagement between rioters and troops. Two others were killed, William Downey and William Godfrey.

The belief is held that Brother Morgan was the victim of stray bullets. Late last evening there was a renewed outbreak of rioting on Falls road, one of the most dangerous districts. The attacks against the military were of a formidable character, and many were injured by stones and other missiles.

The rioters grew increasingly menacing, and after a warning the troops fired, with the result that three persons were killed and fully a dozen were wounded, some of them seriously.

Shot through Lung.
Jones Conn was shot through the lung and was operated upon immediately at the hospital.

A majority of the employees of the Bainsbridge factories today demanded the expulsion of the Sinn Féin workers, the management in each case being obliged to accede to the workers.

Nine Are Killed.
Up to about 11 o'clock tonight nine persons had been killed in the rioting and scores were wounded. The firing was renewed at 10:30 in the neighborhood of Clonard Monastery.

Earlier in the evening a spirit dealer in the Ballymacarrett district, believing that a mob was about to attack his premises, fired a number of shots and wounded four civilians. He was seized and beaten and eventually sent to the hospital.

REFERS TO MANNIX

LONDON, July 22.—David Lloyd George, the prime minister, today told the House of Commons that the Government was fully aware that Archbishop Mannix had been "delivering exceedingly mischievous speeches."

The premier's announcement came in reply to a question by Sir Frederick W. Young, coalition minister for the Swindon district of Wiltshire, and formerly a member of the South Australian Parliament. Sir Frederick again had asked what the Government proposed to do regarding Archbishop Mannix's projected visit to Ireland. Mr. Lloyd George said the matter was being considered.

CARSON CREATED EXTREMIST PARTY

DECLARES O'CONNOR

LONDON, July 22.—Important measures for dealing with disorders in Ireland were announced in the House of Commons today by Sir Hamar Greenwood, chief secretary for Ireland, in the course of a debate on Irish affairs, which occasionally devolved considerable heat.

Moving a resolution in the salaries of the chief secretary's department for the purpose of calling attention to the Government's Irish policy, T. P. O'Connor declared that nobody had done more than Sir Edward Carson, the Ulster Unionist leader, to create an extremist party in Ireland, and he suggested that it was the Ulster movement which turned the vacillating mind of Germany in favor of war.

Sir Edward, interrupting the speaker, characterized this as "an unmitigated lie."

Mr. O'Connor's motion was defeated by a vote of 181 to 49.

In the course of the debate James Henry Thomas, Labour member and general secretary of the National Union of Railwaymen, declared that the Government could obtain peace in Ireland immediately by establishing home rule there.

RAILWAY BOARD PLACES BAN ON COAL EXPORTS

Expected Effort To Conserve Fuel Supply Announced by Carvell.

OTTAWA, July 22.—(By Canadian Press.)—Prohibition of the export of coal from the Atlantic, St. Lawrence River and Gulf ports of Canada except to the United States or to Newfoundland, unless otherwise permitted and in accordance with regulations to be promulgated by the board, is provided for in a brief order of the railway board issued late this afternoon. The order, which is signed by Hon. F. B. Carvell, chief commissioner, will become effective on and after the first day of August.

Other steps looking to the conservation of the fuel supply are being considered by the board, and special efforts are being made, in conjunction with the United States authorities to increase the movement of coal from the mines to Canada. It being recognized that the threatened shortage is to a very large degree a matter of transportation rather than of actual dearth of the black diamonds.

INCREASES IN RATES

WASHINGTON, D.C., July 22.—To provide the additional revenues necessary to meet the \$600,000,000 increase in wages awarded by the railway labor board, the railroads of the United States today proposed to the Interstate Commerce Commission that passenger rates be advanced 20 per cent and freight rates be advanced 27.06 per cent previously requested. They also proposed that a surcharge of 50 per cent be made on Pullman fares; that excess baggage rates be increased 20 per cent, and that milk tariffs be increased to the same level as freight rates.

Should the increases proposed today and those previously asked for be granted in full existing freight rates would be advanced 36.3 per cent, and the country's freight bill would be increased by \$1,355,370,675. The total which would be added to the passenger revenue under the railway executives' plan would be \$23,827,932 annually. Pullman charges would go up \$45,530,354 a year, the revenue on milk would be increased \$3,662,088, and excess baggage charges would be advanced to \$1,420,895. The plan presented by the railroad executives disclosed that they have estimated the wage award at approximately \$226,000,000 instead of the \$600,000,000 figured by the labor board.

Alfred P. Thomas, general counsel of the Association of Railway Executives, explained that the \$25,000,000 of additional revenue was figured on the basis of a 10 per cent allowance provided in the award.

WERE POLICE TOO HASTY?

Defendants in Liquor Case Claim Deal Was Not Consummated.

WINDSOR, July 22.—A unique angle developed in the hearing in Windsor

police court today against Fred Chappus and Henry Drouillard, charged with infractions of the Ontario temperance act, that necessitated a delay in decision in Chappus' case and sentence in Drouillard's.

Recently Chappus arranged for the purchase of 48 cases of whiskey from Drouillard, the goods to be delivered under cover of darkness. While the transfer of the liquor was being made from the owner to the buyer the police assumed the role of middlemen and seized the shipment. Chappus now claims he is not guilty of purchasing liquor illegally, in that the deal did not reach consummation. Magistrate Miers reserved judgment until tomorrow to ponder over this perplexing phase of the act.

Why Cox and Harding Will Make League Chief Issue

Both candidates on the Democratic ticket declare that they will make their chief fight on the league of nations issue. Replying, Senator Harding says that since "the president demands a campaign on this issue," since "the Democratic platform makes the issue paramount," and since "the Democratic candidates are unqualifiedly acquiescent," then "the Republican party and candidates gladly accept the challenge." Although the candidates have thus joined issue over the league of nations, there are independent publicists who agree that many citizens will vote their party ticket quite irrespective of what Governor Cox and Senator Harding may say about the league, and instead of the coming election being a great national referendum on the league of nations, it will be, in the opinion of The Lowell Courier-Citizen, "simply on which party is to be trusted—the Democrats after their prolonged exhibition of their quality or the Republicans after their prolonged absence," which may have made the heart grow fonder.

The leading article in THE LITERARY DIGEST this week, July 24, throws many sidelights upon the reasons why the candidates are pushing the league of nations to the front as a dominant issue, and it will be highly interesting and instructive reading to the American voter just now.
