

## DRAYTON RETURNS AFTER INSPECTION

Chairman, of Railway Board  
Confers With American  
Railway Officials.

### HEARS OF CRITICISM

What More Can They Ex-  
pect Us to Do, Asks  
Sir Henry.

When Sir Henry Drayton, chairman of the Dominion Railway Board, arrived in Toronto last night on his way to Ottawa after spending the day in conference with officials of American and Canadian railways at the Hotel Statler in Buffalo, he was shown a copy of the resolution passed by the board of directors of the Canadian National railway after his return from the inspection.

"You have been having an interesting time," he was asked.

"Yes, indeed," he replied, "I have been very busy."

"The coal situation, the information of the board of directors, the fact that the board of directors of the Canadian National railway is in a position to make them public, as they depend upon the co-operation of all."

"The coal situation, the information of the board of directors, the fact that the board of directors of the Canadian National railway is in a position to make them public, as they depend upon the co-operation of all."

## LAST OPPORTUNITY TO JOIN RAILWAY BATTALION

Only One Such Unit Now Recruiting and It Will Soon Go East.

As the minister of militia has declared that "the services of every available man in whatever capacity his physical and other capabilities fit him to occupy, are urgently required both in England and at the front," it is well to point out that an opportunity still exists for men to join the 28th Battalion, the only railway construction unit at present recruiting, and which is understood, is under orders to move to an eastern training ground at an early date. A draft has already been sent forward and as soon as transports are available the remainder of the battalion will go.

The 28th offers an excellent chance for men who wish to get overseas quickly and to go in time to be on the front in the big summer offensive. Orders are being sent out for men to the different districts to mobilize at once in Toronto so that the unit can be ready to move at a moment's notice. The following trades will find a place in the 28th in the capacity in which they will be best suited to serve: carpenters, blacksmiths, saddlers, builders and contractors.

## WOMEN GARMENT WORKERS DISCUSS WAGE SCALES

Strike is Considered Unlikely as  
Most Employers Are Con-  
ceding Demands.

A very heated meeting of the International Union of Garment Workers' Union was held last evening in the Labor Temple, presided over by Mrs. J. J. Black, president of the union.

The meeting was called to discuss the decision regarding the new schedule of wages and conditions which has been submitted to the Clothing Manufacturers' Union. The meeting was continued until a late hour, but no action was taken.

The majority of the manufacturers have agreed to the demands of the workers," he said. "And we do not anticipate any strike."

St. Martin, speaking for S. Koldofsky, representing the International Garment Workers' Union, said that everything is progressing favorably. "Many of our people are receiving an increase in their wages," he said.

## WANT MORE NURSES FOR DUTY ABROAD

From Applicants of To-  
ronto District.

### BAR TELEGRAPH MEN

Those Enlisting in Future  
Must Have Permission  
From Their Employers.

The British war office has sent a call to Canada for 100 more fully qualified nurses for duty overseas with the Queen Alexandra Imperial Nursing Service. Twenty of the nurses will be selected from the Toronto district, the applications to be made thru Miss Gunn, Toronto General Hospital.

The nursing sisters will receive \$40 a year and the staff nurse \$20. The nursing sisters will receive \$40 a year and the staff nurse \$20.

As the enlistment of telegraph operators in Canada is becoming a very serious handicap to the war effort, the telegraph companies, Ottawa militia headquarters has sent word to Toronto to enlist more operators.

Up to now the artillery has confined its recruiting campaign to the cities in the western provinces. It is understood that the recruiting campaign for the artillery is now being extended to the cities in the eastern provinces.

Examinations of probationers for Greyhound qualification will be held at the Toronto recruiting depot yesterday afternoon. In addition to the 40 men being given a final medical examination, 44 of them being for the C.A.S.C. (Canadian Army Service Corps).

Major-General W. C. Gwatkin, chief of the Toronto recruiting depot, is expected to arrive in Toronto today to interview 30 applicants selected by Lieut. Col. W. R. Lang, military secretary to the C.E.F. (Canadian Expeditionary Force).

## CORCELETTE FIGHT PICTURES ENTHUSIASTICALLY RECEIVED

Military Authorities and Prominent Citizens Agree in  
Declaring Them Most Remarkable Series of War  
Records, That Should Be Seen By  
All Canadians.

"They are very lifelike," said Sir Sam Hughes, when asked for his opinion of the Corcelette fight pictures, "and I recognize some of our guns there, and they have done good work."

"I should know, for he has seen actual fighting and conditions at the front," interjected Dr. Norman Allen, who was seated next the ex-minister of militia in the balcony box.

"Do you think the pictures will encourage and give a stimulus to recruiting?" Sir Sam was asked. "I think they will," he replied. "They should certainly inspire our Canadian manhood to a sense of their duty and of what we are fighting for."

By order of and under the instruction of Sir Sam Hughes that the Canadian war pictures were taken and produced, and he is immensely pleased with the result.

Dr. Allen declared the pictures were very fine and incidentally remarked that he followed the opinion of Gen. Hughes in everything relating to the war.

Col. R. C. Levesque was very enthusiastic over the presentation of the pictures and spoke in high praise of the Corcelette fight pictures. "It is the first time I have ever seen the 'tanks' in action, and it is no wonder that they are so popular," he said.

Col. H. C. Blockford thinks that every Canadian should see the pictures. "The film in other words, they will show our boys are defending the empire. They are splendid," he said, "and everyone who wishes to realize what the fighting is like should see the pictures. They are like going to accept the opportunity of seeing for themselves. They are real and true."

Lieut. Col. H. C. Blockford, who attended with a party from Government House, was also very enthusiastic. "I enjoyed the presentation of the pictures immensely," he declared. "The concentration of the pictures is wonderful."

HELP THE GOVERNMENT  
WIN THE WAR

THOUSANDS VIEW  
CANADIANS AT WAR

The Tanks Appear.  
The advance of the "tanks" is watched with the curiosity of a thing which is new to the world. The advance of the "tanks" is watched with the curiosity of a thing which is new to the world.

Another very strong feeling that takes possession of the spectator as the scenes come to one from the canvas, in the paradoxical idea of the humanity of the men and the inhumanity of the things upon which their whole energies are bent. Even in the excitement of the most terrific bombardment there is no trace of the passion which means to kill. Every man is using muscle and sinew to the straining point, but the motive is the termination to win and to die if necessary in the doing it.

Col. A. E. Gooderham: "The Canadian films are really remarkable, and excellent as moving pictures. I have seen many of the war films, and consider these exceptionally wonderful. The photographs taken at night are unusually clear. I am very glad I had an opportunity to see them."
