**Anglican Mission Board Decides to Create Another Pastorate in Carleton Co.**

The Anglican Synod committee continued yesterday. A number of matters of general interest were discussed. The report of the Board of Missions of a new special interest. J. H. A. L. Fairweather the treasurer, reported for the first time in some years there was a balance on hand at the close of the year of \$1,200. Reports of deputation visits to different parts of the diocese in connection with the increase in stipends were received, showing that the parishes cordially co-operated, with the result that priests of three years standing in the diocese will receive \$50 increase, and of six years' standing \$100. One of the most important changes in the formation of a new mission in Carleton, which will be placed in charge of a priest, Aberdeen, Peel, and Brighton, now served by the rectors of Woodstock and Wicklow, are now to become a separate mission, a clergyman in priest's orders to be appointed is soon as possible. There are two candidates, Rev. E. W. Simonson, of Florenceville (Peel), and Glasville (Aberdeen), and land has been purchased at Hartwood (Wicklow), and on which a church will be erected. This change will relieve the vicar of Woodstock and Wicklow, and the vicar of Woodstock will be able to devote more time to his regular ministrations of the church. The young people's association of St. Luke's, Woodstock, have contributed to the start of the mission.

Rev. W. P. Dunham, of Centreville, will remove to Madam in the near future. Rev. C. E. Maimann will fill the vacancy at New Denmark, caused by the death of Rev. E. Stanger. Rev. M. Shewen will retire from Greenview to take up work elsewhere in the diocese.

The Board of Education of the Anglican Synod met this morning. Rev. W. R. Hibbard, head master of Rothesay Collegiate School reported on the state of the school, the changes and additions, etc. The report which was lengthy proved most encouraging. This afternoon the following committees met: widows and orphans fund committee, executive committee and standing committee on Sunday schools.

**POLICE COURT**

**Case Against Amos Tower Occupied Considerable Attention This Morning.**

The preliminary examination of Amos Tower, arrested yesterday on suspicion of stealing handkerchiefs from a sample package in a Sand Point warehouse on December 23, was commenced in the police court this morning, after the civil business had been transacted. Cyrus Inches represented the C. P. R., and E. S. Ritchie defended the accused.

Alfred Lomis, chief import clerk, testified that a package of samples consigned to Vassie & Co., this city, had been placed in a drawer in his office, on December 21. The samples were wrapped in brown paper. On the following day the drawer was secured, but on Wednesday, the 23rd ult., it discovered to be open.

John Maher, a laborer in the employ of C. P. R., was the second witness. Tower, Potter and Allen and he were painting the import clerk's office on the forenoon of the 23rd ult. After the detection of the opening of the drawer, he found a spike underneath the desk, and remarked to his fellow workmen that it had been used in prying open the drawer. Tower ridiculed this theory, and taking the spike from Maher, placed it in a cavity in the wall behind the desk. Tower asserted that he had previously taken it from the receptacle and threw it under the desk. Tower and the witness boarded in the Western house, on the west side. He saw no handkerchiefs in the prisoner's possession, but was present when William Potter took a witness from Tower's coat in the latter's room. The stained handkerchief exhibited in court was the one in question. Cross-examination by counsel for the accused elicited the statement that Allen, one of the quartette painting the office, had departed rather suddenly for a point thirty miles from the city, presumably to work in one of the logging camps. The rooms of the witness, Potter, nor Allen were not subjected to a search.

William Potter, another laborer, was sworn. Shortly after one o'clock on the afternoon of the 23rd ult., he entered the office where Tower was alone at the time, and noticed that the drawer had been opened and filled with spikes. The accused, who replied, "Oh, that's all right, say nothing," or a similar expression. He complied with a request to search Tower's room, and took a white handkerchief from a pocket in the accused's coat, while Tower was absent.

To Mr. Ritchie he said he understood that Maher and Allen had engaged in an altercation on the day following Christmas, on Sherburne street, and both were arrested. Allen left the city soon afterward.

The case will be continued tomorrow afternoon, when Detective D. J. Walsh will be examined, and Alfred Lomis recalled. The drawer and package will then be produced.

Samuel Barker, an Englishman, was fined \$4 or ten days for intoxication. The magistrate commented on the apparent real estate speculation on Sherburne street, with a Penchant for bankrupts are abiding by their New Year resolutions, for local men on the street since the debut of 1898 have been conspicuous by their absence.
