LADY JELICOE WRITES IN ACKNOWLEDGEMENT OF THE MONEY SENT HER FROM HERE

Mrs. J. H. Tillotson yesterday received the following letter from Lady Jelicoe, in reference to the sale held at Mrs. Tillotson's home, Sydney street, recently, to gather funds for the benefit of the men of the navy—

29 Sussex Square, Hyde Park, W., Dec. 29, 1914.

Dear Madam:—

Please accept my very grateful thanks for the sum of £28.81, which you have kindly sent me for the sailors' Christmas fund, also for the postal order. It was very good of you to organize the sale in your house in the interest of the fund, and I can assure you how very highly I appreciate the kind support that I have received from all parts, which has enabled me to send so many comforts to the various ships in the fleet.

Believe me, Yours very truly,
Gwendoline Jelicoe

APPLICATIONS TO THE ASSOCIATED CHARITIES ARE MORE NUMEROUS

Many applications have been received of late by Miss Grace O. Robertson, secretary of the Associated Charities for assistance from people in the city. The poorer classes have suffered considerably thus far, she says, chiefly because of lack of work, business houses and industrial concerns showing a desire to cut expenses as much as possible, and thus lessening the amount of extra work otherwise available.

Miss Robertson said today that the applications for help were more numerous than in other years, but that everything possible was being done to better circumstances.

SURPLUS OF \$21 FOR YEAR IN CHARLOTTETOWN

The Debt Cut Down \$12,000—More Police Court Cases, Including Drunkenness Charges

Charlottetown, P. E. I., Jan. 13.—Charlottetown closed her civic books for 1914 with a surplus of \$21. The revenues were \$86,235, and the expenditures, \$86,234. The chief revenues were from the real estate tax, \$38,575; personal property tax, \$15,228, and poll tax, \$2,400. During the year \$32,000 was spent on the streets, and \$30,000 for interest. The total city debt is \$915,000, a decrease of \$12,000.

The commissioners of sewers and water supply reported the most successful in the history of the city. The sum of \$81,000 was collected for water taxes, an increase of \$1,208. A secondary water supply of fourteen artesian wells, producing 250,000 gallons a day, was provided. The police court records show 324 convictions and 93 dismissals, compared with 267 and 83 for 1913. There were 226 convictions for drunkenness, compared with 211 for 1913. There were seventy-three cases for breach of the prohibition act, including thirty-eight convictions. Last year there were twenty-eight convictions and twenty-five dismissals.

BREAD FROM CORN IS BEING TALKED OF

Local Dealers Talk of Situation But Do Not Look For \$2 Wheat

If wheat advances to \$2, or within the immediate vicinity, there has been some talk of the use of other cereals for general household table purposes in the middle states. A prominent dealer of Chicago is quoted as saying that "Two dollar wheat will mean that Americans will eat corn." Local dealers were asked about the matter yesterday, but the general feeling was that that would not be necessary in Canada. They did not seem to believe that wheat would advance to \$2, and more than one spoke of this type yet but of course that doesn't say there aren't any.

Small House. Now Wheat advancing. Now watch the size of the loaf decline unless the price goes up another cent.

If the government really intends to fix a price for wheat isn't it possible to fix a certain standard weight to the loaf? Of course it's one thing to fix a standard and another to see that the weight is maintained.

The Company's Little Joke. Just when we were nicely accustomed to the pay-as-you-enter plan, along comes a main line car without it. But there is especially a cold, stormy morning, it's always such an exhilarating exercise to go diving through your inside pockets for your fare, that perhaps we shouldn't mind being fooled.

What Else Could They Do? The Conservative Club last evening is understood to have received its assurance of confidence in Hon. Mr. Blondin, when Mr. Lavigne, yesterday, told the Quebec legislature Canada had no business to join in this war.

Reports of the famous banquet to Premier Clarke at St. George, the first week in January, are beginning to "leak." It is the right word, as it appears to have been a very liquid affair. It was worse than the leakage that Mr. Fleming tried not to stop. The customs officers, game wardens, fishery officers and other enthusiastic performers who were present made a fine impression, and the town is still talking about it. The failure of The Standard to do justice to the occasion is much regretted by its Charlotte county readers.

BELIEVE WOMAN SUFFRAGE DEAD ISSUE FOR PRESENT

Washington, Jan. 13.—Democratic leaders in congress today considered the woman suffrage issue dead so far as the present session is concerned. As the result of the failure of a resolution for a constitutional amendment to enfranchise women to get the necessary two thirds vote in yesterday's contest in the house of representatives, failure of the resolution to get even a majority vote it was believed would discourage further efforts at this session. On the roll call 304 votes were recorded against the resolution and 174 for it.

A GOOD TIME

The annual concert and Christmas tree for St. Matthew's Sunday school was held last evening, and was attended by many.

The following programme was given by the children:—Recitations, Clifford Farley, Albert Brown, Robert Carson, Etta Urquhart, Norena Bacon, Clara Devennie, Irene Hunter, Irene Brown, Gertrude Taylor, Alice Thompson, Cyril Hume, Tom Urquhart; chorus, "Happy Birthday," by the primary department; dialogue, three little boys, Willie Carson, Charlie Murray, and Fred Hume; Lullaby chorus by eight little girls; chorus, Tipperary. Presents were found on the Christmas tree for all the children, and a very enjoyable evening was closed with the singing of "G. A. Save the King."

NOT IN KANE ROBBERY.

Mr. Hansen, father of Alfred Hansen, takes exception to a statement in a recent court report that his son took part in and was leader in the robbery at James Kane's residence. He adds that the boy was not in the city at the time of the robbery.

AFTER MANY YEARS.

A welcome visitor to the city at present is Richard Smith, formerly an I. C. R. engine driver, who is here visiting relatives after an absence of twenty-five years in the west. He is now a locomotive inspector with the C. P. R. with offices in Medicine Hat, Alta. He is being heartily welcomed by old friends in St. John.

CAUTION

It is expected that ice harvesting will begin on Lily Lake tomorrow, and the public should avoid skating or crossing on the ice at any part of the lake west of the old shoot-the-shutes.

HAD SKATING PARTY

About thirty members of St. Luke's A. Y. P. A. held a very enjoyable skating party at the Queen's rink last evening, after which they returned to their rooms, where a very bountiful repast was served.

CHALEUR IN PORT.

The Royal mail packet Chaleur, Captain Hill, arrived in port this morning from Demerara, with eleven passengers and a light general cargo.

The Man In The Street

Go—ing Upppp! Flour, Airships and taxes!

In view of what has happened there the Grecian Asia Minors might well jump to the big league.

Recent orders from Major General Hughes would indicate that if a fellow tries of soldiering, all he has to do is "start something" and he may quit.

"Baby by parcel post" reads headline. Further evidence of progress over the primitive ages when the kids were told "she came via the stork line."

In a Scott Act raid in Fredericton last night liquor was found in two hotels while there was none in a third. It's just a question which fact will prove the better ad.

The commissioners should not overlook one important feature in selecting a chief of police from outside parts—the "Made in Canada" slogan.

A Bath for Charity. News note reads: "To raise money for charitable purpose, several Kansas women will send nothing to the laundry for a week, but will wash themselves, instead." Charity was always a worthy cause.

Eggs little cheaper—perhaps this mild weather is fooling the feathered ladies of the barnyard into thinking Easter has gone by.

The man who hasn't yet been able to pay his last year's taxes must entertain delightfully cheerful thoughts towards the proposed increases.

People aren't half so anxious to know who'll be the next police chief as they are to find out if there's a boost in their next tax bill.

Some fellows suggest a moratorium, but the city owed them something, the idea might not be so popular.

On the other hand there are fellows who regard each of the commissioners asking for an increased grant in his department as a device of a fine chap—feel their taxes aren't high enough now, and they simply just want to pay more. We haven't met any of this type yet but of course that doesn't say there aren't any.

ODDOR DUNPHY DEAD

Gibson Farmer Left Eight Children—Politicians in Provincial Capital

Fredericton, Jan. 13.—Oddor Dunphy, retired farmer, died at his home in Gibson this morning after a lingering illness of paralysis. He was a twenty-five years of age and leaves two sons and six daughters—Hanford, of Nashua; Alexander, of Douglas; Mrs. Daniel Richards, matron of the Victoria Hospital here; Mrs. H. P. Lind of Gibson; Mrs. Harry Smith of Boston; Mrs. B. E. Goodspeed of Penac; Mrs. Frank McElinan of Gibson and Miss Pearl Dunphy at home.

Herbert T. Marshall died suddenly at his home in Upper Maugerville last night. His wife and one daughter survive.

Politicians in the city for the government meeting include O. M. Melanson of Shediac, A. H. J. Stewart of Gloucester, Harry Woods of Wolford and Donald Munroe of Woodstock. The half yearly subsidy from Ottawa amounting to \$218,500 came to hand this week. A force of women are at work renovating the legislative buildings in preparation for the opening of the legislature.

FAIRVILLE NEWS

Most of the Fairville stores were closed at seven o'clock last evening. Work was begun yesterday by A. W. Adams, contractor, of West Frank, laying a new temporary floor on the Suspension bridge. The job is being rushed, and the bridge is being carried on from both ends of the bridge. Andrew Ruddick, of West End, is the government inspector.

The returns from the Manawagonish school concert, \$13.50, will be turned over to the Patriotic fund. Contributing to the small building, the amount realized is very commendable.

The Fairville Brotherhood were entertained last evening by its members, and during the evening, Rev. Gilbert Earle exhibited lantern slides of West Indian life. Two of the members reported about the reservoir, and it was decided to ask the community council for sufficient funds to pay for closing the breach, so that the pond could be satisfactorily flooded.

COME TO THE BEST CLOTHING SALE IN TOWN TODAY

We don't care where you go or what bargains you get elsewhere, we know we can give you much more for your money.

In the first place we always sell clothing at one-fourth to one-third less than other stores. This is because we are the makers and when you buy from us you pay wholesale prices.

Now on top of this original saving of one-fourth to one-third we've cut big slices off our prices for this sale.

Comparison will show that the reduced prices of other stores don't begin to match the reduced prices at Oak Hall, and after considering the fact stated above, it must be clear to you why this is so.

You are entitled to the most for your money—be sure you get it.

You will get it and at the same time you'll get the most satisfactory clothing obtainable, if you take advantage of our Mid Winter Sale now in progress.
