ASK POLICE DISTRICT ABOLITION; PROTEST TAX ARREARS ASSESSMENT

Summer Residents Up River Hold an Indignation Meeting.

A request for the abolition of Police District No. 2 in Lancaster was presented against the inclusion of the arrears of the last two years, in which the assessment for police was on the whole district, in the amount assessed against the summer residents this year, were the features of a meeting of summer residents of Ketepec, Morna and Marston last evening at the club house of the Ketepec-Morna Outing Association.

The meeting was well attended, despite the unfavorable weather, and those present were not slow in expressing their dissatisfaction with existing conditions. James Brittain was elected chairman and A. G. McKinnon, secretary, for the meeting. The police protection law was discussed at some length by R. T. Hayes, M.L.A.; S. G. Olive, T. F. Miller, Allan Lingley and others and was moved by R. C. Thomas and seconded by Harry Jackson, that the municipal council be petitioned to abolish No. 2 police district in Lancaster, the whole cost of which, it was said, had been placed on the summer residents. This was carried unanimously.

The following resolution, moved by S. G. Olive and seconded by Joseph Smith, was carried unanimously:—Whereas, it has been drawn to the attention of the summer residents of this district that the unpaid taxes for police protection in this district for the last two years, has been added to the levy of this year against the summer residents.

And Whereas, the act authorizing assessment against summer residents for this purpose is not retroactive.

And Whereas, the said residents paid the taxes assessed against them for the said two years which included the tax for police protection.

Therefore resolved, that the said residents protest against the action of the council in this matter, claiming that this unpaid tax should be collected from the owners or occupiers against whom the assessment was levied.

The following were present: S. G. Olive, T. F. Miller, Allan Lingley, R. T. Hayes, M.L.A.; M. Adams, S. G. Olive, Allan Lingley and James Brittain.

WHO'S TO PAY?

Commissioner's Curbing Destroyed in Blasting for Pole Holes.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I was talkin' to the other day to one of them there parties from the States that was going through The States. I as 'em if they was hevin' a good time an' they said it was great. One feller said we don't seem to know what we got down here in summer or we'd tell the world. He was his words. He said if I seen some of the little ponds in the States that has summer, catches around 'em an' people crazy to get there—we'd think a lot more about our lakes an' rivers an' nice country places. Now, says he, if you had a lot of nice routes mapped out so folks that comes here could be told about what they might see in a day's run here or there off the main roads—they'd stay longer. But you'd want to hev some way of bein' sure they was told about it. If you had some place in every town lookin' after the business you could pass 'em an' they'd keep on 'em 'till they see a lot of the country they'd never see if they just whizz through. Why, says he, you got the greatest playground in America. Why don't you realize on it the same as Maine? Well, sir, it's good honest sense in what that feller said. We're thinkin' about fittin' up a campin' site out to The Settlement for next summer an' gittin' that there Ontonagon Association an' Tourist Association to tell about it—yes, sir."
