Fort William Race.

Fort William, Ont., May 18.—Amateur distance runners representing many different cities both east and west of Lake Superior have filed their entrance papers to participate in the annual Fitness-Journal road race to be held in this city on May 24, and inquiries regarding the conditions of the race are coming in daily.

The race will be run over the usual ten mile course and is open to all amateurs in good standing. Since 1910, when the race was made an annual event, it has been recognized as one of the main early season sporting events of Canada, and from the interest which is being shown this season, this year's race will be one of the most successful.

"ALF'S BUTTON"

BETTER THAN "THE BETTER OLE."

EVERYBODY KNOWS that when Aladdin rubbed his Magic Lamp an Oriental Genie immediately appeared and executed the most fantastic wish of the wishful young man. Now bring this story up to date. Imagine a soldier's button made of the brass from that magic lamp, and again imagine the button sewn on the coat of an ill-fated Cockney Tommy in the trenches. From the moment the snappy Sergeant Major ordered the Tommy to polish up his buttons, eliciting the murmured protest "Strike me pink" (when Pesto the Genie appeared) until the last flip of the seventh reel off the screen, this comedy is a delirium of fun and hilarity. Clean, wholesome, clever and darned if it ain't natural too! Has packed theatres for weeks' runs in all cities, and still going strong.

Winnipeg 1922 Bonspiel.

Winnipeg, Man., May 19.—The Winnipeg bonspiel of 1922 will start on Monday, February 6, and continue for one week only. Decision as to date and curling of the big event was made at the first meeting of the recently appointed council of the Manitoba Curling Association here. The scheme to shorten the 'spiel so that every competition will be completed within the space of one week, as advocated by J. T. Haig, will, it is expected, result in a much increased representation from outside points.

The Manitoba Curling Association has taken the initiative in connection with extending an invitation to Scottish curlers to visit Canada during 1922-23, and will co-operate with eastern associations to the fullest possible extent to make such a visit possible.

DEAL FOR YANKEES' HOME COMPLETED

Messrs. Ruppert and Huston Make the Final Payment of \$500,000 for Bronx Site.

(N. Y. Times)

Colonel Jacob Ruppert and Captain T. L. Huston, owners of the New York American Baseball Club, took possession yesterday of the big site in the Bronx

which will be the future home and clubhouse of the Yankees. Payment of \$500,000 was made to the Farmers' Loan and Trust Company at its offices, 22 William street. The company acted for Charles A. Peabody and Clarence W. Baldwin, who are also trustees of the William Waldorf Astor estate, owner of the property.

The entire purchase price was deposited to have been \$500,000, but an initial payment of \$100,000 was deposited two months ago, when the selling contract was made. The actual payment yesterday was made in Liberty bonds in the presence of Messrs. Ruppert and Huston, William R. Cardozo, Vice President of the Farmers' Loan and Trust Company, and the attorneys representing various principals. When Charles McManus, Assistant Secretary of the ball club, turned over the little packet worth a half million dollars the preceding day was filed by a squad of moving picture men.

The new home of the Yankees, who have been occupying the Polo Grounds in conjunction with the Giants, ever since they gave up the old Highland Park at Broadway and 168th street, will be located on a tract of ten acres, bounded by East 187th, 191st streets and River and Daugherty avenues, in the West Bronx.

Actual construction of the stadium will not begin until building conditions are more settled. It was announced yesterday, although leveling work on the field will commence immediately. The architectural plans call for stands with a seating capacity of 75,000 in a novel three-deck arrangement. Closing of Cromwell avenue, running north and east along 187th street, which crosses it, an angle will be necessitated by the undertaking of the work of construction.
