### KING'S SECOND SON TO VISIT CANADA?

Prince Albert to Visit Principal Cities of Ontario.

London, April 8.—Prince Albert will represent Great Britain at the twentieth anniversary of the landing of the Pilgrim Fathers in the United States next autumn, according to information given our correspondent. He will likely spend a month or two visiting the principal cities in Canada and America according to present plans.

He is at the present time a student at Cambridge University, and will finish his college education in June. Already he has had to assume many of the public duties of the Prince of Wales during the latter's absence from England, and these will grow heavier as time goes on and the heir to the throne is more and more away in various parts of the empire.

Prince Albert will be twenty-five years of age in December. He is an officer of the Royal Air Force and is the royal family, despite the fact that his health has never been particularly robust.

### MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out in a bath of "TIZ"

Just take your shoes off and then put those weary, shoe-crushed, aching, burning, corn-pestered, bunion-tortured feet in a bath of "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—ah!—tired out—just try "TIZ". It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, calluses and bunions.

There's nothing like "TIZ". It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "TIZ" from any drug or departmental store. Don't wait. Ah! how glad your feet get, how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

### MRS. LEWIS OF BROOKLYN

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"For one year I was miserable from a displacement, which caused a general run-down condition with headaches and pains in my side. My sister induced me to try Lydia E. Pinkham's Vegetable Compound. I found it helped me very much and such a splendid tonic that I am recommending it to any woman who has similar troubles."—Mrs. ELISE G. LEWIS, 50 Fernon Ave., Brooklyn, N. Y.

Such conditions as Mrs. Lewis suffered from may be caused by a fall or a general weakened run-down condition of the system, and the most successful remedy to restore strength to muscles and tissue and bring about a normal healthy condition—has proved to be this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound.

If you have disturbing symptoms you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

### GERM-PROOF MAN IMMUNE TO DISEASE

His Only Medicine Fresh Uncooked Fruit and Vegetables.

London, April 8.—There lives at Sompting, Sussex, a modest man named William Ald, who, to prove his belief in being able to cure himself with natural foods, has allowed himself to be inoculated with many virulent germs, including even anthrax.

Mr. Ald has suffered no harm as a result of the inoculation. His only medicine has been fresh uncooked fruit and vegetables.

Disease, he says, is not an accident that cannot be avoided. It is a curative process. The germ which is really a friend, to be our bitter enemy is really a friend. It enters our bodies to feed on waste products. If all the food we eat were only what the body really needed—uncooked fruit and vegetables—there would be no waste products and no germs.

Among the cures that are claimed are cases of cancer, epilepsy and other "curable" diseases.

Even death will be delayed and painless if this diet is followed, says Mr. Ald. It solves the servant problem, for there is no washing up and no cooking. The summer is the time to make beginning with this novel diet, he adds.

### FOUND A MODERN JEAN VALJEAN

Proved to Be Father of a Confirmed, Born Criminal.

How he discovered by chance an aged criminal living in retirement in a country village and believing himself to be immune from capture is told in the London Weekly Dispatch by Chief Detective Inspector John Willis, who has just returned and who has until now not allowed the story to leak out.

"I was tracking down a mystery criminal who was wanted in connection with the notorious forged lease case some years ago," he said, "and my inquiries led me through a small village.

"Just outside the village there lived an aged man, white-haired and eminently respectable. He knew nothing of my visit and he was not the man I was after.

"Something never mind what it was revealed his past to me. Twenty-five years before he had occupied an important position and had committed crimes which caused him to disappear.

"The long arm of the law had now reached to his door, but Nemesis was kind and passed him by. The interest of justice were better served then in leaving him undisturbed.

"A case against William Carr, also charged with assaulting his wife, was taken up and members of the family were called to corroborate the wife's statements. The case was postponed.

"Frank LaRogue, who was arrested yesterday afternoon charged with selling liquor to A. H. Sanson, was taken up. Sanson told that he bought two bottles from the accused. Policemen Pierce and Ryan said they saw the accused and Sanson in the act of taking a drink. Sanson was also charged with having liquor in his possession. The case was postponed.

"Examinations for first aid certificates granted by the St. John Ambulance Association were conducted last evening by Dr. Stanley Bridges and Dr. Stewart Skinner. There was a class of nineteen young women.

### FAINT AND DIZZY SPELLS Weakness And Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ontario, writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully and I have improved very much."

### FONDEST HOPES FULLY REALIZED

"Tanlac Did Even More For Me Than I Thought It Could," States Sydney Woman.

"A lot of wonderful things have been said about Tanlac, but not a word too much in praise of it. I am a well and happy woman today, and I have to thank Tanlac for it," said Mrs. N. B. Brown of Cabot Street, Sydney, Nova Scotia, when speaking to the Tanlac representative at the drug store recently.

"You can't imagine what I've suffered during the last four years. During all that time I had chronic indigestion. No matter how careful I was as to what I ate my food would sour, the gas would form so badly as to make me sick. I would be blown up that I felt I should explode. I was in a constant state of misery. I had no appetite and often would take nothing but a cup of tea at a meal. I had the most frightful headaches that kept me in bed for days at a time, and that always ended in a bilious attack that was worse than seasickness, and that left me weak and miserable. At night I would lay awake for hours unable to sleep, and in the morning would be so worn out that I simply had no energy or strength to do my work. I often thought I should have to give up entirely. I owe a debt of gratitude to the people who made statements in the papers about what Tanlac had done for them, because that is how I came to hear about it. My expectations were more than realized for from the very first dose I began to improve and now after taking four bottles I am not like the same woman. My stomach trouble has disappeared entirely, my appetite is just splendid all the time, and I have neither headaches nor bilious spells any more. I sleep like a child at night and get up feeling fresh and strong. All my old energy has returned to me and the day's work is now a pleasure instead of a drudgery. Tanlac is certainly a very wonderful medicine and I shall always recommend it to my friends."

Tanlac is sold in St. John by Ross Drug Company and by the leading druggist in every town.—(Adv.)

### Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious to the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely harmless. It's very cheap and beats anything else all to pieces. You can get it at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, shining, looking bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

### HIGH SCHOOL READING CLUB.

At the meeting of the Reading Club of the St. John High School Alumnae last evening in the Manor House, H. S. Taylor, American consul, gave a fine address on Ireland, which afforded pleasure to a large gathering.

Reading part were Miss Valde Penton, Miss L. Y. Myles and Miss Frances Murdoch. They gave Irish song selections. Miss Jessie Lawson presided. At a short business session contributions of \$4 from Dr. Spangler and \$5 from Bishop McEllane were acknowledged to the memorial scholarship fund of the club.

The abutter's tax is a rich man's law. The \$2,000 house on 40-foot frontage pays from \$600 to \$1,000 special tax and the \$15,000 house pays the same. 4-12

### SUCCESSFUL SUPPER.

A successful supper was held last night by the Ladies' Aid of the Portland Methodist church. The school room of the church was artistically decorated in keeping with the spring season and a delightful entertainment provided a pleasant evening for the guests. The sum of \$81 was realized at the very table and it is expected a substantial sum was realized at the other tables.

There were five large tables and those in charge were as follows: At the first table, at the ends, Mrs. R. T. Hayes, Mrs. C. F. Powers, pouring, Mrs. Neil MacLaughlin; assisting, Mrs. William McIntosh, Mrs. H. W. Bromfield, Mrs. A. C. Corbet, Mrs. Mabel Bowley. At the second table, at the ends, Mrs. Charles McConnell, Mrs. B. E. Perlin, pouring, Mrs. Duane Lundy, Mrs. M. E. Gress; assisting, Mrs. L. Munroe, Mrs. C. Colwell, Mrs. F. Armstrong, Third table, heads, Mrs. Herbert Ling, Mrs. C. Herrington; pouring, Mrs. R. Fokins, Mrs. K. Williams; assisting, Mrs. Charles Brown, Mrs. W. R. Grogan.

### HAD ECZEMA For Over 28 Years

Eczema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done or can do so much for those who are almost driven to distraction by the terrible torture.

Mrs. James Walker, 102 Niagara St., Hamilton, Ont., writes: "I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy and I shall recommend it to all my friends."

### LIVES SAVED IN WAR BY ARTIFICIAL BLOOD

Treatment Used to Relieve Puzzling Conditions Encountered.

London, April 8.—Another remarkable achievement by Allied surgeons in the war is described in an article by Prof. W. M. Bayliss, F. R. S., in Nature, in which he tells how a mixture of salt, water and gum was injected into the blood-emptied veins of men to give the heart something to work with until the blood returned to its duty.

The treatment was used in cases which before the war were unknown to medical science. They were cases where soldiers had not lost any considerable amount of blood through wounds, and yet they had very little blood in their arteries and veins, and sometimes scarcely any. At first doctors and surgeons were puzzled. They did not know what had happened.

Prof. Bayliss explains that the blood had gone out of circulation, into the capillaries, the minute vessels connecting the arteries and veins. These had "pooled" the blood, leaving the heart to labor on with a seriously reduced supply. In some cases the blood had forced its way out of the capillaries and leaked into the body. The cause is believed to be a kind of chemical poisoning due to a compound formed in injured tissues and known as "histamine."

The new treatment was used in the British and French armies. Many cures were ascribed to it.

### PALE, SALLOW WOMEN NEED VINOL

It Makes Rich, Red Blood, Creates Natural Strength, the Glow of Health and a Magnetic Personality.

Women who are over-worked, weak, all run-down, no energy and hardly able to drag about, if you could only realize what VINOL, our cod liver and iron tonic, will do for you, there could not be enough in Canada to supply the demand.

Miss Phyllis Jones, W. Toronto, Ont., says: "I was run-down, nervous and losing flesh rapidly, and had fainting spells, so I had to stop work for weeks at a time. My doctor told me to take VINOL. I did and after two or three days I commenced to feel better. I have gained flesh rapidly and feel better in every way since taking it."

What VINOL did for Miss Jones it will do for every pale, sallow, weak, overworked woman. Every such woman in Canada should ask her druggist for VINOL today and start on the road to a healthy, happy existence. Your druggist will return your money if Vinol fails to help you.

Dr. H. Harris and Dr. S. H. McDonald will go to Ottawa next week to interview the government regarding extensions to the St. John County Hospital.
