SOLDIER BOYS TO SEE BOXING BOUTS

Patients of D.S.C.R. Hospital will be Guests of Y.M.C.I.

Through the thoughtfulness of the committee arranging for the New Brunswick amateur boxing championships, which are to be held in the Army next Friday evening under the auspices of the Y. M. C. I., the soldier patients in the D. S. C. R. Hospital in Lunenburg will see the big tournament. The committee asked the co-operation of the members of the Rotary Club and the latter willingly agreed to arrange for the transportation of the soldiers to the Army and back to the hospital again. This will undoubtedly prove a big treat for the soldier boys as to the many boxing fans throughout the city who are planning on witnessing the bouts.

As the big championship tournament is only three days away interest in the various bouts is high as the heat and speculation is high as to the winner in the various classes. One of the big questions is how Kennedy will make out when pitted against such men as Britt and Harper. All of the boys entered in the 130-pound class are clever and their willingness to mix is already well known to the fans. The featherweight division is also attracting attention for Louis Donovan, the Maritime champion, will be forced to outpoint aspiring title holders, who have been making rapid strides towards pugilistic fame. This class are Bruce Winchester, who is picked to give Donovan the go of his life, and Eric Snow, former fly-weight champion.

As the other classes are all well filled there should be one continuation of class bouts from the time the first participants are called until the big card is brought to a close. Fans are assured of one thing and that is there will be an abundance of bouts and some of the clearest of bouts and the many art that can be brought together in the maritime provinces.

SOUTH END LEAGUE PLANS FOR SEASON

Decide to Erect Grandstand—Hope to Form Senior League.

At a meeting of the executive of the South End Improvement League last evening plans were advanced for the coming season. It was decided to erect a grandstand on their ground to accommodate 500 fans and to start construction as soon as weather conditions are favorable. It was announced at the meeting that the Parsons-Ed Co. Ltd. of Moncton donated 4,000 feet of lumber for the work and a hearty vote of thanks was extended to them. As a result of the membership drive 400 subscriptions have been secured. If the league can secure sanction from the amateur authorities they will form a South End Senior Baseball League. Applications have been received from the Trojans, Caribbees, St. John Baptist and Royals and if present plans materialize they will form the league.

PARIS WAS OUTPOINTED.

Budney, April 7.—Jack McKenna, of Cape Breton, welterweight, completely outclassed Gordon Paris, of St. John, in their 10 round bout, staged here to night under the auspices of the Police Athletic Club. McKenna had the edge on Paris all through and outboxed and outpointed him in every round with the exception of the fifth, when the St. John fighter managed a draw.

BLOOMER, FOILS STAR, BROKE NECK IN 1920 CANE RUSH

Despite the fact that he sustained a broken neck in the annual Sophomore-Freshman cane rush at Columbia in the Fall of 1920, Harold Bloomer, star fencer on the Blue and White team, today holds the 1924 individual intercollegiate foil championship. He comes of a family which long has been interested in the sport of parry and thrust. Three years ago his brother, Millard J. Bloomer, Jr., won the same intercollegiate foil title. The success of the two brothers is due to the efforts of their father, Millard J. Bloomer, Sr., who taught both of them the rudiments and later the finer points of fencing.

NOVA SCOTIAN, 55, WINS BIG RACE

Halifax, April 7.—R. G. S. Kaulbach, K. C., of Lunenburg, N. S., was in the third class of the Swiss skating club competitions held recently at St. Mary's, Switzerland, according to an announcement in the semi-official Alpine Post. Mr. Kaulbach went to Europe early in January where he received instruction from a world renowned teacher. He is past 55 years of age and is the oldest entrant on record to pass the test for membership in the Swiss International Skating Association. Mr. Kaulbach was the only successful Canadian in the trials.

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Bur Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good, I finally decided to take Bur Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. This was nine months ago and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

Prince Henry Will Lead British Athletes

London, April 8.—Prince Henry, third son of King George, will do the honors for Great Britain at the opening of the Olympic Games near Paris, on August 5, leading the British athletes in the grand march past the reviewing stand.

The British have high hopes of making a good showing in the Olympic finals, particularly since the wearers of the Union Jack took third place in the grand march past the reviewing stand.

Schoolgirls Called Bootleggers' Agents

Louisville, Ky., April 8.—Charges of P. G. Miller, Federal prohibition agent for Kentucky and Tennessee, that Louisville high school girls were "cutting" classes and using their automobiles in illicit transportation of liquor for bootleggers, brought a quick denial from S. B. Tinsley, principal. Mr. Miller said that a group of girls was operating for wealthy bootleggers on a salary basis. Mr. Tinsley said he did not see it and called on Mr. Miller to "give the most definite information regarding this matter to justice to the girls and to the Louisville Board of Education."

MIAMI FANS NOW ENJOY DOG RACING

Thousands Attend This Sport, Which Has Become Very Popular.

Hialeah, Fla., April 8.—Miami has "gone to the dogs." The greyhound little dogs with their 300 dogs in training, its regular racing cards, and its mechanical perfection, has won the hearts of Miami residents and visitors early in January where he received instruction from a world renowned teacher. He is past 55 years of age and is the oldest entrant on record to pass the test for membership in the Swiss International Skating Association. Mr. Kaulbach was the only successful Canadian in the trials.

Dogs have raced before in other cities, but it has remained for Miami to exalt the pastime into a major sport. The 300 dogs in training have referred to are actually at the track and ready to run. With their handlers and the track personnel, a small army of between 300 and 250 persons gain a livelihood from the game.

With the fastest dogs in the world, many of them imported and trained here, with the tracks in the hands of men who are determined to keep the game clean, and proving it by putting into practice a Bertillon system of keeping records of the dogs so that the running of a "ringer" is out of question, the public has been won to the enthusiastic support of the track.

In equipment and discipline this greyhound track is a Florida aviation camp where Glenn H. Curtis and his flyers hold forth, would compare favorably with any of the great racing plants of the country. The success of the track this year has led promoters to plan for night racing next winter, when the dogs will "do their stuff" under the glare of 100-watt electric lights, leaving the afternoon for the thoroughbred at the neighboring track, the Miami Jockey Club, now fast nearing completion and looming large on the landscape.

CALLED TO CHIMNEY FIRE.

The No. 1 chemical engine from the King street east station was called out last evening about 7:15 o'clock by a still alarm to the residence of Dr. W. P. Broderick, 86 Orange street, for a chimney fire. With the plentiful use of coarse salt poured down the flue the fire was quickly extinguished without any damage to the property.

BUTTERFLY DOGS COME INTO FAVOR

London, April 18.—Papillons—queer little dogs with circular eyes, long ears and perky long-nosed face—are becoming popular in England.

"Papillon" is French for butterfly, and when the little orange and white or black and white dogs run nervously on their long legs they have something of the butterfly in their motion. There was none in the country at the end of the war, but there are about 50 grown dogs now. There is an increasing demand for them.

One dog, Piccolo, a black and white morsel of activity which weighs only 2½ lbs., has been priced at \$2,000. "I wouldn't sell him, though," said his owner.

Dandie Dinmonts, the hairy-faced dogs with the long body and the rather appealing expression, which were so popular, are coming back into favor. Dachshunds are also regaining their popularity, which slumped badly in the war.

WILL CHANGE TACTICS.

Boston, April 8.—Lee Pohl, manager of the Boston Red Sox, will handle his team from the bench this year. Pohl, after a day off on account of rain at Dallas, Texas, said that he had decided to change his method of coaching from the baselines, which he has followed for ten years, to directing the team from the dugout.

Correspondence was read from various points outside the city promising hearty co-operation. The Carleton County Association promised support and in time, it is expected that the entire province will be thoroughly organized. It was announced that a letter embodying several suggested changes to the game act had been forwarded to Hon. C. W. Robinson, Minister of Lands and Mines.

GAME ASSOCIATION HAS 240 MEMBERS

The membership of the recently formed New Brunswick Fish and Game Protective Association now totals 244, according to a report presented at an executive committee meeting of the association last evening with the vice-president, G. W. Gaynor, in the chair. William E. Hale, treasurer, acted as secretary. It was decided that a special meeting be called for April 15 to organize under letters patent and later on, it is planned to hold a general meeting open to the public at which speakers will present the case for conservation.

Do What Mr. Buckingham Did

"flu attacks the apparently strong as well as the weak. We believe, however, that if a person contracts 'flu' it is a sign of weakness. It is run down. The person who enjoys good health is fairly well safeguarded against most diseases. Nearly every one can enjoy good health by taking Carmel and keeping their system in a healthy condition. When your system is run down you leave yourself open to any disease. If you have had 'flu or your system is in a weakened condition, do what Mr. Buckingham did to regain his health. His letter tells how 'flu affected him and how he was restored to health."

"After the 'flu' I was in a very weak and run down condition. I was tired, listless, had no strength, was unable to do anything. I had no appetite. I was nervous and depressed. I was losing weight. I read in the Calgary Herald that Carmel was good for all weak and run down conditions so I decided to try it. I used two bottles of Carmel and after taking them, felt strong and well. I consider Carmel the best tonic have ever taken and have great pleasure in recommending it to others."—J. Buckingham, 621 14th Avenue, Calgary.

Carmel is sold by all good druggists everywhere.

ERIC THOMSON LEADS CANADIANS

Pinehurst, N. C., April 7.—Eric Thomson, of Rothesay, N. B., led the field of Canadian players at the end of the qualifying round with a total of 181 strokes today. After a poor start in the first round he picked up well with a card of 42-45-87. J. L. Walker, of Hamilton, on the other hand, fared not so well. He scored a 74 which makes his total 189 strokes. Other candidates in the tournament scored as follows: E. F. Seagram, Waterloo, Ont., 91-93-186; M. Rudel, Montreal, 93-98-191; E. L. Gendearing, Montreal, 92-103-195; R. King, Toronto, 98-103-201; F. BASKETBALL AT MONCTON.

Moncton Y girls outclassed the Fairville Amazons in a basketball game at the Y. M. C. A. in Moncton on Friday evening. The first period lacked thrill, but this was a feature in the second half. The score was largely due to clever action and shooting. The other Moncton players also did their part well and presented a perfect working machine, under the careful guidance of Manager M. R. McLean. St. John defeated to learn, as announced at a banquet tendered them, that the Moncton team is retiring from the game.

The Amazon players were without the services of Captain Shaw for a large part of the game, and felt the loss keenly, but the players in their first outside game made a creditable showing.

She is getting \$800 a week, which is more than they pay stenographers even in Hollywood.

DOCTORS WANTED TO OPERATE

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan.—"After doctoring for eight or nine years with different physicians without any result, I said at last that medicine would not reach me. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where women were suffering just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it all the praise."—Mrs. NEIL QUILLON, 17 Morris St., Muskegon, Mich.

Women should heed such warning symptoms as bearing-down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail
