BRITISH IMPROVE PALESTINE CITIES

New York Stote Commissioner of Education Tells of Work That is Being Done to Restore Conditions to a Normal State

New York, Nov. 26.—Dr. John M. Finley, New York state commissioner of education, who has just returned from Palestine and Syria, recently explained the work that the British troops were doing there to restore conditions to normal and to replace shrines in their original locations.

Nearly 2,000 years ago a water supply had been provided for the Holy City, from springs fifteen miles distant, in stone aqueducts built by the Romans under Governor Pontius Pilate. The Allied armies were furnished with fresh water from the Nile from Egypt, 140 miles away, through pipes which were sent from Pittsburgh at a cost of \$7,250,000. The sanitary conditions of the densely populated cities and towns in Palestine, he said, great improved with the bringing in of the water supply.

On Sept. 20, Dr. Finley was at Ramleh, twenty-five miles south of Jerusalem, when General Allenby received a dispatch from the chief of the staff with the advance lines, and, addressing him, he said:

"The battle of Armageddon has commenced. It is the dawn of the thousand years' peace."

Dr. Finley told how the two divisions of the Australian cavalry, which led the British march through Palestine, recaptured the plains of Esdraelon by the Vale of Megiddo. Before the war it is plain, which is about twenty-five miles long and twenty miles wide, was fertile and well populated. Since the entrance of the Turks into the area it has been utterly neglected and is now a riot of thistles. According to Dr. Finley's estimation the number of the British forces engaged in the battle was 180,000 and of Turks 200,000 or more.

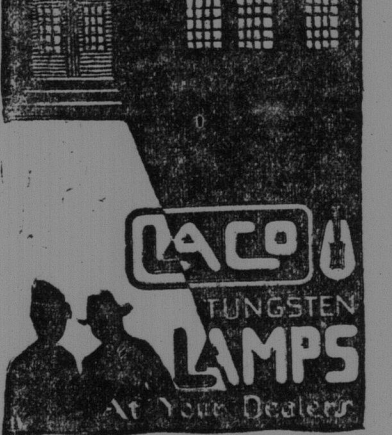

Dr. Finley walked across the plain of Esdraelon to Nazareth on Sept. 23. American engineers have now constructed excellent roads, which insure comfort in traveling. The natives of Palestine are enthusiastic at the improvements which they have seen and anticipate the time when they have their newly developed government and are self-supporting.

CANADIANS FOR TRIUMPHAL ENTRY
Toronto, Nov. 25.—The Telegram has the following special cable from London:

Canada's troops are preparing for their triumphant entry into Germany. Every battalion and unit to participate will march in with flying colors and bands playing. Consequently there has been a general reclaiming of all the regimental colors which were left in various churches and cathedrals in the British Isles since the beginning of the war, when various battalions committed their sacred regimental flags and solemn ceremonies to the safekeeping of the church until they came back from the wars.

Y. W. C. A. SPEAKERS
In its double undertaking of opening a new home in the city for the girls of St. John and providing for the needs of the many women who will arrive in this winter port during the coming months the Y. W. C. A. received much inspiration and encouragement from three able and interesting speakers who addressed the quarterly meeting last night in the Great War Veterans' Hall. The speakers were Miss Neatby, secretary of the local organization; Miss Leach, was work secretary of the dominion council, and Miss Frances Jones, city secretary of the dominion council. Mrs. John McAvity, the president, was in the chair. A musical programme included two much enjoyed solos by Mrs. George Bell and Mrs. Fetherston.

DIRECTOR OF RECONSTRUCTION
Ottawa, Nov. 25.—While no official announcement is forthcoming, it is understood that H. J. Daly, head of the S. J. Daly Company of Ottawa, has accepted the office of director of reconstruction. He will give personal supervision to the co-ordination of all agencies dealing with after-war conditions.

The racial problems of Austria-Hungary which the Allies have to solve. The Slavs of Bohemia and Moravia make up the new Czechoslovak state. The Poles of Galicia may join their brothers in the north to form an independent Poland. A group of Slav states in the lower centre of the map may join with Montenegro and Serbia to make up a great Jugo-Slav nation.

FORTY CANADIANS WINNERS OF V. C.

Ottawa, Nov. 25.—A list of honors and decorations won by the members of the Canadian expeditionary force compiled by the militia department, shows that forty Victoria Crosses, the highest honor obtainable, have been awarded to soldiers of the dominion. The Distinguished Service Order was won by 491 Canadians, and 1,687 Military Crosses were awarded to officers of the C. E. F. The Military Medal, corresponding to the British Cross and granted to C. E. F. men and women, was awarded to 6,549 Canadian soldiers, and the Distinguished Conduct Medal to 1,028. Canadians mentioned in despatches numbered 8,938.

Of foreign honors awarded to Canadians, the French Croix de Guerre, heads the list in point of number. Three hundred and five members of the C. E. F. won this. The Russian Cross of St. George was given to 102 men from the dominion, and the French Medaille Militaire to forty-five. Twenty men from Canada won the Italian Bronze Medal for military valor.

Other distinctions, including 125 C. M. C.'s were also awarded to members of the C. E. F.

DIRECTORS TO VISIT MARITIME PROVINCES
Ottawa, Nov. 25.—The directors of the Canadian Northern and the government railway system are to leave Montreal for the maritime provinces tomorrow. It is expected that they will go by Intercolonial to Moncton, spending a day or so there, and then going to Halifax and perhaps Sydney.

Next week they will be in St. John, where no doubt there will be a conference with civic and municipal representatives concerning the interests of the port and the province. From St. John the commissioners intend to go to Fredericton. They will inspect the Valley Railway between Fredericton and Westfield, and will then go over the Canadian Eastern to McGeorgey Junction, and then over the National Transcontinental in New Brunswick, and finally returning by that line to Quebec and Ottawa.

FROM DEPOT B.T.N. TO GARRISON REGIMENT
A surprise was sprung in military circles yesterday in connection with demobilization activities. It was decided before any men from the Depot Battalion were discharged that 250 of the present complement be transferred to the 5th Garrison Regiment at West St. John for duty. No time was lost yesterday in completing the transfer, and throughout the day the officers at the headquarters of the Depot Battalion were busy making the necessary arrangements entailed in the new move.

A military official at headquarters said last evening that the newly transferred soldiers would constitute "B" class in No. 7 C. G. R., while those already on the strength of the latter unit will make up "A" company. It has been almost a matter of certainty that the garrison regiment at West St. John was to remain on duty for a considerable time after the termination of the war, but it had never been before suggested that men necessary for the strength of the unit would be drawn from the local Depot Battalion. The move caused no little surprise yesterday and it is needless to say that those who had been looking forward to an early discharge have to wait a while longer.

Major Barnes, N. M., one of the Depot Battalion officers, has been appointed O. C. the new company.

In Agreement.
She—So they returned your story. It is too bad.
He—Yes, that's what the editor said about it.

CENTENARY Y. P. S.
An entertainment given by the Young People's Society in the Centenary Methodist church last evening, which included an elocution contest, was a complete success. The hall was filled to the doors and all the numbers received a large measure of well merited applause.

The elocution contest is a new department of the Young People's Society and this was the initial meeting. Miss Bessie Holder, Miss Pendleton and Miss Nan Powers were the contestants, and the prize was awarded to Miss Holder. Mrs. J. L. Dawson, Mrs. E. A. Westmorland and Mr. Stevens acted as judges. The entertainment consisted of duets by Mr. and Mrs. Lelecheur and Miss Freda Jenkins and Miss Brennan, and an orchestra selection by four sisters, the Misses Mabel, Lillian, Winnifred and Hettie Hawker. All of the selections were excellently rendered and were well received.

PREPARING FOR ELECTION
A mass meeting of those interested in the recall election was held last evening in the rooms at the corner of King and German streets. Fred A. Campbell presided and there was an enthusiastic gathering of volunteer workers. A general committee was appointed consisting of a representative from each of the wards. This representative will be chairman of his ward and has been given the power to select his own workers and canvassers. These will compose the ward committee. Two of the city wards were not represented last evening and the chairman of the gathering was given authority to appoint a committee for these two. West Side organization was left over until Wednesday night.

ANOTHER MARSHAL
Paris, Nov. 25.—The afternoon papers were permitted to announce today that the cabinet tomorrow would promote General Edouard de Castelnau, a marshal of France.

DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Save Your Hair! Double its Beauty in a Few Moments. Try This!

Hair Stops Coming Out and Every Particle of Dandruff Disappears

Try as you will, after an application of Dandruff, you can not find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Dandruff immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dandruff and effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Dandruff from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

PROPOSE LARGE MOLASSES TANK

City Solicitor Decides Board Cannot Prevent Blacksmith Operating in Clarendon Street—The Pavement Tax—Will Not Publish Recall Petition.

A meeting of the common council was held yesterday afternoon at which a communication was read from the Crosby Molasses Company asking for 10,000 feet of land at the end of Duke street facing the harbor, on which site they propose erecting a large molasses tank for distributing purposes. The communication was referred to the commissioner of harbors, ferries and public lands and the engineer to report back.

A communication was read from Hon. J. B. M. Baxter, the city's solicitor, informing the council that the city had no authority to prohibit any person operating a blacksmith shop in Clarendon street. Commissioner McLellan moved that the one whose name appeared first on the petition be notified by the common clerk to that effect.

Commissioner Bullock moved for the issuing of debentures for \$1,890, which was previously passed, for repairs to the approach of the East Side ferry floats. Commissioner Hilyard brought up the question of the amount levied from property owners in Union street for permanent pavement and said that he had been spoken to very frequently regarding it.

He thought the council should take some action. Mayor Hayes said that he had taken the matter up with the city's solicitor and in his opinion the council has not authority to rescind the action the council took at that time.

Commissioner Fisher moved that the order to publish the body of the recall petition without the signatures be rescinded. This was seconded by Mayor Hayes, who said that he had reconsidered the matter and felt that he had made a mistake when he voted for it recently. He felt that either all should be published or nothing.

"MILES OF PENNIES"

London—It had come to official notice that collections of money in the streets had been arranged on a plan to which the name of "Miles of Pennies" had been given. The pennies contributed by the public had, in these cases, been arranged along the curbstone in order to see how far they would stretch. The commissioner of police drew attention to the fact that in London collections of this kind were entirely inadmissible. Not only had there been obstruction and danger of persons being knocked down by passing vehicles, the pavement being occupied by the persons guarding the pennies and by the crowds attracted, but there was also a specific breach of the regulations, which lay down that all money received in a street collection shall be immediately placed in the box or other receptacle provided.

PERSHING FOR PRESIDENT
Columbus, Ohio, Nov. 28.—A campaign for the election of General John J. Pershing, commander-in-chief of the American expeditionary forces in France, to the presidency in 1920, was formally launched in Ohio today by the incorporation of the "Pershing Republican League."
