The provisions distributed consisted of the following :

The Society was enabled to continue this popular mode of affording relief by the liberal contributions in money and kind collected for the purpose, full particulars of which are appended hereto.

The Society has lost, by death, the following members during the past year:

Wm. Henwood, John Jackson, Henry Roberts, W. M. Short, and J. Warwick.

In consequence of the large number in arrear, your Committee regret to report that it was found necessary to revise the list of members on the Society's Roll, for the purpose of ascertaining the names of those who, under the provisions of the 17th By-law, were entitled to the privilege of membership. This duty was committed to a sub-committee appointed at the monthly meeting held on May 3rd, and was carefully performed by them: the result being that 37 names were erased from the list of members, in pursuance of the report of the sub-committee, which was presented at the monthly meeting held on November 1st. On the other hand, 1 honorary life-member, 2 life-members, and 66 ordinary members have been added to the strength of the Society, which comprises now in all 9 honorary life-members, 60 life-members, and 293 duly qualified ordinary members, in all 363 members.

The invested funds of the Society consist of the following:
