**Rev. Dr. Jones' Impressions of Billy Sunday**

Rev. Dr. Jones, Rector of St. Thomas's Church, St. John's, who recently paid a visit to Boston, gave a lecture last week to the St. Thomas's Men's Bible Class on his 'Impressions of Billy Sunday,' whom he was privileged to hear preach a short time ago in Boston. Feeling that our readers would be interested in getting some first hand information concerning this wonderful man, we clip the following account of the lecture from the St. John's Daily News:

The Rev. gentleman started by saying that he always liked Billy Sunday and that he liked him better since he heard him preach. He is one of the most famous men in the United States, and the religious world to-day. To get an idea of how well-known and popular he is, a few years ago there was a contest arranged among the American people to see who were the most famous among them, and Billy Sunday and Andrew Carnegie tied and came 8th in the list of America's greatest men.

Mr. Sunday, without doubt, owes all his greatness to God. He was a professional baseball player in his younger days, and at the age of 24 became converted and began to live a new life. He is now 35 years of age, and weighs 135 lbs. and is as agile as a man of 24. He takes great care of himself, is seldom or never sick, nor even with a cold. He attributes a great deal of his present vitality and energy to the knowledge he obtained in caring for his body in his baseball days. He has a wonderful personality and possesses a magnetism that is most unusual. He seems almost a mental, physical and spiritual dynamo, and apart from this he speaks and preaches from the abundance of the heart.

He had misgivings about how his baseball field after his conversion, but to his great surprise every man of them came forward and congratulated him on the stand he had taken. He was under contract to play for the whole season and wondered how he could be honourably released from it so that he could become a preacher, and decided that if a way should open up he would take it as a sign from God that he was called to be an Evangelist, and to his joy in a short time the way was miraculously cleared. The year following his conversion he was offered \$500 a month to play baseball again, but refused; at this time he was only getting \$85 a month, and was associated with Dr. Chapman, the well known Evangelist of that day. He has been preaching the gospel of Jesus Christ ever since. He preaches from an experience that is new every morning from communion with God. Over 300,000 people have "hit the trail" at Billy Sunday's meetings.

His language at times may be coarse and his actions occasionally not dignified enough to suit every one; but generally this is forgotten when the earnestness of the man is considered, and without doubt the Holy Spirit is with him and he walks with God Almighty. Dr. Chapman, his old leader, always preached the love of God. Mr. Sunday does not. He is a child of the old testament, uses dramatic language and preaches the moral law. The sermon Dr. Jones heard his preach was on sin. He thundered out the moral law, and made the sinner feel his sin and what is surprising, reads nearly all his sermons, stepping aside occasionally from his desk to elaborate or emphasize some point.

He is gifted with several powers but claims that his power of preaching is not by nature. He is a great organizer, and has about him tremendous organizations. Boston was preparing one and a half years for his campaign. The tabernacle there cost \$50,000, and will hold 20,000 people, and seat 16,000. He has his own architect, and is now building a tabernacle in Buffalo. The Boston campaign cost \$20,000. Everything has to be paid for before one cent goes to Mr. Sunday, and usually the collection of the last Sunday of the campaign is devoted to himself and staff and whatever is received before that, after all expenses are paid is given to the various benevolent organizations of the city at which he is.

Prayer meetings, bible classes and other religious meetings were held by

trained men and women all over Boston suburbs preparing for Mr. Sunday's visit. These are men and women trained for this work, and show his great power of organization. Dr. Jones said he believed that 25 per cent of Mr. Sunday's success could be attributed to his power of organization. He has a wonderful vision of righteous ness, and feels that he must live up to his record, and always aims at doing a greater work in the next city than where his campaign closes.

Fourteen hundred and eight persons of all denominations came forward at the meeting he attended the other night, purposing, with God's help, to lead a new life and to shake hands with this wonderful man. Dr. Jones closed by saying how much good the meeting and hearing such a man did him, and prayed that he would profit by it. It was a very exhaustive and descriptive address to which this does not do even bare justice. It was a privilege to all present to hear first hand about this truly great man.

**Confederation Talk**

Ottawa, Jan. 22.—In the House of Commons this afternoon, Gordon Wilson, of Wentworth, in the course of his speech in moving the address, expressed the hope that Newfoundland would consider favorably the question of becoming a part of the Canadian Confederation.

Premier Borden in his address referring to Wilson's reference to Newfoundland, said: "If Newfoundland desired to take the initiative and make proposals, the Parliament and people of Canada would give these proposals earnest consideration."

**Britain**

Slandered a thousand years  
By liar and traitor,  
Her glory but appears  
Greater and greater;  
What, in her noonday sun,  
These gnats of libel?  
Her throne is built upon  
God's open Bible.

In this her deadliest fray,  
What doubt can enter?  
In her success, today,  
Men's hopes all centre,  
While civilization sees  
Hell's hosts assembling,  
And mankind's liberties  
In the scale trembling.

Let there be no alarm,  
No weak repining—  
Far above cloud and storm  
God's face is shining,  
Forward, then, Britain's sons,  
Comrades and brothers,  
Think of your murdered ones—  
Children and mothers.

With vengeance in your blade,  
Smite the blasphemers,  
Those who make lies a trade,  
Cowards and schemers.  
Onward, boys, fearing naught,  
Britain's Flag o'er you,  
Fight, as your fathers fought,  
Centuries before you!

For no worthy prize—  
Conquest nor plunder—  
This night the Belgic skies  
Echo your thunder,  
And, if you fall in flight,  
Fame hath your story—  
Dying for God and Right  
England and glory!

**Ireland's Worst Friends**

London, Jan. 22.—About fifty members of the Sinn Fein, carrying a Sinn Fein flag, rushed upon the platform from which Thomas London, Nationalist Member of Parliament for the east division of Limerick, was addressing a meeting in Limerick yesterday. London was beaten over the head with clubs and kicked. He defended himself with a chair as best he could, but finally was beaten down and lay upon the platform bleeding. Later he was taken to hospital. The attack on London is attributed to a speech which he made in the House of Commons with reference to the disarmament of Irish Volunteers.

**Eat Rice, Grow Fat, And Save Money**

(Memphis Commercial Appeal.)

This is a free advertisement for rice. Rice is one of the few food products that has not advanced in price. You can get about four pounds of rice for a quarter. A quarter's worth of rice will carry you further than 50 cents' worth of beef. A quarter's worth of rice will carry you as far as 50 cents' worth of flour.

Rice is a wholesome food. Fashion caused a reduction of the greatest food value in rice requiring it to be polished. There ought to be a law forbidding the whitening of flour and polishing of rice. The law should be so that the whole grain should be ground into flour. People would have better teeth and better digestion.

But this article is about cheap food and not about the business of keeping healthy.

Rice is the chief diet of about a third of the population of the world. The rice eating Jap whipped the filii out of the tallies and flour eating Russian. A man can go further on a rice diet than on any other single article of food that is grown.

So, if you do not want to spend all your money for food, buy rice.

If you want to have a variety in your diet, and that cheaply, buy sweet potatoes. And if you want dessert buy some molasses. Rice, sweet potatoes and molasses are the only food products we know of that are not very high. Eat rice, it is healthful; and eat rice, it is clean.

**Wanted Subscriptions**

We want to increase our list of subscribers to The Guardian. During the past seven years we have not troubled our readers very much with requests for subscriptions, but the war has sent the price of paper, ink, type and other supplies skyward. It is costing us much more to produce 'The Guardian' than before the war. Hence, we need more subscribers. And we want every old subscriber to pay their subscriptions promptly.

**He Wouldn't Have Thought**

Seven-year-old Willie sat next to his grandfather at the dinner table and handed him a note from the principal of the Public school requesting the attendance of the grandfather at a meeting of the parents and teachers' Association. The old gentleman, who is fond of a joke, pretended to read as follows:

"Dear Sir, Your crop eared, bandy legged, snifle-nose boy needs a spanking. There are no shingles in this school sufficiently heavy for the purpose. Will you kindly take him into the woodshed and administer a much-needed correction?"

Everybody at the table laughed except the youngster. With a perfectly grave face he said: "Oh, grandfather, I should not have thought that you would preserve all these years a note that was written to your father when you were a boy."

Black Tickle, Labrador, August 15, 1916.

Mr. C. E. Russell,  
Dear Sir,—It pleases me very much to be able to give praise to the 5 h.p. Imperial Engine which I bought from you this spring. It has given me the best of satisfaction, and I can honestly commend them to any fisherman wanting a reliable Engine.

There are some five or six different makes of Engines used here, but the IMPERIAL can lead them all. It can steam faster than any of the five and a half of any kind used here.

Wishing you all success. Yours truly,  
MARK MORRISSEY.

**'Imperial' Engines**

The first cost of a motor engine is important. The life of the engine is also important. Some engines wear only a short time. Others go on doing duty for years. The cooling or water circulation has a lot to do with it. This an 'Imperial' has. You can run the 'Imperial' at the highest speed and yet keep it as cool as you wish.
