D.G.S. QUADRA.

Editor:-Would you kindly allow in your valuable paper to correct of the D.G.S. Quadra," The ferred to the trip of the Grand Quadra was ashore in Duncan is, sir, is not correct. The Quadra enter Duncan bay owing to a thick ow speed a short distance up Disassage, when the captain decided to Oyster bay to anchor and wait tide in the narrows. Again the states that the Quadra lost an nd fifteen fathoms of cable off the ids. On that occasion I must inthat we lost an anchor and one cable only. The losing of that was purely accidental, and might ppened to any steamer under the hat the ship was steaming ahead, the anchor was on the ground, a not true. As regards the Quadra ing out of the river until we arand slightly, the engines were imng just a few minutes. As regards hat is not true, anyway not since I

RAILWAY ACCIDENTS. Commission.

Ottawa, Nov. 4 .- A statement on rail-

The board is considering whether it should not from time to time request provincial attorney-generals to promptly proceed with prosecution in every instance in which negligence, carelessness or failure to observe working rules or or-ders has resulted in the destruction of or failure to observe working rules or orders has resulted in the destruction of human life. At present railways merely dismiss the guilty employees, faud by the time further punishment is thought of the parties are usually out of the country. This did not tend to insure the safety of the public and increases the risk to train hands.

PARADE OF FIFTH ON FRIDAY NIGHT

EFFICIENCY PAY WILL BE DISTRIBUTED

Several Hundred Dollars for the Members of the Local Militia-Regimental Orders.

As will be seen by the appended orders a parade of the Fifth Regiment is called for Friday evening next at the drill hall. This will be a red letter occasion for many, as between \$400 and \$500 is to be distributed among those successful in obtaining the required percentage in the efficiency shooting introduced by recent militia regulations. The sum accruing to each man varies from \$2 to \$5, according to his score and number of years' service. Before becoming entitled to a share in this bonus at least 50 per cent. of the possible points out of 40 rounds must have been secured.

This is the first time that this bonus has been received by the local militia. Therefore it is expected that the parade will be exceptionally large. This policy has already effected a general improvement in the marksmanship of members and already effected a general improvement in the marksmanship of members and the state of the regiment. Next year many more will enter the efficiency shooting with the result there will be a still more marked advance in accuracy and a corresponding increase in the amount allotted for dis-

tribution by the government.

Regarding the charges against Bandmaster Finn, it might be mentioned that the investigation is now entirely out of the hands of local militia authorities, report having been forwarded the trict officer commanding by Col. Hall. As is generally known, Mr. Finn has been brought to task for augmenting his band with American musicians and al-lowing them the use of the Fifth Regi-

a point of attending.
At a recent meeting of the secretaries of the different Fifth Regiment company associations, it was decided to hold a regimental smoker some time during the month of December. Committees were appointed to arrange for a programme and to look after securing a suitable hall. Every effort will be made to make the affair an even greater success than that of last year.

The following regimental order has

been issued by Lieut.-Col. Hall, com-manding the Fifth Regiment: The following extract from Militia Order,

Mery; A. R. S. M. E. McDougaff, 544 Regt. C. A., short course, 1st class, grade B, artillery; A. Sergt. W. Spurrier, 5th Regt. C. A., short course, 1st class, grade B, artillery; Gr. C. S. The following man, having been granted is discharge, is struck off the strength of the regiment: No. 231, Bomb. H. Matthews,
