AFTER TEDDY.

Clergyman Denounces Roosevelt's Sporting Pursuits.

Says the President's Mission on Earth Seems to be Kill Something.

SARATOGA, N. Y., Sept. 10.—Rev. E. T. Hiscoc, pastor of the Regent Street Baptist church, took occasion Sunday morning to condemn Pres. Roosevelt in language that could not be misunderstood. His sermon was on the Pleasures of Man, His Pursuits and His Desires.

"It seems," said Dr. Hiscoc, "that this man who is occupying the office of chief executive of this great nation has an insatiable desire to kill something. If it is not a war with a hostile nation, it is some of the beasts of the field. No matter what it is, he seems to think that his mission on earth is to kill something."

"He is teaching a lesson that to fight is manly. Take for instance, his address to the West Point cadets. It is well enough to be able to protect one's self, but knowing how to fight, should not be the main thing taught in life. "How different from our ancestors, who went into the woods to secure sustenance for their families! They brought down only enough game to satisfy the cravings of hunger, while Theodore Roosevelt, the president of the greatest nation on earth, as soon as he hears his son has killed a few birds—and incidentally nearly killed a man—must make preparations to go also and slay."

"And for what? Not to sustain life, not for the betterment of the people of which he is the chief executive, but solely for the one purpose of satisfying his desire to kill something. It is not in keeping with the dignity of a president to be running all over the country shooting some living creature. Note the satisfaction with which he brought down the first bear, the intense gratification that it gave him to say that he had killed a bear."

"I have heard it said by people who have met him that it would not surprise them if we should wake up one morning and find ourselves at war with some nation whose actions were not in exact accordance with the Roosevelt ideal, and from his propensity to destroy life is not very hard to imagine that this his estimate of the man is a correct one. The president of the United States, I think, should found his office with all the dignity that he possibly can, and turn his energy into the channels which will lead to the betterment of his fellow men."

Rev. Dr. Hiscoc is regarded as one of the bright ministers in northern New York, and is a Republican in any sense. He has been a Republican for years and is respected and revered by clergy and laity alike. He is a classmate and personal friend of Edward M. Shepard, who was the Democratic candidate for mayor in New York.

A PRINCE IN TROUBLE.

The Name of Braganza in London Police Record.

LONDON, Sept. 11.—The grand jury in the Old Bailey today returned a true bill against Prince Francis Joseph of Braganza, a lieutenant in the Seventh Austrian Hussars and who was a member of the Austro-Hungarian mission to the coronation of King Edward charged with "misconduct under the criminal law amendment."

The hearing of the charges brought against Prince Francis Joseph of Braganza and other men took place in the Southwark police court early in July, and attracted much attention. Sir Edward Clark, the former solicitor general, defended the prince. The prosecutor altered the charge from "Felony" to "Misconduct under the criminal law amendment." Sir Edward intimated that the defence would be conspiracy to rob and blackmail. Strict secrecy was observed by the court officials regarding the exact nature of the charges.

COLOMBIAN REBELLION.

Government Gunboat Will Fit Out at San Francisco.

SAN FRANCISCO, Sept. 11.—The steamer Jennie Manning, under charter to the Colombian government, as a gunboat, is to take on her armament in this port, and this vessel will sail south with a large cargo of arms and ammunition. Collector Stratton says that in the absence of any instructions to the contrary to the officials at Washington, the steamer will be allowed to land and to take on the munitions of war now lying at the wharf. The Colombian insurgents have not been recognized by this government.

WENT BACK TO DEATH.

NEW YORK, Sept. 11.—Mrs. Mary Fraser was found dead under a bed in her apartments, early this morning, an hour after a fire had been extinguished in the building. Soon after the fire started Mrs. Fraser was rescued from a fire escape in front of her window. It is supposed that she was returning to her rooms to secure her valuables and was suffocated by smoke. The money loss by fire was small.

TO ENTER A CONVENT.

QUEENSTOWN, Sept. 11.—The White Star line steamer Oceanic which sailed from Queenstown today for New York, has among her passengers thirty Irish postulants who are to enter a convent at Galveston, Texas.

FREDERICTON.

Trouble Between Doctors Over Alleged Smallpox Cases

(Special to the Star.)

FREDERICTON, Sept. 11.—Several weeks ago two or three houses at Pen- sance, six miles from Fredericton, were quarantined on order of Dr. Fisher, secretary of the Provincial Board of Health, being suspected of cases of smallpox. Dr. Harry McNally, of this city, who was physician for one family quarantined, contended there was no smallpox and he secured another physician and together they went into the house and examined the patient. Fisher has now laid a complaint against McNally for breaking quarantine and interfering with health officers in the discharge of their duties. McNally will fight the case and has retained counsel. The case will come before police magistrate Marsh Friday morning.

ONTARIO CONSERVATIVES.

Whitney Says Ross Government Cannot Last Six Months.

(Special to the Star.)

TORONTO, Sept. 11.—The annual meeting of the Ontario Conservative Association was held here yesterday afternoon, about three hundred members being present. J. P. Whitney, provincial opposition leader, was present and delivered a speech in the course of which he declared the present Ontario government could not possibly remain in power six months longer. Leading supporters of the government in Toronto and elsewhere, he proceeded, were looking for the resignation of the government in a very short time. Should that not occur, however, he was certain the conservatives would carry a sufficient number of bye-elections to defeat the government.

The old officers were re-elected with J. J. Foy, K. C., M. P. P., president.

THE COAL STRIKE.

Operators Say That No Concessions Will Be Granted.

LAMAQUA, Pa., Sept. 11.—Officials of the Lehigh Coal and Navigation Co., the Philadelphia and Reading Coal and Iron Company, and the Pennsylvania Coal Company scout the idea of concessions being granted the striking miners. They say that if a settlement is made it must be on the basis of unconditional surrender on the part of the strikers. These officials all claim to be in close touch with President Baer and say they know what they are talking about. A committee of citizens representing the People's Alliance left here for Harrisburg today where they will hold a conference with Governor Stone.

MARCONI

Says He Can Send Wireless Messages Over the Atlantic.

ROME, Sept. 11.—Marconi, in an interview published here, declares he has completely solved the problem of sending wireless messages over a distance of more than 1,500 miles and that he is confident that communication between Europe and America will be established in the near future. He is to visit King Victor Emanuel at Racconigi, Piedmont, Sept. 14.

THE METHODISTS

Extend Pastoral Term and Will Have Temperance Organizer.

(Special to the Star.)

WINNIPEG, Sept. 11.—Two more important forward steps were taken by the Methodist general conference yesterday—a decision to appoint a field secretary for temperance and moral reform, and fixing, without restrictions, of the pastoral term at four years instead of three, with privilege of five under certain conditions. The decision to appoint temperance organizer was almost unanimous.

THE TOBACCO WAR.

(Special to the Star.)

WINDSOR, Sept. 11.—The royal commission appointed to investigate the operation of the American Tobacco Co. in Canada, concluded its session here yesterday, adjourning to meet in London tomorrow. The results of the investigation thus far seem to substantiate the charges made by Canadian dealers that the American Tobacco Co. requires its consignees to sign a contract promising to handle no other goods than its own.

THE WHEAT FIELDS

(Special to the Star.)

WINNIPEG, Sept. 11.—Weather cool and windy, but not sufficiently so to interfere with harvesting operations or threshing. The farmers are jubilant over the outlook and wheat is expected to move in good quantities by Saturday.

DEADLY CHOLERA.

CAIRO, Sept. 11.—The weekly cholera returns for Egypt show that there have been 1,350 fresh cases reported, making totals since July 15 of 20,328 cases and 16,209 deaths.

THE WEATHER.

WASHINGTON, D. C. Sept 11.—Forecast, eastern states and northern New York—Fair tonight, warmer in interior; Friday, fair, cooler in west portion, variable winds.

GOT BY FRAUD.

The Late President of the Louisiana Lottery,

Left a Large Fortune and His Wife Cheated the Other Heirs.

(Special to the Star.)

CHICAGO, Sept. 11.—A special to the Tribune from New Orleans says: The grand jury has returned an indictment against Mrs. Rose Blanche Dauphin, widow of Maximilian Dauphin, formerly president of the Louisiana State lottery. Mrs. Dauphin is said to be ill in or near New Orleans. Mr. Dauphin, who was president of the Louisiana Lottery Co., died in 1891. His estate was inventoried at \$100,000, his widow and a friend being executors. There were other heirs, including Dauphin's mother. The estate was settled up, the heirs were paid their share and the widow and legatees came into possession of the rest of the property. Eleven effects of Judge Forche, who had been Mrs. Dauphin's lawyer in the probate case, an old, badly worn paper was found, giving a list of a large number of bonds which apparently formed part of the Dauphin estate, but which had figured in the inventory. Mrs. Dauphin was called on to explain. She failed to appear before a Louisiana court, but piece by piece the trouble buried for 11 years was brought to light. Dauphin had kept his money and securities in a box in his room and was a much wealthier man than many supposed. From the box his widow, it is charged, had removed and secreted \$214,000 in securities and \$40,000 in cash. In order to cover up her work she is alleged to have sold the bonds, invested and re-invested the money in new securities so that there is no trace to be found of it. She kept no bank account and frequently had \$100,000 on her person in \$1,000 bills. Judge Lazarus, counsel for the heirs, succeeded in tracing every bond through more than 12 years. The judge awarded judgment against Mrs. Dauphin for \$388,066.

CAMP SUSSEX.

Yesterday's Events and Lord Dunsford's Remarks.

SUSSEX, Sept. 10.—Camp Sussex opened today with a drowning rain, but in spite of the weather officers and non-commissioned officers turned out for drill and inspection under command of Lord Dunsford.

The 12th and 13th Brigades formed in column of sections and the brigades were separately addressed by his lordship, after which the officers were given a lecture on the different kinds of arms and field fortifications by Capt. Symonds. The non-coms. were lectured on the same subject by Capt. Uniacke, R. C. I.

Practical lessons were given in trenching in the afternoon. Lectures were given by Major Hewett on skirmishing and by Col. McLean.

The orders for tomorrow were read to the 12th Brigade by Col. J. R. Armstrong, brigade major.

Medical inspection is being rapidly carried on by Surgeon Lt.-Col. Bridges. Permanent police have been appointed to patrol the village and prevent any looting or disorderly conduct on the part of the soldiers.

Lord Dunsford in his remarks intimated that next year the whole militia force would be called out. He regretted the scarcity of drill books, but was satisfied that the officers and non-coms. of the division would assist in making this camp a camp of instruction, and that the experience here would be of benefit to the entire militia represented.

A deluge of rain prevented the day's programme from being carried out in its entirety.

COKE \$12 PER TON.

Small Foundries in Chicago Threatened With Ruin.

CHICAGO, Sept. 11.—The price of coke in Chicago has jumped up this week to the unprecedented figure of \$12 and \$13 a ton. One consequence of the advance is that small foundries are threatened with ruin, or at least, with being forced to close down until prices shall drop.

Even at this advanced price, however, all orders cannot be supplied. This is due to the same cause that explains in part the car famine that has existed for some time. Dealers say the railroads are diverting cars which otherwise would be used for coal, to the meat produce and grain traffic, which is exceedingly heavy and which pays better than hauling fuel.

BATTLESHIP AGROUND.

NEW YORK, Sept. 11.—The United States battleship Iowa, flagship of Rear Admiral Sumner, commanding the South Atlantic station, has run aground near Cape Nossa Senhora des Lesteiro on the Island of Ilhéu, cables the Herald correspondent at Rio Janeiro. The Brazilian minister of marine has ordered a warship to go to the aid of the Iowa.

THE BOER GENERALS.

AMSTERDAM, Sept. 11.—The Boer generals, Botha, DeWet and Delarey, accompanied by Messrs. Wolmarans, Wessels and Reitz, arrived here today from the Hague and were given a hearty welcome. Replying to an address, General Delarey said he and his colleagues did not come here in the character of political personages, but solely to obtain assistance for destitute Boer families.

WHERE DID YOU GET THAT HAT?

is a question that is always asked the wearer of our hats—they have the smartness and shape found only in the correct models for the fall of 1902. Besides, we let you down easy on the price.

FRED H. DUNHAM, 408 Main Street, N. E.

DETECTIVE RING'S FUNERAL.

The body of the late John Ring was brought to the city from Moncton on the Quebec express at one o'clock today. It was accompanied by Mrs. Ring and family and John Sutton, Jr., of Moncton.

The funeral, which took place from the depot shortly after the arrival of the train was very largely attended. Among the mourners were many of the police department officials, employees of the I. C. R. and others with whom Mr. Ring had been connected. The pall-bearers were chosen from among the members of Branch 134, C. M. B. A., and were Count DeBury, Aid, McGoldrick, Hon. R. J. Ritchie, Thomas Kickham, M. D. Sweeney and John Sutton, Jr., of Moncton.

The body was conveyed to the Cathedral, where the burial service was conducted by Rev. Father Cormier. Interment was in the New Catholic cemetery.

BURIALS TODAY.

The funeral of the late Lewis O. Appleby took place at two o'clock this afternoon from his father's residence, St. John street, Carleton. Services were conducted at the house by Rev. F. G. Scovill and the body was interred at Fernhill.

Bernard E. Gallagher has made a number of excellent photographs of the men and guns at Fort Dufferin. The pictures were taken on Tuesday and in spite of the fog which prevailed on that day have turned out well. The pictures are chiefly of St. John men in groups on the ground about the guns and are valuable as souvenirs of the camp.

WINDSOR, Ont., Sept. 10.—In the tobacco enquiry being held here, Lewis Wiggle of Leamington, tobacco buyer, said up to the time the trust made its influence felt in the western peninsula tobacco was worth from 2 1/2 to 4 cents a pound. Since then, on account of the operations of the trust and information disseminated by it, as to curing, etc., the quality and price greatly improved.
