

BASEBALL ATHLETICS BOWLING

GOV. TENER NAT. LEAGUE PRESIDENT

Harrisburg, Penn., Nov. 20.—Governor Tener said tonight that only a few minor details are to be arranged before his acceptance of the presidency of the National League of Baseball Clubs. He made this statement on his way to a train for Philadelphia after a four and a half hour conference with a committee of four representing the clubs of the league, and Charles H. Ebbets of the Brooklyn club stated that he regarded the matter as all settled.

Governor Tener of Harrisburg, Pennsylvania, has been assured of the votes of all the clubs by W. H. Hempstead, representing the New York club; Harry Ackerman, representing Chicago; Charles H. Ebbets, representing Brooklyn, and W. F. Baker, representing Philadelphia.

After a conference of clubs representing the league he said "We had hoped the matter would be settled, but some minor points in the negotiations remain to be considered, and the representatives here will consult with their colleagues who are not present. These matters will be taken up later."

"In case I accept the presidency of the National League I will not resign as Governor. Neither will I give my undivided time to the affairs of the league for the balance of my term as governor."

It was suggested to the governor that it looked as though he would be chosen, and he replied: "It looks that way, I do not know that the terms in detail are of any special interest. I will accept when they are all arranged."

It is understood that the governor desired to have some further communication from the club owners not here, but from all accounts all have declared that they desire to see representatives here said they considered it as closed.

The term will be for four years and the salary \$25,000, according to reports circulated, but the governor and the representatives would not make any official statement on these points. Nor would they say what are the minor points referred to by the governor.

John Kinley Tener was born in Tyrone, Pa., in 1853. He came to this country when a boy and settled in Pittsburgh, where he was educated at the public schools. His first employment was as a clerk. His health soon broke down, and upon the advice of physicians he sought outdoor employment. While working as a clerk he had earned \$5 a week pitching for local towns on Saturday afternoons, and gained considerable fame as a player.

In 1875 Tener secured his first professional engagement as first baseman of the Pittsburgh club. At that time he stood six feet three inches and weighed 200 pounds. He was released before the season was half over and joined the Baltimore club.

At his own request he was released to the Haverhill, Mass. club, where he played until the close of the season. He again secured a position with a business house in Pittsburgh, but continued to play baseball at every opportunity.

Captain Anson offered Tener a position as pitcher on the Chicago White Stockings after having chanced a stroll into a small park where Tener was pitching. After playing on the Chicago team about three years Tener returned to the world in 1883-4.

Tener gave up baseball to go into business at Charleroi, Penn. From the time he quit baseball, nearly a quarter of a century ago, until last winter, Tener dropped out of the national game and politics. His recent was made when he helped the late William H. Locke to purchase the Philadelphia National League Club from Charles P. Taft of Cincinnati.

SPRING SERIES ARRANGED.

New York, Nov. 20.—A spring exhibition series between the New York American League and the Brooklyn National League teams was arranged today. The series is to consist of five games, on April 2, 3, 4, 8 and 11, all to be played at Ebbets' field in Brooklyn as the New York Nationals exhibition arrangements call for the use of the Polo grounds by the Giants during early April.

BROOKLYN'S NEW MANAGER FORMER STAR

According to Charles H. Ebbets, president of the Brooklyn club, Robinson signed a contract yesterday morning. The contract calls for one year, but Mr. Ebbets said it would be extended indefinitely if he should turn out a winning team next season. The reason "Jake" Daubert was not chosen was that the club desired a non-playing manager. It was the united opinion of the owners that the captaincy and managership would be more than Daubert could cope with. It was feared it would affect his playing of first base, an rather than take any chance a non-playing manager was picked.

Robinson hails from Hudson, Mass., where he was born about forty-five years ago. In the old American Association Robinson shone as catcher for the Athletics. He was later with Washington, where he and his bat tery mate, "Sadie" McMahon, starred. With the three time pennant winning Baltimore club, of 1904, '05 and '06, Robinson became one of the leading figures in big league baseball. McMahon and Robinson became widely known as the "Dumpling Battery," both having a strong tendency to avoid rousing.

In 1889, when the Brooklyn and Baltimore clubs were consolidated under the eight club league arrangement, which dropped the Maryland city from the circuit, Robinson and McGraw were headed for Brooklyn. "Ned" Hanlon, manager of the Dodgers, turned McGraw and Robinson over to St. Louis club because of the large salaries attached to their services and the large supply of stars on hand.

When the American league club was established in Baltimore McGraw and Robinson were together. They have been business partners in several enterprises, and for several seasons McGraw has counted upon "Robbie" to go south with the Giants' colts for spring practice and pay special attention to the young pitchers. On several occasions Robinson has been acting manager of the Giants.

New York, Nov. 20.—Wilbert Robinson, the new manager of the Brooklyn National League team, announced his training place for next season at a luncheon attended by officers of the Brooklyn club today. The "Rockies" will start for Augusta, Georgia on February 29, and the regular on March 1. The team will remain in the southern camp until March 25 and then will work its way north playing exhibition games and arrive home on April 1.

Games will be played here with the New York and Philadelphia Americans and the Newark of the International League. It was stated that Governor Tener of Pennsylvania, who is slated to be the next president of the National League, had promised to throw out the first ball at Ebbets' field next season. Manager Robinson caught for Mr. Tener when the latter broke in as a pitcher.

Robinson said he would be on the lookout for several experienced big leaguers, one or two right-handed batters to alternate with the present left-handers in the outfield, and would follow generally the system of John J. McGraw and Ned Hanlon.

INTERNATIONAL RIFLE MEET

Nice, France, Nov. 20.—A rifle team from the United States yesterday (Utah) had a shooting contest today with the crack team of the Twenty-fourth battalion of Chasseurs and three teams from the 163rd infantry. The Americans had no difficulty in defeating the infantry teams, but the Chasseurs proved too strong, scoring twenty-three points to the Utah's sixteen.

AMERICAN WHO WON IN OXFORD MEET

England got another exhibition of American athletic supremacy in the annual freshman track and field meet held recently.

Norman S. Taber, formerly captain of the Brown University track team and one of the foremost distance runners in America, and V. B. Havens, of Rutgers College, were the athletes who showed up well in their initial performance.

VANCOUVER MAY HAVE BIG ATHLETIC MEET

Vancouver, Nov. 20.—An all-round track and field competition, open to the leading athletes in Canada, will be inaugurated in 1914 if the recommendation of the Vancouver branch of the British Columbia Amateur Athletic Union is approved by the A. A. U. of Canada at the annual meeting of the parent body in Montreal on Saturday, November 22. It is proposed to hold the first all-round test on the Pacific Coast next year, as Vancouver has two athletes, Archie McDiarmid and John Cameron, who intend going after the world's all-round title.

Rev. A. E. Vort, who will represent the B. C. A. U. at the Montreal conference next week, will leave early in the coming week. He will take up the swimming question with the governing body, and will, as announced a few days ago, make application for the national boxing championships. Montreal and Halifax will also bid for the championships this year, while it would be a dull meeting if Toronto is not in line with a similar request.

CANADIANS WON HONORS YESTERDAY

New York, Nov. 20.—Canadian exhibitors carried off the honors at the afternoon session of the horse show in the contest of pairs of jumpers going over the hurdles abreast. Sarah Moore and Billy, the entry of Captain W. T. Rodden, of Montreal, and ridden by Major D. Douglas Young and Captain W. H. Bell of the Royal Canadian Dragoons, gave a splendid performance. They took the hurdles cleanly and worked so closely together that they seemed moved by one spring. They took the blue ribbon, winning over the Sifton entry, The Wasp and Elmhurst, ridden by Jack Hamilton and Captain J. W. Sifton, after a spirited contest. The decision for third place between the Glen Riddle Farm and the French team was also close, The Virginia and Willow King winning out for the Pennsylvania exhibitor.

That Was Strange

A young minister had gone to the home of his boyhood to preach. At the close of the service one of the deacons engaged the young preacher's wife in conversation. "It was a strange coincidence," said he, "that your husband's text was the one from which his father preached his last sermon in this pulpit." "Indeed," said the lady, "that was strange." "No," she continued, brightly, "that it was not the same sermon." "Oh, no," said the deacon earnestly, "his father was a very smart man."
