

WINS MAY STRIKE AT ITALIANS

Rome Expects Great Offensive Will be Tried With Help of Attacking France from New Quarter

Rome, via Paris, March 28.—The predicted great offensive against Italy by the central powers continues to be the chief topic of discussion in military and political circles.

Field Marshal Von Hindenburg is credited with aiming at an invasion of France, across a prostrate Italy.

In this connection General Di Rosta, commander of the Montenegrin troops, serving with the Italian army, writes "A terrible and desperate attack is in preparation against our lines. Everyone foresees it and even the enemy announces it in order to intimidate us by threatening Italy with the fate of Roumania and Serbia."

Former St. John Girl Weds Blind Teacher

Miss Teresa Flynn, Graduate Nurse of Brookline, Mass., is Bride of Professor.

Boston, March 28.—The secret marriage of Miss Teresa Flynn, a graduate nurse of Brookline, and Edward A. Thompson, a blind professor of oratory, became known here yesterday. The couple were married October 10 at the Mission Church by Rev. Thos. G. Raynor.

Prof. Thompson, who has been blind for several years, first became acquainted with his bride four years ago when she was nursing his sister in Brookline. The romance culminated in their marriage last October.

To add to the mystery, Miss Flynn had been doing her regular work since October.

Mrs. Thompson comes from St. John, N. B., and is a graduate of the Worcester City Hospital Training School 113, Prof. Thompson was born in Newville, Ark.

Col. Marlow Resigns

Toronto, March 28.—The resignation of Colonel Marlow, assistant director of the medical service in military district No. 2, has been accepted.

Col. Marlow had several clashes with R. B. Bennett, M. P., at the recent sessions of the parliamentary committee enquiring into the conditions of returned soldiers.

GREAT ARMY OF RUSSIA WILL FIGHT TO FINISH

Whole Military Machine of Country Preparing to Defend Their Land From Teuton Hordes—Petrograd Calm and Confident.

Petrograd, Mar. 28.—The news that Field Marshal Von Hindenburg was planning a campaign against Petrograd, was received at the capital with surprisingly little consternation, evoking rather a spirit of calm confidence in the loyalty of the troops and the ability of the army to protect that city from the new danger.

If German calculations are based upon the supposed demoralization of the solitary or more than a transient defection of the troops at the front from their usual discipline and loyalty to their commander, these calculations are plainly in error.

Radical Sentiment

It is undeniable that during the first days following the revolution the extreme radical and socialist element aimed at taking advantage of the overthrow of the authority by sowing further discontent among the working men and soldiers. The cloudy state of mind of the peasant population

which, bewildered by the new vista of freedom and equality, and having had little experience with liberty of any sort, imagined that it meant relaxation of every kind of authority and discipline, made the propaganda of the agitators easy at first, but the prompt measures taken by the government and Duma delegations removed whatever danger lay in that direction.

Telegrams have been received from every portion of the front affirming that the army can be relied upon to do its utmost to defend the country.

Freedom from the censorship already has a salutary effect in permitting the truth to be published about the new danger from a German attack without the usual accompaniment of extravagant rumors which in the past made news more alarming than the truth itself.

The result is that, without minimizing the danger to the country, the press has accepted the declaration of the minister of war quietly and without alarm.

A sumptuous wedding breakfast was served to wedding guests at the residence of Mr. A. C. Elderkin, uncle of the bride, after which the newly wedded couple took the train for a visit to New York and other American cities.

The bride is a very popular young lady and has a host of friends as was indicated by the very large number of handsome and valuable gifts she received.

MISS ELDERKIN AND DR. BLACK WEDDED

Popular Young Lady of Parraboro and Dr. Vaughan E. Black of Moose Jaw United in Marriage.

Parraboro, N. S., Mar. 28.—A social event of more than usual interest took place in the Baptist church this morning in the marriage of Dr. Vaughan E. Black of Moose Jaw and Miss Eleanor C. Elderkin, daughter of Charles W. Elderkin of Vancouver, and formerly of Parraboro.

Black is a son of the late Dr. Black of Amherst, and is employed by the Canadian Pacific Railway. He is also enlisted for overseas service and was married in Alaska.

The bride was attended by her sister, Miss Annie Elderkin, and the groom was escorted by George Sterne of Amherst. The ceremony was performed by Rev. Z. L. Paal, and notwithstanding the early hour, the church was crowded.

A sumptuous wedding breakfast was served to wedding guests at the residence of Mr. A. C. Elderkin, uncle of the bride, after which the newly wedded couple took the train for a visit to New York and other American cities.

The bride is a very popular young lady and has a host of friends as was indicated by the very large number of handsome and valuable gifts she received.

"Mr. Consumer-- Meet Mr. Producer"

PROSPERITY invariably smiles on that city governed by the rule "Buy and Boost Home Products." The growth, prosperity and usefulness of our home industrial institutions have long been affected through lack of proper appreciation and encouragement which are so essential to their well being and expansion.

It takes capital and "nerve" to start a factory for the manufacture of any commodity. It requires work and enterprise and ability to make that commodity of a higher quality. Overcoming the prejudice all too common that the article that comes from a distance is superior is merely a matter of demonstration.

It will pay you to investigate the lines of goods that are manufactured in your home city—to familiarize yourself with their superiority and the exceptional values offered. If you will do this and in addition but realize the many advantages that will accrue to you and your city through a preference for local brands, you will surely join your neighbors and your fellow citizens in Buying and Boosting Home-Made Goods.

DEAN OF SENATE IS 80 YEARS OLD

Senator Gallinger of New Hampshire Was Born in Cornwall, Ont.

Washington, March 28.—Senator Jacob H. Gallinger of New Hampshire, the oldest member of the upper house in point of age, reached his eightieth birthday anniversary today. The congratulations of his colleagues were bestowed with more than usual heartiness, since the venerable senator is just recovering from a rather severe spell of sickness.

Senator Gallinger is a native of Cornwall, Ont. He graduated in medicine in 1858, and practiced for a number of years. Becoming active in politics, he held numerous minor public offices in New Hampshire, and finally was sent to Congress in 1885. He served two terms and made a strong impression in Washington.

He was a member of the United States senate in 1891, and is now serving his fifth consecutive term in the upper house.

FRANCE WELCOMES ENTRY OF THE U.S. INTO WAR

Jules Cambon, General Secretary of the Foreign Office at Paris, Says Improved Trade Relations will Result.

Paris, March 28.—Jules Cambon, general secretary of the foreign office, in talking with the Associated Press today referred to an effect which he considered the entry of the United States into the war would have upon its international commercial relations during and after the period of hostilities.

"The United States government, said Mr. Cambon, had never cared to enter into commercial treaties with other nations in the European sense, therefore American imports had not always received what was called "favored nation treatment." Joining the Allies, however, he declared, would naturally bring with it more intimate trade relations, which would greatly develop and become permanent in peace.

STEAM TRAWLER WRECKED. Halifax, N. S., Mar. 28.—Steam trawler Triumph, from the Banks with a trip of fresh fish for Halifax, went ashore at Lawrencetown, seven miles to the eastward of here. She struck at low tide at daylight this morning, and at noon was in a precarious position. She is only one hundred yards from shore, and the sea is carrying her farther up on the beach. At high water she failed to float. The tug Mulgrave was sent from Halifax. The Triumph is owned by the National Fish Company, Halifax, who paid \$1,900 for her to Grimsby, England, parties.

NEW SHOES WON'T HURT AFTER THIS

Cincinnati Man Tells How to Shrive Up Corns So They Lift Out

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called frosone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says frosone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce, which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heel.

NO EVIDENCE OF ILLEGAL COMBINE. Winnipeg, Mar. 28.—Having completed his investigation into the cost of living, H. A. MacDonald, public utilities commissioner, has reported to keep up prices of food supplies in Winnipeg. Prices here, he reports, are not unreasonable, when compared with prices throughout the continent, and he found no other principle than that of supply and demand fixing the cost of articles. Mr. MacDonald conducted his investigation at the request of the provincial government. He reports he considers dealing in futures a legitimate part of the grain business, so long as it is conducted by recognized members of the grain exchange, but he speaks of the harm done through speculation by the general public.

COAL PRICES REDUCED BY HALF DOLLAR

New York, March 28.—The Philadelphia and Reading Coal and Iron Company today announced a reduction of fifty cents a ton in the price of coal, to become effective on April 2. The reduction applies only to stove, egg and nut sizes.

According to custom, ten cents a ton will be added to the prices of these sizes each month until September 1. Coal dealers say they believe all the producing companies will follow the lead of the Philadelphia and Reading, notwithstanding earlier prediction that, on account of unusual conditions this spring, the customary reductions would not be made.

HEAD TAX TO GUARD AGAINST TRAITORS.

Toronto, March 28.—A meeting of Canadian railroad officials at Niagara Falls, yesterday discussed the imposition of a \$8 head tax on all passengers going into the United States from Canada after May 1.

It is understood that such action is to be taken by the federal government, the money to be refunded on the return of the passenger to Canada.

DYSPEPSIA MOST DIFFICULT TO CURE BUT B. B. B. DOES IT

Dyspepsia is one of the most difficult diseases of the stomach there is to cure.

You eat too much; drink too much; make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of time before dyspepsia follows.

That forty-year-old remedy, Burdock Blood Bitters, will cure the dyspepsia, and will cure it to stay cured as we can prove by the thousands of testimonials we receive from time to time.

Mr. Neil A. Cameron, Kiltarity, N. S., writes: I am writing you a few lines to tell you what your great medicine Burdock Blood Bitters has done for me. I was troubled very much with dyspepsia for the past two years. I was recommended all kinds of medicines, but they did not help me any. At last a friend advised me to try a bottle of B.B.B. I took four bottles and was totally cured. I will gladly recommend it to all sufferers.

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
