

THE FRENCH PRESSED BACK TO THE OISE RIVER

ALLES OBLIGED TO RETIRE BEFORE RUSH OF THE ENEMY

French Forces Fall Back To Oise and Abandon Dangerous Heights — Germans Claim To Have Captured Ten Thousand Prisoners or Total of 75,000 Since May 27 — Huns Bring Into Action 2,280,000 Men.

London, June 11—(Reuter)—The French have been pressed back to the Oise river. With the French Army in France, June 11—(By the Associated Press)—The enemy's possession of the height of Ecouvillon, below Thiescourt, enabled him to filter through the small valleys, making the position of the Allies occupying the small hillocks perilous and causing them to retire. The whole countryside hereabouts is dotted with these small hills which are called mountains, forming kind of bastions, which, when turned from one side or the other, become absolute traps for the occupants. Most of the valleys between run toward the banks of the Oise river.

Late last night the allied infantry reentered the village of Mory which had formed a protective point for the German advance through the valley.

Nearly to Ribecourt

Seeing their progress hindered on this side the Germans turned towards the other flank and nearly reached Ribecourt to the north of which place the hottest encounters occurred in the woods of Dreailla Court. The enemy will be forced to debouch on the plain near the Oise River where he will find himself without the shelter of the woods and will be subjected to a concentrated fire of allied artillery and machine guns. The Germans have found it necessary to bring forward more divisions to fill gaps in their ranks caused by the terrific allied gunfire.

Accordingly some 230 divisions have been under fire in less than three months. (Evidently the critic is counting a division as new each time it is employed in action.)

"The enemy's effort is a gigantic one, but it cannot last forever. He is now bringing into action about 190 divisions (about 2,280,000 men) the time is not far distant when all these will have reached a dangerous state of exhaustion, and this at the same moment that the young and vigorous American army, impatient for action, will have formed. Experience shows that an offensive is bound to play a self out in not more than three and a half months."

German Statement

Begin, Via London June 11—The number of prisoners taken by the Germans in the new offensive has increased by more than 10,000, making the aggregate of prisoners since May 27 about 75,000, says the German official communication issued today. The communication adds that the Germans have repulsed with heavy losses at least two violent attacks on the Oise in which region American Marines and French troops are opposed to them.

"Fighting activity, which has been moderate throughout the day revived only on both sides of the Somme. After the firing had greatly increased, the enemy attacked in the evening between the Ancre and the Somme. A local break through the enemy on the Courbe-Braye Road was brought to a standstill by a counter-attack. On the rest of the front the attack broke down with sanguinary losses."

"During the two storming days, the attack by the army of Gen. Von Hutier led to the intended results and put us in possession of the hill district northwest of Noyon. The thrust was directed against the strongest portion of the enemy who was deeply echeloned in preparation for the attack. In spite of this the French division could not withstand the impetuous shock of our troops."

French Reserves

"Divisions of the French army reserves who were brought up for centralized counter-attacks, were also repulsed yesterday in bitter fighting."

"On the right wing of the attack the troops under Gen. Von Oetinger maintained the lines which had been captured from the enemy south of Assainvillers against violent attacks."

"The troops of Gen. Von Ebern are fighting in the neighborhood of Courcelles and Mory. On both sides of the high road between Rove and Estrees St. Denis they captured the ridge east of Mory, broke through the fourth enemy position and threw him back on the Aronde River."

"In spite of the stubborn enemy defense, the troops of Gen. Von Schoeller fought their way across the Matz, and after storming the heights of Marquesselle and Vignemont, passed forward in an uninterrupted assault as far as Anteuil."

Reached Ribecourt

"In continuous fighting general Hoffmann's corps penetrated the enemy's position and entrenchments on the heights south of Thiescourt. On the slopes running south to the Oise we pressed forward as far as Ribecourt."

"The number of prisoners has increased by more than 10,000 thus raising the number of prisoners captured by the army group of the German Crown Prince since May 27 to about 75,000."

The official report from headquarters tonight says: "On the battlefield southwest of Noyon renewed French counter-attacks failed, with the heaviest losses for the enemy."

MOODY MELLISH IS DEAD IN MONCTON

Former Baseball Player Had Been in Ill Health Two Years.

Special to The Standard. Moncton, June 11.—Moody Mellish, a well known C. G. R. machinist, died this afternoon at his home on Robinson street in the 36th year of his age. The deceased had been in failing health two years. He was formerly well known as an amateur baseball player. He is survived by his wife and one son. His parents, Mr. and Mrs. Charles Mellish, also survive. Deceased was the last of a family of eight children.

ENTENTE LEADERS CONFIDENT OF CHECKING HUNS

(Continued from page 1)

Havin emerged from the Aisne battle with lighter losses than was expected, Ludendorff seems prepared to invest heavily the Oise offensive. He is hurling in fresh troops with a lavish hand. Tanks are being employed in great numbers and a tremendous weight of artillery is being rushed to the scene of the battle.

The Germans have reached the plain to the west of the Oise and are now trying to outflank Compiègne. They are menacing Clermont, Criel and Senlis, highly important railway centers. Any further advance in this direction may set Rupprecht's main army in motion and the whole line south of Arras may blaze up. When Hutier drove the French artillery off Belleplaine and debouched from Thiescourt Wood, the enemy overcame the greatest natural obstacles. The Germans are employing their own conventional tactics of pushing out the side of a salient which they have formed. This time it has been a rectangular instead of a triangular pocket.

THE GERMAN STILL PAYING HEAVY PRICE

(Continued from page 1)

side by side with the French, have several times decisively defeated the enemy, the Germans have repulsed with heavy losses attacks delivered against their front.

In one of the most ambitious operations carried out in many days, Field Marshal Haig's troops in the Amiens sector have struck the Germans a nasty blow. It was the Australians who carried out the manoeuvre and they succeeded in advancing their lines half a mile over a mile and a half front and took nearly 300 prisoners, including five officers. In addition twenty-one machine guns and a trench mortar were captured.

On the Italian front there has been no infantry fighting of importance but numerous small affairs between patrol parties continue of daily occurrence. Likewise the artilleries of both sides are keeping up mutual bombardments.

Another "peace offensive" by Germany and Austria-Hungary apparently is in the air. It is asserted that in Berlin the government and the high army command are discussing a declaration of war aims, while from Vienna comes the news that the Austro-Hungarian foreign minister in an interview has reiterated that he still adheres to the policy of peace by understanding, and that the dual monarchy seeks no annexations.

Masterful Campaign

Ludendorff has conducted a masterful campaign up-to-date. He has dealt the allies a terrific blow, he has upset many preconceived views, but he has still to win a strategic success. Ludendorff has some twenty odd fresh divisions in addition to those already employed and now ready to be used again. But time is always fighting against Germany, and if the allies can weather the next few months the course of the war will change in the Entente favor.

London, June 11.—Field Marshal Haig's report from the British front tonight says: "The number of prisoners captured by us in a successful operation carried out last night south of Morlat Court is 208, including five officers."

"There is nothing further of special interest to report."

BRIAND MAY ENTER GOVT

Paris Being Organized As An Armed Camp and Everything Being Done To Withstand A Siege.

By Arthur S. Draper.

(Special Cable to the New York Tribune and St. John Standard.)

London, June 11.—Premier Clemenceau plans some changes in his government. Former Premier Briand will probably join the cabinet soon. Naturally the Socialists are bringing pressure to bear on the premier and the political situation has become unsettled, but Clemenceau holds a tight rein.

The censor has forbidden the export from France of any publications containing advertisements for the war. Paris is being organized as an armed camp and everything is being done to withstand a siege. These developments are bound to have an effect upon the people, but the morale is remarkably good under the circumstances.

Fear that the loss of Paris would force France out of the war is disappearing. It is needless to tell Americans that speed in sending assistance counts above everything else. It is useless to think about 1919 and 1920 until 1918 is safely weathered.

HAMPTON VILLAGE MILLS ARE SHUT

Well Known Old Plant Closed and Employees Get Work Elsewhere.

The Flewelling mills and store at Hampton village have shut down, and most of the employees have obtained work elsewhere. The lime kilns at Torryburn are employing some of the men and others have gone to work making shells.

The Flewelling property was sold some time ago to St. John firm, which did not decide to operate it. The mills formerly made matches and lumber.

Miss Nellie Cripps

The deceased had contracted consumption while nursing a patient. Besides her parents here, Mr. and Mrs. John Cripps, there survive several brothers and sisters, among whom is George, a returned hero of St. John, and Mrs. D. Harquail, of Campbellton.

SACKVILLE WILL SOON ENTERTAIN GERMANS

A Number of Interned Gentlemen in Amherst To Build Several Miles of Railway Sidings.

Sackville, June 11.—The Sackville barracks are to be used to house a number of German prisoners, who are to be brought here to build several miles of new railroad sidings. Men have erected a wire fence around the main building, and placed iron bars on the windows. The Germans will, it is understood, be under military guard constantly.

Owen Sound, Ont., June 11.—Five occupants of the home of Richard Lyons, Euprasia Township, in the remote part of Grey County, lost their lives in a fire which destroyed his residence at an early hour on Saturday morning, last. The dead are Mr. Lyons, his wife, their eight year old son, Lawrence, Miss Effie Neely, a farmette, student at Markdale High School, and Aulde McLaughlin, a four year old boy from Owen Sound.

An inquest was ordered by the assistant coroner at Markdale, and a jury was empanelled, and after viewing the remains, adjourned for a week.

GENERAL ADVANCE IN NEW ENGLAND COTTON MILLS

Sixth Increase in Industry Will Be Given on Monday, Affecting 175,000 Operatives.

Boston, June 11.—A general advance in wages in New England cotton mills will be made on Monday morning, June 17. Besides the Fall River and New Bedford mills the mills of Rhode Island, Maine and the other states are daily posting notices of an advance. The J. and P. Coats, Ltd., thread mills of Central Falls, Pawtucket, Holyoke, Williamantic and other places also announce an increase.

The Goodall worsted mills and the Sanford mills of Sanford, Me., will increase the pay of 3000 operatives. The general advance will affect about 175,000 persons and will be the sixth that has been made in New England since the last outbreak. Most of the mills are busy on government orders.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphate of magnesium—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphate of magnesium which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, funny feeling that seems to follow most everything you eat. You will find that provided you take a little bisulphate of magnesium immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisulphate of magnesium cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Twenty Dollar Suits

You will find here a selection of ready for wear suits at this price which we can assure you are good values under present conditions. Indeed the present worth is considerably higher. Plain greys and mixed effects in gray and brown—ready to be finished to your measure at short notice.
