Mr. A. Dunn is visiting his daughter, Mrs. C. W. Barker, of Sheffield (N. B.)

Miss Minnie Buckley and Bessie McIntosh have gone to Bathurst to spend their vacation.

W. R. Brown, of Vancouver; John M. Brown, of Brandon (Man.), Robert Brown and Mrs. James Brown, are visiting their sister, Mrs. E. B. Buckerfield.

## STOP THAT HEADACHE

### Foolish to Suffer when a Simple Remedy will Prevent and Cure.

Ever stop to think what caused your headaches?

Probably not. Then look to the bowels and stomach and you'll find plenty of cause. Chances are you'll find constipation, liver is sluggish, stomach overburdened with half-digested food.

No wonder you are dull, tired, restless day and night.

You need the cleansing influence of Dr. Hamilton's Pills which cure your condition in short order.

Being composed of natural vegetable remedies, Dr. Hamilton's Pills possess great power, yet they are harmless. They aid all organs connected with the stomach, liver and bowels. In consequence food is properly digested, the blood is pure and nourishing, the body is kept strong and resists disease.

Headaches never known to those who use Dr. Hamilton's Pills, and this fact is vouched for by the Ass't Mgr. of the Poultry Success Magazine of Springfield, O., Mr. J. H. Callander, who writes: "No better medicine than Dr. Hamilton's Pills. We use them regularly and know of marvelous cures that resisted everything else. They cleanse the whole system, act as a tonic on the blood, enliven digestion, help the stomach, and make you feel strong and well. For headache, indigestion and stomach disorders I am confident that the one prescription is Dr. Hamilton's Pills.

You can rely on Dr. Hamilton's Pills with implicit confidence; their effect is wonderful. Sold by all dealers. Price 25c. per box, five boxes for $1.00, by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.

## HOPEWELL HILL

Hopewell Hill, July 22—The death occurred a few days ago, from spinal meningitis, of the little daughter of Mr. and Mrs. King Milton, of Hillsboro, formerly of this village. The child was four years of age, and much sympathy is expressed to the family in their bereavement.

The picnic in connection with the Methodist church, was held at the Cape Rocks on Friday, and was largely attended, over ninety being present. Teams were provided for all who wished to attend, and a very pleasant day was spent.

Percy H. Russell is ill at his home here with typhoid fever. Dr. Marven, of Hillsboro, is in attendance.

Robert E. Stewart returned home today, after enjoying a visit to Moncton and Springhill.

Miss Emily Cox, of Truro, is visiting friends in the village.

Miss Hazel Coy, of Gagetown, who has been the guest of Miss Ethel Peck for the past two weeks, left for her home this morning.

The schooner Virginian, of Parrsboro, is loading plaster here for Red Beach (Me.), for Chas. D. Shaw.

## NEWCASTLE.

Newcastle, July 23—At Douglastown, by Rev. F. C. Simpson, at the manse, on Saturday evening, two couples were united in marriage, the two young ladies having very lately come out from Sundsvall, Sweden. Charles Eric Longberg and Miss Aina Eveline Margarite Lindgren were one of the contracting couples, and the other were Erland Leonard Erlander and Miss Johanna Stadin. Both will live at Nordin, where there is a large Swedish colony.

Miss Queenie Way, of Amherst, is visiting Stationmaster and Mrs. I. B. Humphrey.

Mrs. H. C. Rice has returned from a month's visit to Moncton.

Rev. Father P. W. Dixon will leave next week for a vacation in Ireland. Tomorrow night in St. Mary's church he will be publicly presented with a purse of gold.

William Gould, who was very badly hurt by falling off a deal pile at T. Lynch's mill, Nelson, Friday, is improving slowly.

A beautiful memorial window in the new St. Stephen's church at Red Bank, to the memory of James Holmes and Catherine his wife, has been presented by Wm. Holmes, of Menominee (Mich.), who formerly lived on the North West Miramichi.

Misses Grace Henderson and McNeil, of Chatham, have returned from a pleasant visit up the North West.

Misses Vera Murray, of Chatham, and Dora McLean, of Tabisintac, are the guests of Miss Nina Simpson, of Millerton.

Mrs. C. L. Stoats and little son, Aubrey, of Boston, are visiting Mrs. Stoats' parents, Mr. and Mrs. E. Betts, Millerton.

Mrs. John A. Flett and children, of Moncton, are visiting Mr. and Mrs. J. H. Phinney.

Miss Pauline Crocker, of Millerton, is visiting relatives in St. John.

Miss Annie MacAulay went to Amherst this morning to visit her sister, Mrs. Alfred Bowser.

Mr. and Mrs. J. Bourque have gone to Moncton for a fortnight's vacation.

Mrs. T. LeCouffe has gone to Campbellton to visit her husband's relatives.

Rev. Father P. W. Dixon was last night presented with an address and a well-filled purse of gold by his congregation, just before the reverend gentleman was to leave for a holiday in Ireland.

Newcastle, July 25—The trial of Henry C. Niven on the charge of conjugal union and adultery with Minnie Hinton, began before Judge McLatchy yesterday, and ended at noon today. Allan Davidson, for the prosecution, and E. P. Williston for the defence. Mrs. Niven's testimony was in favor of her husband. The judge's charge was neutral. The jury, after being out fifteen minutes, announced a verdict of not guilty on either court. Miss Hinton was then put on trial. Her acquittal is a foregone conclusion.

## FREDERICTON

Fredericton, N. B., July 23.—On Sunday night or early Monday morning St. Ann's church was entered by some party or parties and the poor box had been pried open and its contents taken. There was every evidence that the other parts of the church had been visited, but nothing else appears to have been taken. The communion vessels in the vestry had not been touched and everything went to show that it was money that was sought. The key which opens the large door of the church is a massive and heavy one. A short time before the late Canon Roberts' death Mr. Roberts missed his key and could not find it. On Monday morning the verger found in the church yard a large key and applying it to the door lock found that it was that lock's key.

Theodore H. Brewer, a blacksmith, who has been employed putting spark arresters in the high chimney of the York and Sunbury Milling Company's new mill at Gibson, was dangerously hurt this morning. He was taking down a staging which had been erected, when he suddenly fell a distance of forty feet, landing on his head and shoulders on the roof of the boiler room and then crashing through to the boiler. No bones were broken and there were no external injuries except that his nose was broken. Brewer was later removed to his home in this city and is suffering a great deal of pain this afternoon from his spine.

Fredericton, N. B., July 24—The local government held a short session this evening, all the members being present except Commissioner LaBillois. Matters of an unimportant and routine nature were disposed of. Another meeting will be held tomorrow and it is hoped that all business will be disposed of to allow members to leave on the St. John train tomorrow evening. Tomorrow members of the government will visit the exhibition stables and inspect the government horses recently imported.

Governor Tweedie is not expected to be here to attend this meeting of the government.

Mrs. Leonard C. Kelly is dead at Stanley, aged 90 years.

The death occurred this morning at an early hour at the hotel which he kept at the corner of Westmorland and Queen streets, of Thomas G. Saunders. Deceased formerly resided at Cardigan, and is survived by his widow, one son, Joshua, of Cardigan, and two brothers, David, of this city, and James, of Woodland.

## TORBROOK

Torbrook, N. S., July 24—The Presbyterian church at Lunenburg is being renovated and enlarged.

More than 500 delegates are expected to be present at the Maritime Baptist convention, which is to meet at Wolfville in August. The attendance this year is unusually large on account of the increased number of delegates arising from the union of the Baptists with the Free Baptists.

Harvey Beals, who was arrested last week at Digby for being in the possession of the horse and carriage stolen from the barn of a Mr. Cross, of New Minas, on the 7th inst., and brought to Kentville, has been sent up for trial.

The large apple warehouse of William C. Hamilton, at Grand Pre, was struck by lightning last week. The building, which is 108 feet long, was badly shattered. The lightning ran the whole length, drawing the bolts holding the side of the building to the uprights.

The house occupied by Mrs. Gilliatt at Bear River was burned last Thursday. Mrs. Gilliatt, who is a very old lady, narrowly escaped with her life.

Counterfeit five and ten cent pieces are in circulation at Annapolis Royal. They are poorly made, and are easily detected.

At the meeting of the Maritime Board of Trade in St. John on Aug. 21, the Berwick Board of Trade will propose the subject: "The necessity of an increased railway service in that part of the Annapolis Valley west of Kentville."

The Rev. H. H. McNeil has taken charge of the Methodist church at Annapolis Royal.

The apple crop in the valley will not be as large as early reports indicated. Unless there are heavy rains soon, the crop will be below the average. On the other hand, the hay crop is considerably better than was anticipated.

F. M. Logan, B. S. A., at one time manager of the creamery at Wolfville, has been appointed provincial commissioner of live stock and dairying by the government of British Columbia.

## HARCOURT

Hartland, N. B., July 24—Addon Major, a young lad of about seventeen years of age, was arrested yesterday by Deputy-Sheriff Foster, on a warrant charging him with forgery. The boy was brought before Justice Barnett this morning, but after hearing the deposition of two witnesses, the examination was postponed until tomorrow at 2 o'clock.

George G. Milbury and Hedly V. Milbury, who operate Fleming's mill at the south end of the village, laid the information. It appears that Major worked two days for the Milburys, when he asked for his "time," which was given him in the form of an order upon James K. Fleming for $2, dated July 17. The order was written in pencil and it is alleged that the figures were raised to $18, which amount Mr. Fleming gave Major a cheque for. Later Major displayed an order bearing Milbury's name and calling for $8 from Fleming. This order Reed Chase, to accommodate him, cashed. The deponents allege that this was a forgery, pure and simple.

The Major boy, who is held in custody by the deputy-sheriff, is a son of James Major, a respectable, hard working man.

Horace R. Nixon, who lost his stock and household goods when the Henderson building was burned, last week has decided to build. He has purchased the Henderson lot, which has a forty-foot front on Main street, and runs to the river, and will at once begin the erection of a 40x60 building, two stories and a half high, with a large basement. Whether the building will be of brick, concrete or of pressed steel exterior, he has not yet decided. In the meanwhile he is having a store fitted up in the second story of McAdam's new building, which is directly opposite his old stand.

Keith & Plummer will rebuild, but are undecided what material they will employ.

H. N. Boyer has a plan for the utilization of his lot, which he is not yet ready to disclose, but on the rear portion of it will at once put up a building to accommodate the Hartland Monument Works.

Ziba Arser has bought out the building and stock of T. J. Hurley and has taken possession of the store. He will fit it up especially for the hardware trade.

George S. McLauchlan, the printer, already has a building up and enclosed, and hopes to be doing job work next week this time.

No new evidence leading to a solution of the fire mystery is forthcoming, but the matter will be thoroughly investigated. While no one can doubt that the fire was purposely set, so far no evidence has been adduced that casts a shadow on any individual affected by the fire, and while public opinion is running in one channel, there is the fair possibility that all may be entirely mistaken.

## RICHIBUCTO

Richibucto, July 22—Mrs. York King, of Providence (R. I.), with little daughter, Ruth, and baby Jean, are visiting her parents, Mr. and Mrs. R. H. Davis.

Miss Emma Brown, of Aspen, Colorado, is visiting her aunt, Miss Phinney.

Arthur Leger is home from Moncton, having injured an arm in the I. C. R. works.

Mrs. Thomas L. Black, widow of Senator Black, who has been acting as matron of the ladies' college, Halifax, for the past school year, is visiting her mother, Mrs. Robert Clark, Mill Creek.

Richibucto, July 24—Sunday morning, while two boys, Frank Keltie and Dan. McCafferty, were out pleasuring in a canvas-covered shooting boat, they suddenly became aware that the boat, which they at first thought to be only leaking a little, was in reality sinking. As they were in deep channel, opposite Loggie's wharf, the situation was serious. Fortunately both boys could swim, but the weight of their wet clothing was such a drawback that their strength was soon almost exhausted. They were rescued just in the nick of time by some men in a boat.

Miss Dickinson, of Galloway, is visiting her sister, Mrs. Rankine McKinnon.

Ernest Halstead, of Winnipeg, arrived in town yesterday to join Mrs. Halstead, who has since January been visiting her mother, Mrs. Wm. Hudson.

Rev. J. B. Ganong, field secretary for the Sunday School Association, who returned about three weeks ago from the world's convention at Rome, will be in Buctouche this evening and address a convention of the Sunday school workers in Wellington parish. He will go north next day, returning to our county Sept. 6.

## MONCTON

Moncton, N. B., July 23—Arthur MacGuire, secretary to General Traffic Manager Tiffin, has been transferred to the Montreal district freight agent's office temporarily.

Arthur Leblanc, while catching for the Victorias in the local base ball league gave this evening, had his shoulder slightly fractured in two places by being struck by a foul tip. LeBlanc was compelled to retire from behind the bat, but pluckily remained in the game to the finish, taking his place in the outfield. He will be out of the game for some time.

M. Lodge, secretary of the New Brunswick Petroleum Company, who has been in England the past six months trying to interest capitalists in the oil industry, is on his way home and is expected to arrive in a few days. F. W. Sumner, president of the company, says he knows nothing of the rumor that English capitalists are to take hold of the oil industry, and cannot say at present what is likely to be done.

The Westmorland county council met in semi-annual session at Dorchester this afternoon. Only routine business was transacted. Warden Gaudet was absent on account of illness, Councillor William Spence presiding. Bills amounting to $500 or $600 were passed.

## ST. MARTINS

St. Martins, July 24—On Tuesday evening Mr. and Mrs. W. H. Rourke entertained a number of friends at dinner.

This evening there was a large gathering of young people at the home of Isaac Melvi; while another large company assembled at the residence of Mr. and Mrs. J. Moore.

Rev. H. V. Davies, of Hamilton (N. Y.), arrived on Tuesday evening and will spend a part of his vacation here.

William Anderson, principal of the Fairville school, is visiting friends here.

On Wednesday evening a public meeting will be held in the Curling Rink, when an address of welcome will be given by Mayor A. I. Teed, and other addresses will be delivered by prominent Odd Fellows. The sessions will continue on Thursday, and at 4 o'clock the officers will be elected, and at 8 o'clock that evening the officers will be installed.

St. Stephen, N. B., July 24.—D.W. Newcombe and Percy Wetmore were in town today and have made arrangements to have the Shore line trains run into C. P. R. station here, beginning Aug. 1st. An office is being fitted up in the C. P. R. freight building and the agent will be transferred from the present offices to carry on the Shore line business, for a time, in this separate department.

John King, second officer on the Frontier steamboat Henry F. Eaton was drowned today on the daily trip from Calais to Eastport. The Eaton was carrying the Baptist Sunday school of Milltown (Me.), on their annual excursion to St. Andrews and had left the excursionists, among whom were Mr. King's wife and two children, at St. Andrews and was on her way to Eastport, when off Clam Cove Head, Deer Island, a cry was heard and Mr. King was seen struggling in the water.

No one had seen him fall over-board. The steamer was stopped and a boat put out, but as he could not swim, he sank for the last time before help reached him. Mr. King lived in Milltown (N. B.) and had been in the employ of the company for about three years. He leaves his wife and two small children. The body has since been found.

Pending arrangements between the parties interested the question of the settlement of the Henry S. Parlee estate case has been adjourned for three months.

## ROTHESAY.

Rothesay, July 24.—A gentleman from Kingston had a suggestion to make a few days ago, when enlarging upon the attractiveness of that place, which, perhaps, is worth attention. He said that during the most inviting season of the year the magnificent school building erected by Sir William Macdonald is unoccupied. "Why could it not be used," he said, "as a government manual training school. Kingston with its splendid situation, cool, breezy climate would be a far better place to instruct teachers in manual training than Fredericton, where it is insufferably hot in the summer time. The equipment of the Kingston school is splendid and in fact the oportunity presented is too good to be overlooked."

There is much truth in the words of this Kingston boomer and it may be Mr. Kidner, the director of manual training for this province, will look into the matter. Of course such a departure could not be made until next summer and then with frequent and quick connection with the trains with the aid of the new steamship and ferry service Kingston will be very convenient to reach.

There is likely to be an interesting meeting in the village school house next Monday evening when the trustees will ask for instructions and authority to build an addition to the present school building. The plans of Architect Brodie are ready and tenders are invited for the work. The figures of the tenderers will be ready for submission to the meeting.

It is not unlikely that the question of sewerage for the village of Rothesay will become a live question in the near future. Such an improvement will have the ardent support of Capt. Calhoun, who has plenty of reasons to urge that the people give the matter serious consideration.

There is to be a concert in St. Paul's Sunday school room Thursday evening in aid of the Natural History Society of St. John. The Mamuwa Club, assisted by local and other talent, will give the concert.

The bridge at Menan's Cove has been repaired so that teams can cross. The chief superintendent has instructed that permanent repairs be made.

James Seaton is spending a few days, the guest of his son, A. Seaton, at Fairleigh.

Herbert Fairweather has passed the examination qualifying him for a position as telegrapher and station agent upon the I. C. R.

Langton Gilbert, resident master for some time at the grammar school in Berthier-en-Haut in Quebec, is coming to Rothesay College for Boys as one of its masters. He comes with high recommendations from the head master of the school who has much to say in his favor as a teacher and disciplinarian.

## FAIRFIELD

Fairfield, St. John county, July 23—Mrs. O. L. Haney and little daughter Helen, who have been visiting relatives here, have returned to their home at Deer Island.

Miss Kathleen McPartland spent last week very pleasantly with friends in St. Martins.

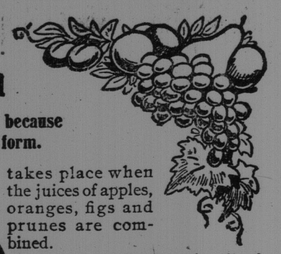
## Fruit Cures Constipation



**"Fruit-a-tives" cure Constipation because they are Fruit Juices in Tablet form.**

Constipation means a disordered liver. When the liver is weak, bile is lacking. And it is the bile—which the liver excretes—that flows into the intestine and moves the bowels.

Fruit is the great liver tonic. It invigorates the liver and causes more bile to flow into the bowels.

Purgatives, powders and purging mineral waters, never reach the liver. They irritate the bowels and FORCE them to move. They generally do harm. They NEVER do any PERMANENT good.

"Fruit-a-tives" are fruit juices—in which the medicinal action is many times intensified by the wonderful change which takes place when the juices of apples, oranges, figs and prunes are combined.

*"Fruit-a-tives" have already proved a cure to many thousands of people in Canada.*

"Fruit-a-tives" are free from calomel, cascara, senna and other bowel irritants. They are *concentrated fruit juices* with valuable tonics and internal antiseptics added.

"Fruit-a-tives" move the bowels regularly and easily every day — and thus cure Constipation.

50c. a box—6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

## SHORTER SPAN ACROSS THE FALLS

### Hon. C. H. LaBillois Speaks of the Proposed New Bridge--Work in Other Parts of Province.

In reply to a question as to new bridge work in the province Hon. C. H. LaBillois, chief commissioner, who arrived here Wednesday, said the plans following the survey of the St. John Suspension bridge by Professor Perrott, had been received by A. R. Wetmore, the provincial engineer, and he understood it was probable the new bridge would be shorter than was expected The next step to be taken would be to secure the best expert obtainable to decide on the style of bridge to be erected.

The contract for the superstructure of the two steel spans of the Fredericton bridge Mr. LaBillois mentioned would be awarded at the meeting of the government today. Only two tenders had been received. It was a condition of the contract that the work should be completed by April 1 next so that there might be no inconvenience to traffic. The spans were 250 each in length and together would weigh 500,000 pounds. To complete the bridge would take another 1,500,000 pounds of steel.

On his way to St. John Mr. LaBillois said he had inspected work on the Hall's Creek bridge in Moncton with the engineer. The Dominion Bridge Company, of Montreal, who were erecting the steel superstructure, expected to complete the contract in six or eight weeks.

In company with William Currie, M. P. P., and Angus McLeod, the building inspector, he had recently made a final inspection of the Jacquet River bridge which which had been rebuilt and the approaches much improved. He considered it a credit to the contractors.

Mr. LaBillois referred to a new departure made by the department in building culverts. As an experiment, he said, 150 culverts of terra cotta double strength had been put in this year. They were reported by the officials to have great advantages over the old fashioned wooden drains and if the pipe was found to be safe against frost a large number of culverts of the same type would be placed next year. The pipe, Mr. LaBillois added, was procured from the Standard Drain Pipe Company of Nova Scotia and had been satisfactorily used in other provinces.

Referring to recent contracts awarded Mr. LaBillois said the rebuilding of the Salmon River bridge, Sussex, had been awarded to W. R. Fawcett of Temperance Vale, York county, the price being in the vicinity of $3,600. The contract for the Hillsdale bridge, Kings county, had been secured by G. A. Appleby at about $2,000.

Mr. LaBillois will leave for Fredericton this morning to attend the meeting of the government.

## VAST AREA OF TAR SANDS IN ATHABASKA

### Dr. Bell Says There Are 1,350 Square Miles and of Great Value.

Toronto, July 24.—One of Canada's many resources of which little has been heard, "Tar Sands of Athabaska," formed the subject of a paper by Dr. Robt. Bell, of Ottawa, before the American Institute of Mining Engineers today. Dr. Bell did not know that in any other part of the world was there so great an accumulation of tar sand, due to the out-pouring of petroleum, as in the valley of Athabaska. He estimated that the sands covered 1,350 square miles and had a depth of 135 feet. There would be altogether about 11,000,000 tons of tar substance, apart from the sand. He considered the sand would be good material for the manufacture of oil and for that purpose the resources were practically illimitable. He also thought they had in these sands a very valuable deposit which could be used for fuel, paving or roofing. When a railway was built, which he thought would not be long from now, the manufacture of oil would be greatly facilitated.

## JAILED FOR TRAMPLING ON AMERICAN FLAG

Marquette, Mich., July 24—Following his conviction for tearing down a United States flag and then trampling upon it, James Grant, a British subject was brought here today to serve thirty days in jail. He was also fined $10.

Peter Carnegie, of Painsville (O.), is in a dilemma. He built a boat in the cellar of his house, but when it was completed he found he could not get it out of the cellar. Now he is thinking seriously of tearing his house down to get the boat out.

## GHASTLY FIND IN THE WATER AT MONTREAL

### Body of Unknown Man Floating With Throat Cut from Ear to Ear.

Montreal, July 23—Cut open within an inch of both ears, the gaping throat of a man, whose body was found floating down the river near Point Aux Trembles at 11 o'clock this forenoon, presents another case of either suicide or crime.

This ghastly discovery was made by Joseph Giroux of Point Aux Trembles while rowing in the river engaged in picking up pieces of wood floating on the water. While just opposite the Point Aux Trembles power house of the Montreal terminal railway, Giroux noticed the body floating slowly down the river with face upward. Within a few yards of the corpse rowing up to it, he was first attracted by clots of blood on the dead man's face, and on lifting the body partially out of the water he saw that the throat had been slashed open. The wound was deep and almost seven inches long.

Floating near the corpse several yards away were a straw hat and an empty razor case which might point to suicide or to murder. The identity of the man is unknown.

## NEWFOUNDLANDERS GETTING ANXIOUS

### Fear American Fishing Vessels Will Secure Crews at Gloucester This Year.

St. John's, Nfld., July 23—Serious apprehension exists among local fishermen over the prospect that the American herring vessels may come to Newfoundland waters with full crews next fall, instead of taking on men after arrival here. About 800 local fishermen were employed last season aboard the American boats, and it is estimated that they earned a total of $100,000. Non-employment this year, the fishermen say, would be disastrous, and some of the residents of Bay of Islands will go to Gloucester (Mass.) to join the American vessels there.

## GOT CHURCH'S DECREE, NOW ASKS COURT'S

### Montreal Man Seeks the Annulment of His Marriage Because Protestant Performed Ceremony.

Montreal, July 23—An action to annul his marriage with Asaunta Bartoletti was entered in the supreme court today by Wilfrid Lanctot, a clerk, who alleges that he and the defendant, who is not now living with him, were both Roman Catholics when they were married by a Protestant minister, in 1899, and the marriage was therefore null and void

He further alleges that he has secured the proper decree of nullity from the Catholic church authorities, and now asks the sanction of the court.

## JAPAN CLINCHES HER GRIP ON KOREA

Tokio, July 24—Advices dated Seoul say that a new convention between Japan and Korea has been concluded.

The text of the convention has not yet been made public, but is reported to consist of seven articles.

Its main feature is that it invests the resident general with complete control of the internal administration of Korea and appoints Japanese officers of the Korean government.

It is reported that easy compliance of the Korean government with Japan's demands was due to the fact that the terms were much easier than were apprehended.

The removal of the deposed emperor to Tokio was not included in the demands.

George Dunham, of New Bedford, believes himself to be the youngest commissioned officer who fought in a Massachusetts regiment in the civil war. He was a second lieutenant at seventeen, and a first lieutenant at eighteen.

**Killed by Blood Poisoning**

Used an old razor for shaving his corns; foolish because a 25 cent bottle of Putnam's Corn Extractor will cure all the corns in the family for a year. Safe, because purely vegetable. Use only Putnam's.

## ASSERTS SOUL IS MATERIAL

### It Can Be Weighed

A Boston man says the Soul can be weighed. He knows this because he has tested a lot of cases before and after death.

The weight this investigator gives for an average human soul is two ounces.

This is the sort of fool science that some men give us. It is more to the point to tell us how to maintain a healthy body—how to get well if sick, and how to be able to do good work and keep everlastingly at it.

Poor health is the result of poor blood. If you let your blood get pale and thin, then all the organs of the body are sure to get weak.

Ferrozone is the remedy.

Ferrozone is the quickest, surest body and blood builder; thousands have been restored from failing health or complete nervous prostration by Ferrozone, which builds up tired nerves and helps you to get sound, refreshing sleep every night.

Ferrozone gives an appetite as sharp as a razor. There is lots of pleasure eating when you take Ferrozone.

Rosy color comes back to your pale cheeks and plenty of strength with it because Ferrozone is the greatest body builder ever discovered.

For a tonic to lift tiredness, weakness and ill health, you can't find the equal of Ferrozone. Get a 50c. box from any dealer and see if this is not so.
