**To Commemorate
Colored Soldiers**

New York, March 12—The Board of Directors of the National Association for the Advancement of Colored People, at its meeting this week, endorsed the Bill introduced in Congress by Representative Hamilton Fish of New York, providing for a monument costing \$30,000 to be erected in commemoration of the valiant service in France of three American regiments composed of colored soldiers. The Regiments whose bravery is thus to be commemorated are the 369th, the 371st, and the 72nd, all three of which were attached to the Fourth French Army.

"The Bill," writes Representative Fish in a letter to the N.A.A.C.P., "is practically the same as the one which was favorably reported out of the Foreign Affairs Committee of the House last year. . . . I believe it would be effective if you would ask your readers to write to every Congressman no matter what district they represent in behalf of the tardy recognition of the colored people."

In the favorable report of the Bill by the Committee on Foreign Affairs of the House of Representatives, it is stated: "Three of these regiments had their colors decorated with the French War Cross for gallantry on the field of battle." The regiments, together with the 80th had killed and wounded amounting to 40 per cent. of their men. The four regiments received more than 400 individual decorations for extraordinary heroism under fire, officially proving the gallant conduct of Negro troops in modern warfare. The report further states:

"These colored soldiers belonging to these combat units demonstrated that if properly trained, equipped and led that they will equal the best soldiers in any army in the world for bravery and fighting qualities. They endured all the hardships without a murmur, slept in the cold and rain, and faced death from high explosives, shrapnel, gas, and machine guns with the same fortitude, loyalty and courage as the other American divisions. These colored regiments were known to the French as 'les Joyeux' or the happy ones, as they carried out orders without grumbling and always made the best of the conditions with which they had to contend."

"There were over 400,000 Negro soldiers in the United States Army by the armistice and about 40,000 on the battle line. The erection of the proposed monument would be a wonderful inspiration not only to these 400,000 colored soldiers but to the entire Negro race in America, amounting to 12,000,000 people, who contributed their blood and their treasures to help win the war. It would be a constant source of inspiration for future service to their country both in times of peace and war. Such a monument would not only teach loyalty and patriotism but would carry a message to the Negro race that there is no discrimination for the soldier who wears the United States uniform and is willing and glad to lay down his life for his country; for the life of a colored soldier is just as dear to his mother, his wife, or his family as that of any other soldier

that was ever born. The record of these Negro infantry regiments entitles them to the grateful recognition of a grateful republic."

High Negro Official Resigns

Pine Bluff, Ark., Feb. 11—By the A.N.P.)—Much whispering is being done here as a result of the resignation this week of United States Commissioner A. L. Burnett, perhaps the only Negro in America holding such a position. The newspapers stated that Burnett had resigned as a result of criticisms made because of his mishandling of cases, but there are others who make no secret of the fact that, since the prohibition law became effective, the work of Burnett's office increased to such an extent that there has been a steady pressure by whites to make him get out. Most of the dry law violators who came before him were white. He was made United States Commissioner in 1895. It is understood that he is to continue in his practice of law.

OWEN SOUND

The revival meetings are still going on in Owen Sound. The cottage prayer meetings are being kept up with good attendance. The Christian people are being blessed spiritually. On Sunday morning there was a good turn-out. At the morning meeting the pastor, Rev. E. A. Richardson conducted the service, taking for his text Thessalonians ch. 5, ver. 19, "Quench not the Spirit." He said that Christians should not withhold their emotional feeling but shout aloud when the spirit of God moved them—to make a joyful noise unto the God who had done so much for us. Everybody present was filled and running over with the Holy Spirit.

At 3 o'clock the Sunday School was conducted by the supt. Thomas Green. There were about 20 scholars present. School opened with the Easter Corrolds which the scholars are preparing for Easter Sunday under the direction of the chief Sup., Rev. E. A. Richardson. The evening service was very well attended, there being about 40 present. The Pastor took as his subject, "Be of good cheer, it is I, be not afraid." The speaker said that Christians should be cheerful and not grouchy, they should be joyful under all conditions of life and always face obstacles with a smile and not with a frown, always be patient and cheerful. His message was well received by the congregation, which was largely made up of the young people of the city.

The Stewardesses Society of the B.M.E. Church is holding a St. Patrick social at the home of Mr. and Mrs. Norman Green. On 8th Avenue East on Wednesday, March 17th. Mrs. A. Harrison is convener, assisted by other members of the Society. A good time is expected on St. Pats' night.

Mr. Burt Green of Montreal, Que., son of Mr. and Mrs. Thos. Green, of Owen Sound, is the father of a fine baby boy. His name is Norman. This makes 39 grand children to the Mr. and Mrs. Thos. Green family.

Mrs. J. White is indisposed at this writing. She was out to church on Sunday morning and could hardly walk home again. Pray for her.
