**THE PREMIER COMPANY
THE PREMIER GOODS**

**WINNER OF GOLD MEDAL
AT WINNIPEG**

MADE IN CANADA

Sawyer-Massey Gas Tractor, 25-45 H.P.

INVESTIGATE NOW

A tractor isn't a thing to be bought hastily, it is an investment covering a long period of years and should be thoroughly investigated. Now is the time to do this investigating while work outside is slack and there is plenty of time to go into it thoroughly.

Write for our big new illustrated Gas Tractor, Steam Tractor and Thresher Catalogues, and learn the full particulars of these machines before spring comes and you are ready to start work. There are Sawyer-Massey machines for every farm, every man, and they will insure a practical and proven success.

Write for these Catalogues now, and put the winter evenings to use learning about them.
