

COUNTRY NOTES AND PRICES

PRINCE EDWARD ISLAND

Spring is quite late here, May 4th and no work done on the land, and no prospect of any for, at least, a week yet. John Richards, of Hazelton, Prince County, one of our foremost stock men, has exported to Belleville, Ontario, nine young Aberdeen Angus bulls for breeding purposes. He has just arrived home from an extended visit to Ontario, where, we understand, he has selected a number of Shorthorn of the milking strain to add to his herd.

100,000 bushels of seed oats were shipped to the northwest for seed by one firm on Prince Edward Island, and they all passed

ABSORBINE

WINDSOR, P.O. F., 123 Broad St., Springfield, Mass. Canadian Agents LYMAN WOOD & CO., Montreal.

FOR SALE—VETERINARY

TWO CENTS A WORD

READ BY 15,000 PEOPLE WEEKLY

THIS DEPARTMENT is one of the most valuable in the paper. At a cost of only Two cents a word, you can advertise anything you wish to buy or sell, or situations wanted or vacant.

THE ADDRESS must be compiled as part of the advertisement, and each initial or a number counts as one word. Minimum cost 25 cents each insertion. Write letters to be put in a box at our Office, 10 cents extra is charged to pay postage on replies to be sent to advertiser. Cash must accompany each ad.

COPY must be received Friday to guarantee insertion in issue of the following week. NO BLACK-FACED TYPE or display of any kind will be allowed under this head, thus making a small advertisement as noticeable as a large one.

TOBACCO HABIT CURED—Dr. McTeargart, 75 Yonge St., Toronto. D-513

inspection. G. H. Clark, of the Seed Department, Ottawa, says they were by far the best lot of oats forwarded to the west for seed. Clover has come through the winter well in the Island, and farmers are rejoicing over the prospect of a good crop of hay. Beef there is worth 50; live weight hogs, 17c; seed oats, 50c; shipping oats, 46c; eggs, 15c a doz.; horses from \$120 to \$200.

KING'S COUNTY, NOVA SCOTIA

Eggs have risen to 15c. There is a brisk demand for young pigs which are being shipped to the fisher folks on the coast. Wheat, oats, peas, parsnips and carrots have been sown in the valley, but as yet the heavy land on the mountains is hardly fit to work.

Farmers are busy grading, plowing, repairing fences and setting out new orchards. In spite of the disappointing prices of apples, which latterly have barely paid expenses, there is a good call for trees of the Stark, Blenheim and Duchess varieties.

Lambs, goats and chickens have died their appearance, but the cold weather was detrimental to the life in the eggs which have been hatching more slowly than usual—Dunlop Weekly.

HASTINGS COUNTY

Belleville.—The weather was very favorable for seeding up the 20th last month, when we had a very nasty storm of sleet and rain. Some farmers are nearly through while some have hardly started. It is likely that next week will see the completion of seeding operations. Hay, \$17 to \$22 a ton; bran, \$23; corn, \$24; timothy, \$12 a ton; barley, 50c to 60c; wheat, 50c; peas, 90c; buckwheat, 70c to 75c; apples, \$3 a bush; potatoes, 90c to \$1 a bag for large ones, free from rot; smaller ones, 75c to 80c; maple syrup, 30c a qt.; butter, 25c to 30c a lb.; eggs, 17c to 18c; alkali clover, \$14 a bu.; red, \$15; alfalfa, \$13; timothy seed, \$12.50.

PRINCE EDWARD COUNTY

Rose Hall.—Pastures are backward. Fall grain and clover have come through the winter in fine condition. Weather has been cold and backward but little growth for this time of the year. Cattle are a little thin due to the amount of the scarcity of feed. Some farmers have turned part of their stock out to grass. Seeding is very backward owing to the cold wet week. Hogs, 5c a lb. d.w.; milk cows, \$40 to \$50 each; steers, 4c; export, 5c; butchers, 5c; fresh eggs, 17c a doz.; cranberry butter, 32c; hay, timothy, \$13 a ton; clover, 15c; loose straw, \$4 a load; bran, \$22 a ton; oats, 55c a bu.; barley, 65c; corn, 70c; peas, 80c.—G. M.

WENTWORTH COUNTY

Hamilton.—There is no pasture yet but the grass is coming on fast. Fall wheat and clover has come through in good condition on the light lands. A good deal of rain has fallen, delaying the seeding, but farmers are getting along pretty well with the work. Hogs, 5c a lb. d.w.; mutton, 10c to 11c; beef, 8c to 9c; potatoes, 6c a bu.; turnips, 25c; milk cows, \$35 to \$40; butchers' cattle, 4c to 5c; lamb, 6c to 7c; hogs, 3c to 3c.25c a cw.; fresh eggs, 15c to 18c a doz.; cranberry butter, 32c a lb.; dairy butter, 30c to 32c; colored cheese, 17c to 20c; hay, timothy, \$15 to \$18 a ton; clover, \$14; loose straw, \$10; bran, \$22; middlings, \$22; oil cake, \$25; peas, \$20 to 25c a bu.; barley, 58c to 60c; peas, 80c to 85c.—I. B.

GOSSIP

We would call attention to the advertisement in this week's issue of the dispersion sale of 45 head of Scotch Shorthorn, the property of A. D. McCuan, Rodroy, Ont. The cattle are of the most popular Scotch families: Marr, Ross, Lady, Misses, Miss Ramdens and Urgan. Glasgow Stock Farm has long enjoyed the reputation of breeding Shorthorn of the right kind—the easy-fleshing, early-maturing sort. Anyone contemplating the purchase of Shorthorn should attend this sale.

The foundation stock in this herd were selected from the very best families, with regard to cost, and none but the very best sires have been used. The young stock are all male and are a most attractive lot, and besides the fifteen right good cows, there are eight buffers in calf that would be hard to duplicate anywhere. There are also, even very choice young bull, beside the great herd bull Nonpareil Count 5215. That the present

is an opportune time to invest in good Shorthorns is the opinion of all who have a practical knowledge of the cattle trade, and at only very moderate prices are likely to rule at the Glasgow sale, no one can make a mistake in investing in the richly-bred, even-fleshed, deep-milking Scotch sires which will go under the hammer on May 20th.

FAIRVIEW FARM

Fairview Farm is situated a few miles east of Toronto, on the Kingston Road. It is very conveniently located, as the Kingston Road electric cars pass the door every hour. Upon this fine farm, Henry A. Mason has established a herd of large English Berkshires, that are reproducing A1 stuff. The stock books are Emperor, Imp. sire, Oxford Emperor, dam, Damsel Queen, by the great Baron Kitchener. Among the breeding sires are Elmhurst Compton Dawn, imported by Duchess of Devonshire, a grand daughter of Baron Kitchener, Durham's Baby Girl, imp., a daughter of Kingston Pansy, imp., and a half-sister of British Sovereign, a silver medal winner at Toronto.

Mr. Mason is a most exacting breeder, who can be relied upon to so pick out his stock that nothing will be shipped on order that is not strictly up to the standard. We believe there never was a better opportunity to commence a herd of pure bred Shorthorn than this one. The demand will, undoubtedly, be kept before many months pass by. See Mr. Mason's advt. in this issue.

JOHN ELLESTON & SON

Springhurst Stock Farm, the splendid home of John Ellerton & Son is located, a short distance from Hornby station, on the Kingston Road, 12 miles from the thriving town of Milton. These gentlemen have laid a foundation in Shorthorn, Oxford sheep and Berkshire swine. The bull in use in this herd is by the great show bull, Joy of Morning, son of the best of sires, H. Polin. This herd's foundation is of no mean breeding. Lord Souvenir heads the herd of Berkshires, he is by Lord Don dr, imp. in demand, whose dam, Poigant Don, was the first prize winner in England, also winner of the same honors at Toronto as a yearling. Among the brood sows we noticed Kingston Pansy, imp. dam of British Sovereign, who won first prize and silver medal at the Canadian National Exhibition, Toronto. Willow Lodge Pedregosa, another good length sow in the herd, was also a winner at Toronto, London and Ottawa exhibitions and is breeding the right kind of stuff.

Mr. Ellerton has three young sows in pig, due to arrive early in June and several others to farrow later. All are from high class imp. boars, and three of these are half-sisters to the champion silver medal boar, "British Sovereign," being from imp. "Kingston Pansy." They are in pig to our stock boar, "Lord Souvenir." This stock is for sale at reasonable prices.

The use of Check Wheel Pumps is becoming more popular among the dairymen of Canada. Perhaps the greatest factor in the increase in the use of a device of this nature has been the perfecting of the Danby Pump works. Last season these pumps were in constant use in some of the largest factories in this country, and this season reports from thousands of users are very gratifying, giving entire satisfaction. This year the pumps have been greatly improved by the use of brass linings, which makes them superior to all others ever offered to the trade.
