**Holder Top Shaving Stick**

The newest form of the famous Williams' Shaving Stick. The stick is fastened firmly in the nickeled cap, which, when not in use, forms the top of the nickeled box in which the stick is "carried." When in use, this "Holder Top" makes it possible to grasp the stick firmly until the last fraction is used. And the fingers need never come in contact with the soap.

The familiar hinged-cover nickeled box

The "Holder Top" Stick furnishes the same delightfully soothing and refreshing lather that has given Williams' Shaving Stick in the familiar Hinged-Cover, Nickeled Box its world-wide reputation.

You can use WILLIAMS' SHAVING SOAP in several ways---as a Stick in the hinged-cover, nickeled box; as a Powder in the hinged-cover, nickeled box with perforated, sifting top, and as a Stick in the Patented Holder Top Box. Choose the form that seems most convenient to you; the quality of the soap is the same.
