HURRICANES WIN 33-0 OVER HORNETS

By F/O. Jim Matthews

In their game against the St. Thomas Hornets in London last Saturday Camp Borden Hurricanes came through with a decisive 33-0 victory. This sudden change of form from their previous showing the week before against Navy was largely due to the presence in their ranks of LAC Bobby Porter, former quarterback with Balmy Beach.

Porter, Jake Gaudaur, Doug Pzyer and Fred Kijek combined to form an experienced nucleus around which the rest of the team really began to click. There was little comparison between the team that was out there punching all the way last Saturday and the disorganized group that took such a shellacking from Navy.

The victory was a rather costly one, however, since the club has lost the services of F/O Ted Grand and F/Lt. Jack Brown, due to both of these lads suffering fractured legs. It is an unfortunate break for them and the club, since they were both beginning to show real form and their presence in the lineup will be missed.

A few new stars began to ascend in the persons of "Red" Murray, Joe Phelan, Frank "Georgia" Harbin, "Rusty" Greenslade, and "Pic" Picard. All these lads turned in highly creditable performances and they will be heard from again next Monday in the Thanksgiving game with Hagersville Bombers at Varsity Stadium, Toronto.

It's a long way to the championship yet, but if the team continues to work and improve at its present rate then it should be one of the two that will line up to play off for the Ontario ~~Service~~ Football League Pennant next month.
