S. C. YOUNG,                      PORT WILLIAM, ONTARIO.

November 22, 1909.

Dear Sir:

I am in receipt of your favor of the 18th inst. asking for information re the Industrial Disputes Act of Canada. As this matter is one of far reaching importance it will be necessary for me to make careful study of the Bill before venturing an opinion. There are many features of the Bill I like and there are some I think could be improved upon; I am in a position to look at this matter in an unbiased light having served in my early days for 17 years with a Railway Company and later have had to do with a number of disputes as Arbitrator. You can therefore rely upon my opinion being based on an equitable arrangement between the Employer and Labor. As soon as I can find time to get the matter in shape I will communicate with you again.

Yours very truly,

W. L. Mackenzie King Papers
